Pittsburg Exposition.
 More interesting than ever before is the announcement of the plans for the nineteenth season of the Pittsburgh Exposition which opens on Wednesday evening, August 28th, with the Theodore Thomas orchestra. Following the Theodore Thomas orchestra will be "The March King", John Philip Sousa and his band. Victor Herbert will follow Sousa and stay a week. Then will come the United States Marine Band, President Roosevelt's Own, of Washington, D. C. The Mexican band, one of the finest musical aggregations in the world, will follow the United States Navy laddies. Damrosch and his orchestra will bring the Exposition to a close on Saturday night, October 26th.
 While music is one of the most

attractive features of the annual show in Pittsburgh, there are always scores of other delightful entertainments—new and original which are provided for the half million or more visitors. This season will be no exception. One of the biggest hits of last year will be seen again but on a much larger and grander scale—the Frank Bostock Hippodrome. The Hippodrome, it will be remembered, occupied almost half of Machinery Hall last year. This year the show will be enlarged to almost double that of last year. Mr. Bostock, who has been aptly termed "The Animal King", will show over one hundred animals in his congress of wild beasts this year at the Hippodrome. The collection of ferocious and tamed beasts contains many which have never been seen in this part of the country. The show, which is exactly the same as has

delighted thousands in Paris, London and New York, will be brought to the Exposition in its entirety. It will include about a dozen of wild animal acts, showing the animals in complete subjugation under the masterful eyes of experienced men and woman trainers.
"Everybody Should Know"
 Says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by Stoke & Feicht Drug Co. druggists. 25c. Reynolds-ville and Sykesville.

Beautiful Pictures Free.
 The art loving people of Reynolds-ville are offered a rare chance to secure beautiful art works for their homes without cost by a special plan offered by the publishers of Pennsylvania Grit. Their special representative was in town the other day advertising the new offer, the conditions of which are very simple. Special advertising circulars have been distributed throughout the town illustrating the pictures and containing a free coupon, one of which, together with five art coupons cut from copies of Grit, when presented to Stoke & Feicht Drug Co., the local agency, will entitle the holder to one of the beautiful art treasures. There are four large art pictures 21x25 inches in size made on heavy, embossed plate paper, and two portfolios each containing eight original subjects finished with an attractive mat effect ready for wall decoration without framing. This liberal offer will be good only as long as the limited supply of pictures furnished the agent lasts.
 Samples of these pictures have been placed about town and a very attractive display of all the subjects has been made at Stoke & Feicht Drug Co. store. They are attracting very much attention and no doubt will be very popular.
 This is an unusually liberal offer as the pictures are far superior to many that would cost a dollar or more in art stores. People who are desirous of securing one for their homes without cost should commence at once to save the coupons.

Ouch!!
 Say, make the Volunteer keep those bees out of the borough; they are stinging some of the citizens terribly. One of them says that prejudice against the honey bee is always based on ignorance. "Golly," how they sting. I thought somebody would get stung; bees seldom volunteer an attack, but when you go to intruding on their rights they are ready to defend them, and one mad bee is liable to make a dozen more mad bees, and the worst of it is, there is no antidote for the sting of these bees. You have just got to bear with it. Now it is not so with the Polkadot bees. If you get stung with one of the Polkadot bees copious draughts of gossip among the neighbors, or five or ten line doses in the STAR's kicker column, will generally bring you through all-right. We had two or three very obstinate cases that would not yield to these remedies and they applied to council for treatment. I have not learned what it prescribed, but it seemed to afford temporary relief.
 Now if the editor will allow me the space in my next letter I will tell you what has been prescribed in other towns and cities, and with what result, also an idea of what the legal rights of bee-keepers are, and possibly by that time the Polkadot bees will be extinct and I will drift back to our common bees and their products.

The Limit of Life.
 The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Stoke & Feicht Drug Co. Druggists, 50c, Reynoldsville and Sykesville.

Nerves Unstrung Could Not Sleep
 Mr. A. J. Filkins of Newark, N. Y., tells of a permanent cure by **Dr. A. W. Chase's Nerve Pills**
 When a man states in the most positive terms that Dr. A. W. Chase's Nerve Pills was the only medicine out of all that he used that gave him health, natural strength and steadiness of nerves and concludes by saying he can "honestly say" it, he means it, and just what Mr. Filkins says hundreds of others have said in letters to us equally as strong. Mr. Filkins says:—Dr. A. W. Chase's Nerve Pills is the only medicine that helped me. I was in a very bad condition. My nerves all unstrung—played out from care, nervous, excitable and unable to sleep at all nights. Nothing seemed to take hold until I got Dr. A. W. Chase's Nerve Pills. They have done me a world of good, steadied my nerves, given me strength and sleep. I needed them badly enough, and can honestly say the pills have been a great comfort to me. I can also say they are sure and reliable. I am only too glad to recommend them." 50c a box at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
