HEALTH IN THE CANAL ZONE.
The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by Stoke & Felcht Drug Co., druggists. 50c. Reynoldsville and Sykesville.

Mr. William Dollar, Good Citizen.

In a certain western town lives a gentleman whose name is William Dollar. They call him Dollar Bill when they get funny. But Mr. Dollar is a dignified, enterprising, good citizen.

Not every Dollar Bill is a good citizen. Many of them are prone to ignore the claims of their own community and run away to a big city to be spent. Many millions of Dollar Bills have left the smaller towns for the overgrown cities this present year of our Lord.

How many Dollar Bills have gone out of THIS TOWN—left home and gone to some big city, never to return?

Every time a Dollar Bill leaves town it takes a two-cent stamp with it, for it goes to a Mail Order Store. That helps the postmaster a little, but it doesn't help the local merchant. It means just so much less trade for him.

Which means just so much less cash circulating in this community.
Which means just so much more social and business stagnation.
Which means the stunting of the town's growth just to that extent.

If you could figure up the Dollar Bills that leave town in this secret manner, like taking French leave—which you can't—you would know just how much the town is stunted by indulgence in this mail order stunt.

If these Dollar Bills were really good and enterprising citizens they would stay at home and circulate around, helping things along.

How many of YOUR Dollar Bills take the midnight express out of town on the Envelope Route?
