**BALTIMORE OLD HOME WEEK.**

Maryland is sending invitations to her sons and daughters scattered everywhere to come to a grand reunion, and is making extensive preparations to give them when they come, a week of right royal entertainment.

New Baltimore, sprung Phoenix-like from the ashes of the fire of 1904, will make of Old Home Week, October 13 to 19, one continual round of patriotic and civic display.

There will be an electrical pageant, a magnificent military and naval display, a gathering of patriotic societies, a parade and ball by the fraternal orders, a big concert and a night carnival.

There will be also a special pilgrimage to Annapolis on "Peggy Stewart Day," Saturday, October 19, when visitors will have an opportunity to inspect the magnificent new buildings of the United States Naval Academy and the remodeled State House so full of historic associations.

The Homecomers will have the advantage of specially low railroad rates. The Pennsylvania Railroad will sell excursion tickets to Baltimore October 12 to 14, good for return passage until October 21, inclusive, from all stations on its lines north and east of Shrewsburg, Principio, and Port Deposit, at a considerable reduction from the regular fare.

Every former Marylander whose address is known will receive a special invitation, issued by Governor Warfield, and the entire week will thrill with the hospitality for which the Old Line State is so famous.

Great Treat When Damrosch and New York Symphony Orchestra Appear

With but a couple of weeks more of the nineteenth season of the Pittsburgh Exposition, comes the announcement that Walter Damrosch and the New York Symphony Orchestra will please thousands of Western Pennsylvanians next week with a most magnificent set of programs for the afternoon and evening concerts. Damrosch has always been one of the most favored conductors who visits Pittsburgh. He has been one of the largest drawing cards and with his pleasing personality and unexcelled ability, always satisfies. The New York Symphony Orchestra has never before in its history been in finer fettle. Thanks to Mr. Damrosch's energy and persistency and to his unquestionable skill as a director, the organization has been brought to its highest state of efficiency and it is doubtful if it has its equal in America. It is the only orchestra that keeps in rehearsal the year round, over 300 concerts having been the remarkable record of 1906-07.

Ferrullo, who was the conductor of the Ellery band heard at the Exposition last year and who is one of the greatest leaders in the country from an artistic and musical standpoint, is at the Exposition this week and judging by the popularity of his methods last year he will have crowds every afternoon and evening. Ferrullo is at the head of his own band this year, a band which has taken the west by storm during the past six months.

The Exposition closes on Saturday night, October 26, but for the remaining days everything possible is being done to give the thousands upon thousands of visitors more entertainment with each succeeding day.

The excursions which are being run to Pittsburgh from all points in Western Pennsylvania, Eastern Ohio and West Virginia, with one fare for the round trip, are attracting thousands and thousands of out-of-town people to the Smoky City. On Thursdays these excursions are run on all of the roads entering Pittsburgh. On Wednesdays and Saturdays special excursions from certain points are run. The ticket agents at all stations are thoroughly posted as to time of trains leaving for the Exposition and all of them have been supplied with admission tickets for the Expo, which can be purchased before leaving for the City, thus saving time and trouble in lining up at the ticket windows of the big show, where there are usually immense crowds.

During the remaining few days of the great Exposition—the one Exposition of the world which has stood for nineteen years and shows increased attendance each year—the many novelties which through the main building, machinery hall and the grounds surrounding them will be the mecca for every Exposition visitor. The Bostock animal arena is one of the most popular of the side attractions. In fact, the Bostock show is an immense show in itself. The arena contains over 150 of the finest trained animals in the world—animals which have been imported from the African jungles—from the interior of the far off countries by Frank C. Bostock and after being thoroughly trained, placed in the arena in Pittsburgh and forming one great show.

Consul, the little chimpanzee, is having the time of his life in Pittsburgh and has been taken out into society during the past few days. On last Thursday he represented Africa in the Firemen's parade, having been equipped with a fireman's hat, an axe, etc., and given a ride in the parade over the streets of the two cities.

Many essays are being received by the Exposition management from school children of Western Pennsylvania on "India, the Sacred Elephant from Siam," which is on exhibition this year. Prizes are being offered for the best essays, all school children

the modern strength creator and body builder

Many people right here in this vicinity are all run down and hardly able to drag about—don't know what ails them.

"Such people need Vinol, our cod liver preparation without oil, which contains in a highly concentrated form all of the medicinal and strength-creating elements of cod liver oil actually taken from fresh cod's livers, but from which the useless oil is eliminated and tonic iron added."

We ask every man, woman and child in this vicinity who is run down, tired and debilitated to try Vinol on our offer to return money if it fails.
