Remarkable Twins.

Worthington, Armstrong county, has the most unique pair of twins, perhaps, in the world. They are Nevin and William Kerr, born in Scotland in August, 1815, the year the battle of Waterloo was fought. They live together, doing their own housework, and appear to be in good health, considering that they are in their ninety-third year, and still take an active interest in life. Just at present they are engaged in building a sidewalk in front of their property in town that looks as though it ought to last as long as the pyramids. It is being constructed of sandstone blocks of about the size and thickness commonly used for street curbing, and the "boys" are doing the work themselves.—Punxsutawney Spirit.

A CANDIDATE FOR SHERIFF. Popular Hazen Man After Republican Nomination

I have never asked the people of the county for an office before, which every voter in the county is well aware, but I am going to ask a favor of my neighbors and friends in the shape of the Republican nomination for sheriff. I was born in Westmoreland county in 1854, and moved to Jefferson county with my parents in 1870. In 1874 I bought the farm which I am now living on. I could not call it a farm then, for it was nothing but a wilderness and the buildings consisted of a small house and a chicken coop. I worked at clearing my farm in the summer and in the winter I worked in the woods or at what ever I could get to do. I think I have done more for Jefferson county than any other man, I mean in my line of business. I have been engaged in buying cattle, sheep, poultry of all kinds, butter by the barrel, and eggs by the thousands. In fact, I have bought everything the farmers had to sell, from an egg to a beef critter, and always paid the cash. A few years ago I built a barn and a silo, so I could handle the cattle to a better advantage, as they were very plenty. I bought loads of poultry and produce before now and I have bought turkeys to drive from Corsica to my home in a drove of four hundred, the same as I do my cattle. It is a distance of fourteen miles. I built a cold storage so I would not get overstocked with eggs and butter and could keep the prices up. I have had from five to ten thousand dozens of eggs and three or four barrels of butter in my storage at one time. I sold my cattle, produce and everything I had to sell at Shawmut, St. Marys, Ridgway, Johnsonburg, Beechtree, Brookville and Falls Creek, in fact I sold wherever I could find a sale. As my sales were a little dull at Shawmut, I have been going to Falls Creek every week for the past two or three years. The old saying is that the early bird catches the worm, so by getting up bright and early and starting to market I get back in time to get a rest at home. I find that since the new railroads have been built through the country I am not needed, and therefore my trade is getting duller every year. Will you not, therefore, come over to my side and assist me in my efforts to obtain the Republican nomination for sheriff next April? Sincerely yours, THOMAS A. MAYES.

Bells are Marvelous

A delightful entertainment. There was standing room only and many purchased the privilege. The Duncans have brought together a company of remarkable talent. The bells are marvelous. Their sweetness echoed and re-echoed through the auditorium long after the bells had been touched. The quartette was one of the most artistic features and brought down the house.—Logansport, (Ind.) Daily Reporter. At teachers' institute, Brookville, Thur-day evening, December 19, 1907.
