SABBATH SCHOOL CONVENTION.

Dates Fixed for the Holding of the Annual Meeting for County.

The annual convention of the Jefferson County Sabbath School Association will be held in Reynoldsville Tuesday and Wednesday, June 9th and 10th. It is desired that those having in hand the setting of dates for conventions, etc., will hold these dates in mind to prevent the naming of the same dates for similar meetings. As the Sunday school work is inter-denominational this is of interest to all church people.

It is urged upon each school that earnest effort be made that Jefferson county shall attain to a high place in the County Association Standard, which is as follows: 1, County organized; 2, Annual County Convention held; 3, Complete district organization in County; 4, Annual Convention or Institute held in each district; 5, Statistics gathered annually and sent to State office; 6, Pledge made to State Association and paid; 7, County represented at State convention; 8, Fifty per cent. of schools have cradle Roll Departments; 9, Thirty per cent of schools have Home Departments; 10, Twenty per cent. of schools have Teachers' Training Classes.

THE HIGH SCHOOL BULLETIN

Editor-in-Chief, Graydon Robinson
Senior Reporter, Miss Bost
Sophomore Reporter, Miss Dillman

The high school basketball team did not go to St. Marys, as announced in last week's Bulletin. We thought we had a game there but they evidently did not think the same, so we stayed at home.

Claude Smith, better known as "Ma-zooks," former full back on the R. H. S. football team, and at present one of the star players on the New Bethlehem H. S. basketball team, was in town last Monday and visited the schools in the afternoon. We were very glad to see his smiling countenance again and it brings to mind a word not found in Noah's ark or dictionary or any where else—white lamplights.

Robert Koehler, one of the illustrious class of '08, is in the picture business now. For further information ask Miss Best.

We are running school on the nickelodeon plan now. At the close of the first afternoon study period Mr. Bright says: "All those coming in late stay for the next performance." The next performance is held in Room 14 and has a very good attendance.

The kidnapping scare which was briefly touched on last week, was a false alarm. Mr. Sykes is still among us and Miss Best don't have the least idea what people are talking about.

Who can make a noise like 20 cents?

The seniors do certainly present a dignified and striking appearance dressed in the sophomores' clothes.

Vernation? Oh, yes, that's it—vernation is botany.

Who would ever think that such innocent little things as buds or leaves could cause so much trouble to the sophies.

A cold wave struck Room 14 Thursday afternoon with the inrush of the senior class.

Milo, where are the catacombs?

Oh, I wish I could read my book.

A very serious error has been committed, that of allowing the younger

pupils hear the seniors recite Julius Caesar. The freshmen are all trying to be conspirators.

Trust the seniors for finding newspaper advertisements.

Boys, when you go to the board to work algebra, don't stand around and watch the teacher but work your problem.

Miss Eva H. mes, of New Bethlehem, was a visitor in Room 14 Monday.

Miss Miller thinks the sophies a very "titty" class.

Oh, my! These luscious little freshies.

Teacher—Mr. Gillespie, take a seat over on this side.

Gillespie—Yes'm. Any particular place you want it taken?

Koehler—I'll tell her I'm taking astronomy.

Murray—I'll say I'm taking medicine. Koehler (with some concern)—Are you sick, Gene.

Paradise.

Ed. McCreight and wife, of Prescottville, visited the latter's parents, Mr. and Mrs. John Daugherty, over Sunday.

On account of the deep snow, Miss Elda Barnett had to change her boarding place. She is now boarding with Wm. Miller in Wishaw.

Jim Pomroy, of Rathmel, visited at home of Braden Spencer over Sunday.

Shoveling snow has been the principal occupation the past week.

W. A. Sheesley has been nursing a very sore hand the last few days.

Earl Deemer took a sled load of people to Reynoldsville last Saturday afternoon. All report a good time.

The snow on Wall street, the beautiful snow, is deeper far than most people know.

The plants at the green house were looking their best. After Jack Frost's visit you can guess the rest.

There was a little girl. By the name of Miss Barnett. Got fast in a snow drift. And almost said darn it.

One young man by the name of John Perry, went out for a drive but was caught in a flurry. So he turned Mike around and went home in a hurry.

The fourteenth of February Comes but once in a year. It always brings us such good cheer. 'Tis Valentine day, As we all know, And thus the valentines come and go.

Three little girls and three little boys, Some live on Wall street And others near by, Went out for a sleigh ride one night quite late, And did not get home 'Till the next day at eight.

