Last Saturday the High School football team won their first game this season over Clarion Normal, 11-0 in the second half, with twelve minutes to play, the game became too strenuous for the Clarion boys and they left the field. Reynoldsville had everything their own way all the game. In the first half the ball was inside of Clarion's 25 yard line where two drop kicks were tried, both failing, and the third time when time was called for that half. Early in the second half Bohren, on a fluke, scored a touchdown for the high school. Bohren failed to kick goal. Score 5-0 in favor of R. H. S. Clarion kicked to R. H. S. and forced us to kick. Then Clarion tried their forward pass, Bohren caught it and dashed through the crowd 60 yards for another touchdown. Burns kicked goal. Score 11-0 in favor R. H. S. At this point the game became too much for Clarion, who left the field. Referee, Gibson. Time of half, 20 and 8 minutes. The feature of the game was the playing of Murray and Bohren, our half-backs.

There will be no more games of football at Reynoldsville by the H. S. on Saturdays. The remaining games will be played on Friday to give the business men a chance to attend.

Now that the high school has won a game, we hope the town will be a little more liberal in their support.

The Clearfield team having disbanded, an effort is being made to secure the Kane H. S. team to play here Nov. 23 in Clearfield's place.

Reverend Jecks, of Laporte, Indiana, visited the school Friday of last week, attending chapel and conducting devotional exercises.

## The Edison Phonograph Is Like Magic.

We think it is wonderful when we read about a magician who can pour out of a bottle any kind of wine that may be asked for—champagne for one, sherry for another and so on. How much more wonderful then that a single instrument can pour out at will any kind of music that anyone may want! Yet such an instrument is the Edison Phonograph with Edison Gold Moulded Records invented by the great American wizard, Thomas A. Edison. By simply changing a record you can have any music you want, from a magnificent aria by one of the world's greatest song birds to an irresistibly funny rag-time coon song. It does each equally well and pleases everybody who hears it.

You should have one and you can buy it of us.

# COURT DECIDED IN HIS FAVOR

## Cooper Fought to Retain Formula Which Has Made a Fortune.

L. T. Cooper, the man who believes that 90 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day. While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over three years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

capture he had hit it and ran under the tree where he picked up a toad and sadly murmured: "I bet you were a pretty bird before I shot all those feathers off."

Ask the Juniors to let you see their Latin cross note books. They will be very willing to do so as there are no red marks on them.

How does it come one of the Juniors likes to decline the pronoun du, deiner, dir, dich? (Dear Dick.)

One of the Juniors is getting to be quite a humorist and furnishes the literature class with fun.

"Our Edith's an artist, she is."

Miss Coleman—Now if I should say, "I want all the girls and boys to study their lessons," would that be correct?

Miss Fisher (promptly)—No ma'am, because we're not in need of it."

Rip saw! Rip saw! Rip saw bang! We belong to the Freshman gang. Are we in it—well it should smile. We've been in it for quite a while.

Dignified Senior—After I graduate I will step into a position of \$2,000 per."

Inquisitive Junior—Per what?  
Brilliant Freshman—Per-haps.

The Juniors are telling about all the good times they ever had in their themes. Ask them to let you read them.

If all the money for the football game were to come from the Seniors, pity the team.

Monday evening the people of Reynoldsville had an excellent treat in Herby Brothers. The program was splendid and every one seemed to enjoy it, but Miss Canfield seemed to especially please the audience. This number was attended by the largest crowd, with one exception, ever at any lecture course number in our town. The next number is Hon. W. M. Chandler in his far-famed lecture, "The Trial of Jesus from a Lawyer's Standpoint."

What kind of stone do you think of when you pass a graveyard?  
Brimstone.

Miss Coleman had been telling an experiment of killing people by imagination.

Helen—I know how I'm going to die.

Hazel—What is a scientist.  
George—A man who gives ordinary things such long names you can't recognize them.

Hazel—That's a good occupation.

Winter school, oh! how I'll miss thee. Miss the wonders in thy store, Miss the magic of thy grandeur, When the school shall be no more.

Gertrude—What did the witch tell you?

Aldine—She told me I wasn't going to get married.

Harry—Oh! All my hopes are dashed.

Hurray for the square dance.

Otis was tearing the hair out of his head with anxiety over an algebra question.

Miss Coleman—Do you think baldness is a remedy for grief?
