## GROOMING COUNTS

But it cannot make a Fair Skin or a Glossy Coat.

Women with good complexions cannot be homely. Creams, lotions, washes and powders cannot make a fair skin. Every horseman knows that the satin coat of his thoroughbred comes from the animal's "all-right" condition. Let the horse get "off his feed" and his coat turns dull. Caring, brushing and rubbing will give him a clean coat, but cannot produce the coveted smoothness and gloss of the horse's skin, which is his completion. The Ladies will see the point.

## Lane's Family Medicine

Is the best preparation for ladies who desire a laxative medicine that will give the body perfect cleanliness naturally and the whole complexion will produce such skin as painters have to envy.

### Good Health in the Home

depends largely on its sanitary equipment. You should be exceedingly careful to have the bathroom as thoroughly modern as it is possible to make it. Of course, the plumbing of the kitchen and laundry should have similar attention.

There is one important thought for you to consider, namely: good plumbing always costs a little more at first, but is always cheapest in the end.

We can solve the plumbing question for you by having our skilled plumbers install "Standard" Porcelain Enamelled Plumbing Fixtures. A "Standard" Modern Bathroom will add a wealth of health to your home and increase its selling value as well.

Call and secure copies of the booklets "Modern Home Plumbing" and "Modern Lavatories." They will be of service to you.
