

## REYNOLDSVILLE MAN SECURES A VALUABLE PATENT.

E. A. Reitz & Co. Open an Office in this Place and a Profitable Industry will be Located in the Town.

In October, 1906, the United States patent office issued to E. A. Reitz, of Reynoldsville, a patent on a new and improved device in an adjustable window screen, and one month later the Canadian rights were also secured by the patentee. Within the past three weeks Mr. Reitz, completed arrangements to place the screen on the market in the United States and a company, of which he is the head, doing business under the firm name of E. A. Reitz & Co., has been organized to finance the matter. For the present Mr. Reitz's business place on Fifth street will be used for the manufacture of models and as a general business office. The Canadian patent rights have been placed in the hands of an agent for sale and negotiations are already on which may net Mr. Reitz from ten to twenty thousand dollars.

The screen, a diagram of which is shown herewith, is simple and durable

in construction and there is nothing now on the market equalling it. It is fastened to the frame on the outer side of the window, being adjustable to any width or height, and grooves at the side carry it up and down, making it possible to use the screen for top or lower sash or at any intermediate position. When it is considered that practically every dwelling house has use for window screens the immense field for the new invention is apparent; and the simplicity and convenience of the device should make its superiority equally apparent. Certainly Reynoldsville people should help in every way possible to spread the reputation of a device the increasing demand for which will mean the operation of a new and valuable industry in the town.

Have Strauss Bros. tune your piano this spring.

## P. O. S. of A. Reunion.

The committee having in charge arrangements for the reunion of the Patriotic Order Sons of America to be held in Reynoldsville August 2nd, 1907, have secured for principal orator of the day the Rev. Charles E. Redeker, Past State President of Maryland and National Chairman of the Committee on Legislation. He has the reputation of being one of the most brilliant orators in the country and the committee was fortunate in engaging him. In addition Hon. W. I. Swope, ex-district attorney of Clearfield county, will be present and speak. Other speakers will be secured later.

The district comprises four counties and contains thirty-three camps, most of which will send delegations to Reynoldsville that day. It is probable that the Park Theatre and adjoining park will be secured for headquarters. The regular business meeting of the Association will be held on the evening of August 1st and the parade, speeches and other features, detailed announcement of which will be made later, will take place on the 2nd of August. The committee of arrangements is composed of F. P. Best, of Reynoldsville, president; G. W. Kluge, of Reynoldsville, vice-president; John W. McCracken, of Clearfield, secretary; and B. F. Allgood, of Ramey, treasurer.

## Trolley Line Construction.

The work of grading for the trolley road between Punxsutawney and Big Run was started last week, a force of laborers having been put to work on Thursday. More men and teams will be engaged so that the grading will proceed as rapidly as possible. The line is being built by the Mahoning Valley Street Railway company, made up largely of stockholders in the Jefferson Traction company. The start is made at the Elk Run bridge. The line passes through Albion and thence to Bells Mills from which point the railway will follow along the public road to Big Run. The road will traverse a distance of a little over seven miles.—Punxsutawney News.

## IN MEMORIAM.

Resolutions Adopted by Mountain Cliff Castle, No. 359, Knights of the Golden Eagle.

WHEREAS, God in his infinite wisdom has taken from us and our Castle our beloved brother, John Lee, therefore be it

Resolved, That we, as Knights of the Golden Eagle, bow in humble reverence to Him who doeth all things well, and say, "Thy will be done." Be it further

Resolved, That we extend to the bereaved widow and children of our deceased brother our sincere sympathy and we commend them to the Healer of all wounds, who is able to soothe in this sad hour. Be it further

Resolved, That as an expression of our sympathy our charter be draped for a period of thirty days, that a copy of these resolutions be sent to the bereaved family of our departed brother, and that the same be spread on the minutes of the Castle.

## BIG CHAIR FACTORY MAY LOCATE IN REYNOLDSVILLE

Will Employ Half a Hundred Men at Good Wages Besides a Number of Boys and Girls.—Will pay Local Investors Seven per cent on Their Money.

William H. Moudy has been in Reynoldsville the past week endeavoring to interest local people in a proposition to establish a chair factory at Reynoldsville. At present he has a plant at Mt. Union, Huntingdon county, Pa., which, on account of local conditions at that place, such as shortage of labor, high price of fuel, and encroachments on factory property by a railroad, is handicapped and for a year past has not been operated. Mr. Moudy has evidence to prove all his claims of the business which has been built up, and of the orders still coming in which he is unable to fill.

His proposition to the people of Reynoldsville is that two acres shall be given him on which to build a factory; and that \$10,000 or \$12,000 worth stock be taken by local people. On his part he will build the factory, bring here the machinery and complete equipment of his Mt. Union factory and guarantee employment to a half a hundred men. On the stock dividends of at least seven per cent may be expected and his experience justifies him in believing even more could be earned under the favorable conditions here. One of them alone, fuel, can be secured here at nearly 50 per cent below prices in old location.

