Postmaster's Request. Postmaster E. C. Burns desires to call attention to the practice of some patrons of rural delivery of placing loose coins in their boxes each time they desire to dispatch letters instead of supplying themselves with postage in advance of their needs.

This practice imposes undue hardship on rural carriers in removing loose coins from boxes and delays them on the service of their routes. The postmaster, therefore, urgently requests that patrons of rural delivery provide themselves and keep on hand a supply of stamps consistent with and in advance of their needs. It is also very desirable that patrons place in their mail boxes small detachable cups of wood or tin in which to place coins, when necessary, in purchasing supplies of stamps.

Trustees Make Statement. Rathmel, Pa., Jan. 27, 1908.

Editor THE STAR:—Will you please give space for the following statement concerning the Church of God Bethel at Rathmel being closed to churches having use of the Bethel for preaching services, as has been the custom for the past seven or eight years. Some people are under the impression that the local church had a voice or vote in the matter. This we did not, for the eldership took action at their last meeting held the first week in October, 1907. We, as the local church, wish the public to know that we are, and always have been, willing for other ministers to preach and feel at liberty in the Bethel. Be it further known that the eldership took this action without consulting us as to whether it would be for the good of all concerned or not.