One little boy that works around the mill, Fell into the mill pond, For further information, Ask the girl on the bill.

Rheumatism Cannot Be Cured Unless Uric-O Is Used

Sudden Deaths, Heart Failure and Paralysis Are Caused By Poisonous Uric and Rheumatic Acids

The Rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for Rheumatism and one can scarcely blame him for being so. All the plasters and liniments combined never actually cured a case of Rheumatism. They may relieve it in one quarter, but it is sure to break out somewhere else. The only true way to cure Rheumatism is to drive it from the system, for as long as the Uric and Rheumatic Acid remains in the blood, one is never entirely free from the trouble. This is where the value of Uric-O as a permanent cure for Rheumatism comes in. It seeks out the Rheumatic poison in the blood, muscles and kidneys, renders it inert and harmless and drives it out of the system. That is why Uric-O is such an admirable and effective cure for Rheumatism.

The chief reason that Uric-O is such a wonderful cure for Rheumatism is, that it is designed and prepared to cure Rheumatism and Rheumatism only. It is composed of perfect antidotes for the rheumatic acid poison in the system. That is the secret of its wonderful success. Rheumatism simply cannot exist in a person's system if Uric-O is used.

Uric-O is sold by druggists at 75c and \$1.00 the bottle, but if you still feel skeptical about its efficacy you can test it free of charge by cutting out this advertisement and sending same, together with your name and address, also the name of your druggist, to The Smith Drug Company, Syracuse, N. Y., and they will send you a sample bottle free. To persons who write and say they have never used Uric-O, and want to test it thoroughly, and will agree to take it systematically according to directions, they frequently give a regular 75c bottle free.

Uric-O is sold and personally recommended in Reynoldsville by Stoke & Feicht.

The Shopkeeper Talks

You see, Mrs. Brown, we can't afford to take any chances on oysters. They are either very good or else they are not fit to eat.

If they are scalloped they are fresh and clean, and the most wholesome food you can buy. No ice or water has touched them, and no preservative is ever used for them—that we guarantee. We refuse to handle any but Scallop oysters because they are the only ones that we know to be beyond question.

They come to us in a white-enamel case, that is SEALED at the water beds. The ice is packed around it ON THE OUTSIDE. We will not offer to our customers anything but the best, and that means Scallop every time.

PECULIAR PROPERTIES OF NEW MEDICINE

Cooper Preparation Attracts Widespread Attention by Expelling Internal Parasites.

The interest created in leading cities during the past year by young Mr. Cooper with his new preparation, is largely accounted for by a peculiar quality possessed by this medicine, which he calls his New Discovery.

Mr. Cooper believes that internal parasites, or tapeworms, are responsible for much ill health, and it is an undoubted fact that his medicine has expelled immense numbers of these creatures in various cities visited by him. The young man also believes that stomach trouble is the main cause of all ill health. He claims that few can have poor health with a good digestion. He further claims that his New Discovery medicine does nothing but tone up the stomach, yet it not only expels the parasites, but relieves many other ailments not as a rule associated with stomach trouble.

Little Jessie Birdsall, daughter of Mrs. Ida Birdsall, living at 2138 Carroll Avenue, Chicago, is among many relieved of a large parasite by Mr. Cooper's preparation during his stay in that city. In speaking of the matter to Mr. Cooper, the mother said: "My child Jessie, who is fourteen years old, has been suffering with this trouble for over seven years. Until this morning we did not know what

the trouble was. She was extremely nervous; the least little thing would upset her; her tongue was coated, and at times she would have a good appetite, then again could not bear the sight of food; she was restless at night, had a bad breath, especially when she got up of mornings. We tried everything to relieve her, but met with no success. We were just on the point of giving up trying anything else, when we began to read of Cooper's New Discovery. Several days ago we purchased this medicine. Jessie has been using it regularly, and this morning this parasite left her system. I don't wonder that she has always felt bad, and nothing would give her seemed to relieve her. Now that she is relieved of this tapeworm, I feel sure that she will grow better each day, and enjoy perfect health. Mr. Cooper, your medicine is worth a thousand times more than you charge for it. I know of a number of people troubled the same way as Jessie has been, and I certainly expect to tell them personally to try your medicine." We would advise anyone who has been troubled for some time with general poor health to try this great medicine. We are agent for it in this city.—Stoke & Feicht Drug Co.
