## IN NEW QUARTERS.

Room in I. O. O. F. Hall Rented by the Business Men's Association.

The Reynoldsville Business Men's Association has decided to open up permanent headquarters in a room on second floor of the I. O. O. F. building. The place will be kept open day and night and is intended not only for the business meetings of the association but for social and club purposes as well. The room is large, well heated and furnished and in time will become a favorite place for local business men to spend the evenings together. It is not intended that the room shall be for the sole use of the members of the association, but its use will be freely granted to citizens who may at any time have any project for the general welfare of the town, for meetings of committees or business appointments.

The executive committee held its first session there last evening.

The next meeting of the association will be held in the new room December 5th. Most of the property owners of town have received a circular invitation to unite with the association and a number of replies have been received by the secretary. A few have objected that the assessments might be too high. It should be understood that though the constitution provides for a small provisional monthly assessment, it is not the expectation that the association will ever require more than a fraction of the maximum amount. No one should hesitate to enter on this account.

## Arm Amputated.

Harry Pierce, aged sixteen years, son of A. J. Pierce, of Reynoldsville, who has been staying with a brother at Gypsy, Indiana county, met with an accident while out hunting one day last week that made it necessary to have his left arm amputated above the elbow. Harry will come to his home in this place the first of next week.

## Why Not Hold Evening Service.

In some places Thanksgiving service is held in the evening instead of 10:30 a. m., the old custom. The morning service is not as well attended as it should be and we believe if the time of holding the union service in Reynoldsville was changed from morning to evening that there would be a better attendance. Why not try it next year?

## Take Your Choice.

Hon. W. M. Chandler will lecture in the Assembly hall to-night. As stated in THE STAR last week, the audience will be given the privilege of selecting the subject for the lecture after assembling to-night. A request has been made to have Mr. Chandler repeat the lecture he gave here several years ago, "The Trial of Jesus From a Lawyer's Standpoint," but a large number of people do not want to hear the lecture the second time, hence a vote will be taken. Mr. Chandler has five other lectures, "Humorous Experiences Abroad," "Scotland and the Scotch," "The Master Magician," "The Republic," "Knighthood and Chivalry."

## Suffered From Blood Poisoning.

John Spencer, who resides near Ludwick's mill, in Paradise, and is now eighty-one years old, is recovering from a case of blood poisoning that very nearly ended his earthly career. Several weeks ago Mr. Spencer accidentally got a large splinter in the palm of his right hand and he pulled out a half inch of the splinter and thought he had gotten it all out. When Dr. J. C. Sayers was called, five days after the splinter had penetrated Mr. Spencer's hand, he found the old gentleman in a serious condition from blood poisoning. The doctor found almost a half inch of the splinter in Mr. Spencer's hand. There was little hope for several days of the old man's life, but the doctor pulled him through the critical period.

## When the Silk Mill will Resume.

J. W. Emig, superintendent of the Reynoldsville plant of the American Silk Company, made the last meeting of the Business Men's Association the occasion for issuing a definite explanation of the present suspension of work at the local mill. He gave assurance that the company had no intention whatever of keeping the factory closed, but were forced to temporarily suspend operations by the extreme stringency of the New York money market, rendering it almost impossible to get even enough currency to make up the pay roll. As an evidence of the intention to resume, Mr. Emig stated the fires had not been drawn from the boilers nor had any other preparation been made for a long shut down. Its duration will depend entirely on the loosening up of the money market, and that should not require more than a few weeks at most. Mr. Emig has gone to York, Pa., to remain until affairs assume a more favorable aspect.

## Card of Thanks.

We express our sincere thanks to our friends and neighbors for their extreme kindness during the death of our beloved child, Marion. MR. AND MRS. W. H. SHUGARS. Bitters for everybody, Bing-Stoke Co.

REV. J. W. MYERS.

Will preach the sermon at the Union Thanksgiving service in the Baptist church to-morrow.

## CHILD POISONED TO DEATH.

Found a Package of Sugar Coated Tablets, Ate Them and Died in a Few Hours.

Sad indeed is the home of W. H. Shugars at Horntown because death suddenly and unexpectedly snatched a bright and sweet little daughter from the home Friday night, Nov. 22, 1907, under circumstances of an unusual nature. Mr. Shugars and his mother live in the same house, but have separate apartments. Friday a sister of Mr. Shugars, who was not well, was in town and got some medicine in tablet form from a doctor and when she got home she laid the medicine down with some other packages and for the time forgot about the medicine. Cora Marian, aged two years and 27 days, daughter of Mr. and Mrs. W. H. Shugars, went over to her grandmother's side of the house and unseen by any one found the box of tablets and ate a number of them, which contained something of a poisonous nature. The poison soon effected the child and in a few hours she died in convulsions.

