Couldn't Draw a Crowd.

The great hypnotist was given a "lemon" two nights. Friday at 9.30 a. m. Sevengala hypnotized a man who travels with him and the fellow began playing a piano at McEntire's drug store and continued, without a minute's pause, to play the piano until 7.30 p. m., ten hours. There was a large crowd in front of the store in the evening to see Sevengala bring the man from under the effects of his hypnotic power, but the crowd did not desire to see Sevengala perform any wonderful feats at the Park Theatre.

Basket Ball Notes.
There was a large delegation of Falls Creek "rooters" down Monday evening to witness the game of basket ball between the Falls Creek and Westville teams. The Klaki Independents had a warm game of basket ball with the Reynoldsville Athletics at Park theatre Monday evening, losing to the home team 20 to 16. The first half was very close and honors about even, but in the second half Reynoldsville held a comfortable lead throughout. There was an unusually large crowd present, filling the gallery on two sides and rear, the space under the gallery and two or three rows of seats on the stage. The best of order prevailed.
"Uncle Josh Spruceby."
Recognizing the tendency of the times to cheapen prices for sensible, healthy amusements, the managers of the "Uncle Josh Spruceby" company, which appears at Park Theatre on Thursday, March 29th, have decided to appear this season at popular prices, 25, 35 and 50 cents. The wisdom of this move appears to have been justified by the packed houses that greet the company everywhere. The play is an enjoyable New England comedy-drama and for the past seven years has appeared only at regular prices all over the country. Special scenery, the great saw mill scene, the big operatic orchestra and a first-class company are still carried and no attempt has been made to cheapen the attraction on account of playing at popular prices.

Miners' District Convention.
The eighteenth annual convention of District No. 2 of the United Mine Workers of America, which embraces nine sub-districts and represents about 40,000 miners, met in the Avenue Theatre at DuBois last Thursday forenoon. A large number of delegates, national, district and sub-district officers have been attending the convention. The counties embraced in District No. 2 are: Tioga, Cumberland, Indiana, Armstrong, Clarion, Jefferson, Elk, Clearfield, Clinton, Cameron, Lycoming, and parts of Somerset, Westmoreland, and Huntingdon.
In Secretary Richard Gilbert's annual report to the convention on Thursday he stated that the total receipts for the year were \$363,518.40 and the total expenditures \$359,901.60. The donations on account of strikes totaled \$340,596.34.
Among the resolutions that have been adopted by the convention is the following:
We, the officers and delegates of District No. 2, U. M. W. A., in convention assembled do hereby urge the members of the House of Representatives and Senate to work and vote for the repeal of the acts known as the state constabulary and trespass laws. They are un-American and in enforcement of the laws, as shown to us during our recent trouble, each act committed by the body of men, revealed this truth with increasing clearness—that the purpose of their creation was to destroy if possible all the avenues of escape from the lower conditions and to increase the intensity of labor struggles in every attempt to obtain any higher plane of civilization and manhood.
At Saturday's session it was recommended that local unions select committees to consult the school boards to open night schools in all mining towns and lengthen the term of day school to ten months.
President John Mitchell will attend the convention to-day.
The first session of the joint conference of operators and miners scale committees was held Monday afternoon. About twenty operators were present Monday.
Democrats Adopt New Rules.
At the last Democratic county convention a committee of five, Lawyer G. M. McDonald, of Reynoldsville, County Commissioner E. T. McGaw and Editor John McMurray, of Brookville, G. C. Brown, of Punxsutawney, and W. H. Himes, of Cool Spring, was elected to formulate new rules for the government of the Democratic party in Jefferson county, and the county committee was authorized to adopt the new rules if satisfactory to the committeemen. A meeting of the committee on new rules and the county committee was held in Punxsutawney last Friday and the new rules formulated were, with a very few changes, adopted by the county committee.
About the only important features of the new rules over the old rules is that candidates for borough or township offices must be nominated by caucus. Before they were nominated by caucus or primary election. Another change is that the minority party will only nominate one candidate when there are three to be elected. county commissioners for instance. Under the old rules two candidates were nominated.