Mr. Moudy will remain here for a short time and would be glad to meet the citizens and explain his proposition.

## Drillers for Gas in Mill Creek Region Strike Small Flow.

For the past three or four weeks operations have been going on in the Mill Creek region, near mouth of Horn Run, to ascertain the presence of gas or oil. Long and Brady, prospectors of DuBois and Brookville, control considerable land in that section and the Pennsylvania Contracting and Producing Co., of Brookville, are drilling the well. At a depth of between eight and eleven hundred feet, in the first sand a small flow of gas was struck but since then, it is reported, nothing of consequence has been found. At present the drill is down about 2,400 feet and hopes are still entertained of a good strike before the 3,000 feet is finished.

## Tragedy at Allens Mills.

Suffering from mental collapse, Clarence St. Clair, 20-years-old son of John St. Clair, of Allen's Mills, became violent last Sunday. Threatening to kill the members of the family he drove them from the house, and securing a razor, tried to end his life by cutting his throat. The father and mother, upon returning to the house to pacify their unfortunate boy, found him lying on the floor in a pool of blood, still grasping in his hand the weapon which he had used in cutting a fearful gash in his neck. Dr. J. V. Kyle was sent for and he arrived in time to save the young man from bleeding to death. A gash four inches long was made by the razor, but the jugular vein was not cut. Dr. Kyle gave young St. Clair proper attention and at this writing he is reported to be improving, although he is in a critical condition.

Several months ago young St. Clair, who is the only child of a well known family, became mentally deranged as the result of illness and it was necessary to send him away for a time. During the past few months he has been at home and was apparently improving until recently when he became worse again. The case of the young man is an exceptionally sad one and his parents have the sympathy of a large number of friends.—Brookwayville Record.

## A Fortunate Texan.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25c. at Stoke & Felcht Drug Co. stores, Reynoldsville and Sykesville.

Excursion to Buffalo and Niagara Falls, Via B. R. & P. Ry., Sunday, June 16. Special train will leave Sykes, 6.00 A. M., and returning leave Niagara Falls, 7.00 P. M., and Buffalo 8.00 P. M. Round trip tickets \$2.50. Tickets also good for return passage from Buffalo on regular trains Monday, June 17.

## NOTICE TO SILK MILL STOCK-HOLDERS.

Reynoldsville, Pa., June 10th, 1907.

To Preferred Stockholders of American Silk Company of New Jersey.

There has been deposited in this bank by the American Silk Company of New York sufficient funds to pay for at par, the single and odd shares of the American Silk Company of New Jersey. And an amount equal to the dividends on all Preferred Stock up to April 1st, 1907, in pursuance of the letter you have recently received. All those who have already deposited their stock will receive within a few days checks from the bank for the odd shares and accrued dividends, and all those who deposit their stock on or before July 1st, 1907, will be paid in a like manner. We are informed that the sooner the stock is deposited the sooner the mill will be in operation.

FIRST NATIONAL BANK OF REYNOLDSVILLE, PA.  
J. H. KAUCHER, President.

## IN SHIRT SLEEVES AND BOOTS A PASTOR BOSSSED JOB.

New M. E. Church at Deemer's Cross Roads Erected Under Trying Circumstances. Dedication Sunday.

Friday evening, June 14, the Rev. J. C. McIntire, of Reynoldsville, will open the dedicatory exercises at the new Methodist Episcopal church at Deemer's Cross Roads and use all of his eloquence to get the good people of that region to open their hearts and their purses and make possible the real dedication Sunday. Saturday morning at 10:30 Dr. J. Bell Neff, of DuBois M. E. church, will deliver an address and in the afternoon Dr. J. A. Parsons of the Reynoldsville M. E. church, will speak. In addition Rev. John E. Galbraith, a noted singer of Hawthorne, will assist at both meetings. Sunday Dr. A. R. Rich, the presiding elder, will lay the corner stone and, if the small debt encumbering the new building is subscribed, dedicate the church.

The history of the new structure is interesting. Rev. D. E. Baldwin, pastor of the church, has a record of building over twenty-five structures on M. E. church property in various parts of the country, but none which required more earnest effort or was erected under stranger conditions than this. Originally this church stood near a lumbering village in an adjoining county but shifting population rendered it unnecessary there. Rev. Baldwin needed a church building at the Cross Roads and hearing of the abandoned structure made overtures for its transfer. The building was torn down in part, sent here and re-erected under the direction of the pastor by those who expect to worship within its walls. Farmers contributed the use of their teams for hauling, and lent a hand to the heavy work of building. Their wives and daughters came around to do the lighter work on the interior and the pastor himself in shirtsleeves and boots done something more than boss the job. And now it is done but there remains a little to pay and if any, appreciating the struggle the new congregation has made, would like to contribute a little, the pastor will be only too glad to receive it on behalf of his people.