Funeral service was held at home of parents at 2:00 p. m. Monday, conducted by Rev. J. C. McEltire, of Reynoldsville, Rev. J. W. Myers, the family pastor being out of town. Interment was made in the Chestnut Grove cemetery.

## Trolley Line Work Progressing.

When work ceased for the week on Saturday on the extension of the trolley line from Sykesville to Big Run, the grading and wiring had been advanced past the farm of Robert London, below Kramer station, which is a little more than half way. Although the weather has been unfavorable a considerable portion of the time of late, Contractor Asa Sykes has kept the job moving, and last week he had 101 men at work. The company has a large gang ballasting also, so the track laying will be but little behind the grading, when the heavy work is done. Unless the winter should tighten up very hard, the extension should be ready for the public in the second month of the new year. The new line traverses a section underlaid with coal, a large part of it holdings of the Erie Company, and a little later on it will become very busy and quite populous territory.—DuBois Courier.

## An Active Representative.

Mr. Editor:—It seems to me that a legislator who represents his constituency faithfully, energetically and intelligently should be commended for so doing. Such a representative is the Hon. S. Taylor North, who performed his duty honestly and was one of the "men who came to the front at Harrisburg," according to an article in the Philadelphia Press of May, 15, 1907. By reading that article one can learn what outsiders think of him. It reads: "There are a score of members of the house who have been active in their own way, even if not so conspicuously on the firing line. They are men of rugged honesty who have exerted a quiet influence on the general work of the house." Among those named is North of Jefferson. He was not afraid of work, knew how to work and did work as a member of the legislature for every measure that was good and honest and right and against all others. His training has fitted him for the state senate, his ability to fill the position with credit to himself and his constituency is unquestioned, his faithfulness in the past is ample proof of his integrity. He is without doubt the man for the pace, and I believe a great majority of the voters of this district will show by their votes that they think so too. VOTER.

## Meanest Thief in the Bunch.

Editor THE STAR:—We all do a great deal of kicking against the party that charges us exorbitant prices for food-stuff, and rightly, too, but the meanest thief in the bunch is the crook who sells us short weight or measure. Bunco steering, flimflaming and burglary are respectable in comparison with the miserable sneak thief that short weighs or measure our goods. When they are detected they should not only be exposed and imprisoned, but they should be put up in some public place and placarded for forty-eight hours to warn the public in the future against them. A KICKER.

## Hon. H. I. Wilson for Senate.

For three years Hon. Henry I. Wilson, of this place, has been urged by his home people to become a candidate for the office of State Senator, and after considering the matter, he has decided to enter the race and will conduct an active campaign at the proper time. Mr. Wilson's candidacy will appeal strongly to all who are in favor of electing a young, clean, energetic and well trained man to represent this district in the State Senate. He is the son of a Pennsylvania veteran of the Civil War; a graduate of the Wellsboro High School and Warner's Elmira Business College; studied law with Hon. M. F. Elliott, one of the best lawyers Pennsylvania ever produced; has had fifteen years of active legal practice at this point; served one year in the House of Representatives, Session of 1899, and made a clean record; filled the position known as "one of the most exacting and hardest jobs on the hill"—Journal Clerk (Secretary) of the State Senate during the last session with great credit, never causing the Senate a delay for him to make up records; has a personal acquaintance with the Governor, Lieut. Governor, and all the Senators; and above all, has a technical knowledge of the rules and legislative practice in the Senate equal to any member in it. His friends claim that by reason of his standing and training he should be the logical candidate. It is seldom that Big Run presents a candidate for any county office, Mr. Wilson being about the only man pushed forward since the place became a borough in 1867. It must be agreed that our claims have been very modest.

Keep your eyes on our man. He will conduct a vigorous clean-cut campaign; will hold meetings in various places in the district and will call upon the people to publicly question him as to his qualifications and his position on the important issues soon to be met.—Big Run Tribune.

## Enthusiastically Received.

Mr. Leland Powers' rendering of "David Garrick" was most enthusiastically received by the faculty and students of Bowdoin College. His impersonation of character, without the accessories of scenery and cast, is the quintessence of art. Incidentally, through careful selection of sentiments and situations to be represented, Mr. Powers leaves behind valuable moral impressions which can never be obliterated.—Wm. Dewitt Hyde, President of Bowdoin College. At teachers' institute, Brookville, Wednesday evening, December 18, 1907.
