THE EDISON PHONOGRAPH

To the Edison Phonograph can be applied the old saying: "A pleasure shared is a pleasure doubled." It is the art of entertainment expressed in tangible form. There is never a crowd when one of the three is an Edison Phonograph. Love songs, dances, funny songs, ballads, all kinds of music in your own home, with less trouble and greater enjoyment than any other form of entertainment, and especially than any form of musical entertainment. You cannot possibly know how well the Edison Phonograph reproduces by listening to any other make of talking machine.
