Trolley Dispute Settled.

Settlement of disputed points pending between the Mahoning Valley Street Railway Company of this place and the DuBois Traction Company interests, of DuBois, over the right of way for a street car line between Big Run and Sykesville was made Sept. 4 at DuBois. Messrs. Daniel H. Clark and B. M. Clark, Esq., of Punxsutawney represented the Mahoning Valley company and the DuBois interests were represented by Attorney A. L. Cole and Austin Blakesley, of DuBois.

The conflicting interests arose in July, 1906, when the Mahoning Valley Street Railway company, which is closely allied to the Jefferson Traction company, made application to the governor of Pennsylvania for a charter to build a line from Big Run to Sykesville. This action was soon followed by an application from the DuBois people for a charter over the same route.

The DuBois people, who were then engaged in constructing a line from DuBois to Sykesville, extended their grade to the Buhite farm, about a mile west of Sykesville, but without having obtained a charter. The Punxsutawney people in addition to having made application for a charter had secured the right of way from Big Run to Sykesville, including three miles of the grade recently abandoned by the Buffalo, Rochester & Pittsburgh Railroad Company.

Both companies claimed the right to build the line and the matter hung fire until this spring when the terms for a settlement were practically agreed upon whereby the DuBois people were to purchase the Mahoning Valley company's interest and extend their DuBois-Sykesville line to Big Run.

The legal documents necessary to complete the transaction, however, were never signed until Sept. 4.

By the terms of the agreement the DuBois people secure the rights of way and about three miles of graded track for the sum of \$16,000, the first payment of \$10,000 having been made Sept. 4.

The agreement also provides that the two companies will build lines to connect at a point in Big Run on Main street, directly opposite to the B. R. & P. railroad station, and although it is not so specified, it is understood that the companies will erect a union station for the accommodation of Big Run patrons.

The Mahoning Valley Company has its track graded to Bells Mills and the rails laid from Punxsutawney to the Albion school house. It is expected that the road will be completed to Big Run late in the fall. The fare from Punxsutawney to Big Run will be 15 cents.

The DuBois interests will make an application for a charter immediately although up until Sept. 4 they had not yet selected a name for the new company. A large portion of the grading from Sykesville to Big Run has been constructed and it is planned to have the two sections completed about the same time.

The prospects are that Punxsutawney and DuBois will be connected by a direct trolley line before Thanksgiving.—Punxsutawney Spirit.

Do You Want to Do the Town Good?

Do you want your friends to know that you believe in your town? Do you want to send them something that they will appreciate and keep? Do you want to sow the seed to induce industries and people to locate here? What makes a town? Is it the houses, churches, factories, or people? Why, of course, it is the people. If the people are dead the town is dead. Are you dead? Of course we are liable to be judged by our clothes. The houses, churches and factories are our clothes. The clothes of our town are represented in our 32-page Souvenir Book of Reynoldsville, containing 85 views of town. Every person in town should have one and see that their friends and acquaintances get one. For sale by Stoke & Feicht Drug Co., H. L. McEntire's drug store and Columbus Studio at 35c. Sent by mail for 40 cents.

Card of Thanks.

We are very thankful to our friends and neighbors for their extreme kindness and sympathy during the illness and after the death of our wife and mother.
