THE EDISON PHONOGRAPH

To the Edison Phonograph can be applied the old saying: "A pleasure shared is a pleasure doubled." It is the art of entertainment expressed in tangible form. There is never a crowd when one of the three is an Edison Phonograph. Love songs, dances, funny songs, ballads, all kinds of music in your own home, with less trouble and greater enjoyment than any other form of entertainment, and especially than any form of musical entertainment. You cannot possibly know how well the Edison Phonograph reproduces by listening to any other make of talking machine.

THE HIGH SCHOOL BULLETIN

Editor-in-Chief, Graydon Robinson.
Senior Reporter, Alex Gillespie
Junior Reporter, Fonda King
Sophomore Reporter, Sadie Ford
Freshman Reporter, Marian Harris

The R. H. S. football team went to Johnsonburg last Saturday to play the high school of that place. The score was 0-0. In the first half the R. H. S. had it all their own way and had it not been for the slippery condition of the ball would have scored twice. Once we fumbled but six inches from their goal. In the first half Johnsonburg never got past our 55-yard line, the ball being in their territory all the time. In the second half both teams played very well, neither side making noticeable gain. The high school played a fast, clean game and had it not been for the muddiness of the field would have given a better account of themselves. The field was in awful condition—mud, mud, mud. As usual Burns covered himself with glory and mud. The H. S. team is fast improving and hope to make a good showing the rest of the season. Referee, Gibson. Two fifteen minute halves.

Miss Altman, who thought she was going to leave us, is back again in her old seat.

Next Saturday, November 9th, the Clarion Normal football team will play the R. H. S. on our grounds. The Clarion eleven is a lively team and a fast game is promised. The high school is at present badly in need of money and we want everyone to come. Admission 25c.

Compliment for Senior class: The German graces are improving very noticeable!

The monthly quizzes for the second month of school are just over. My, what a relief.

Now watch the Freshmen smile—their arithmetic papers are being returned.

"Gee! My head is sore." We had exams last week.

Miss Millren: Define paragraph.
Tom: What declension is it in.

The rest of the football schedule will be played on our own grounds. Next Saturday, November 9th, Clarion Normal; Saturday, Nov. 23, Clearfield high school, and Thanksgiving day Johnson-

burg high school. We would like very much to play DuBois on our grounds but it seems impossible.

After Thanksgiving the basket ball season of the high school will open. We expect good games all this season and at least one game every week. Manager Gillespie would like to hear from all high school teams regarding games.

The board for the lecture course will be up at Stoke's Drug Store Thursday morning of this week for the first number of the lecture course, Hruby Bros., November 11. Everyone should attend this number. Admission 25c; reserved seats 10c extra.

Mr. Bright: Mulleres per acetatem, or women over age—which include—Miss Dillman.

On finding a large lace handkerchief, Miss Colman asked to whom it belonged.

School: Frankie Bell Hoffman.

The high school got a new set of regulations this morning.

Miss Hull: Aidine, you get your hair up nice sometimes, but its horrid this morning.

Miss Reed: Oh, my!

The best store to buy ladies' and misses' coats is at Horwitz's in the old opera house building.

Hartman, the drayman, gets all his coal at George Henry's mine.

No other food deteriorates so rapidly as the oyster. Its habitation is the ocean. It requires coolness and absolute freedom from exposure to the air in order to retain its delicate flavor and its wholesomeness.
SEALSHIPT OYSTERS
Are brought directly from the choicest beds of America. They are shucked into porcelain-lined cases, sealed and packed in ice, which never comes in contact with the oysters. The use of the Sealshipt Carriers is the secret of their superiority.
