

Nervous Headache

A WARNING.

Not a disease but a symptom or sign which tells of thin blood and exhausted nerves. A warning that nerve force is becoming exhausted and that you are in danger of nervous collapse—prostration, paralysis, or even worse. What is to be done? Headache powders are dangerous and only leave the nervous system more exhausted than before their use. New blood must be formed, new nerve force created, and this is exactly what is accomplished by the use of

A ROYAL FLOUR

Ten reasons why you should use Royal Quality Flour.

- 1st. Because it is the best flour on the market.
- 2nd. Because it does not require an expert baker to bake first class bread from ROYAL QUALITY FLOUR.
- 3rd. When you use ROYAL QUALITY you may rest assured that none of your neighbors are using a better flour.
- 4th. If you use ROYAL QUALITY FLOUR you can bake before dinner time; the bread gets a move on.
- 5th. When ROYAL QUALITY is used in a home there you will find harmony, as there is nothing so essential as good bread to make and keep a happy home.
- 6th. While there is no question but that ROYAL QUALITY FLOUR is the best spring wheat flour on the market, it is handled on close margins and sold at very reasonable prices.
- 7th. When you once try ROYAL QUALITY FLOUR, you certainly will be so well pleased that you will continue its use.
- 8th. ROYAL QUALITY FLOUR bread has some of the sweet good taste like the bread mother used to make.
- 9th. If you want your wife to care for you and your children to stay at home, and your hired girl to stay all through leap year, and your dog to sleep quiet at night and not bark at the moon, buy ROYAL QUALITY FLOUR. Then when you get visitors your wife can say: "We do not have so much to eat, but we must be thankful that we use ROYAL QUALITY FLOUR and always have good bread."
- 10th. Royal Quality Flour is sold on a strict guarantee to give satisfaction.

Ask your grocer for Royal Quality Flour. If he does not have it ask him to get you a trial sack.

PENNSYLVANIA RAILROAD

BULLETIN

THE FORTY BEACHES OF NEW JERSEY.

The one hundred and twenty-five odd miles along the New Jersey coast line from Long Branch to Cape May presents the greatest pleasuring section in the United States.

Upon the bluffs of the northern end and the gently shelving sands of the southern end are located forty resorts which entertain during the spring and summer season millions of pleasure seekers.

At no time in the year is this section more delightful than during the spring and early summer months. One who has not seen them at this season would marvel at their delights. The great pine belt, which extends through the center of New Jersey, fills the air with life-giving ozone, which combined with the salty tang of the sea and the open air exercise possible at all times, is exhilarating and tonic to the highest degree.

Long Branch, with its beautiful cottage neighbors, West End, Hollywood and Elberon; Deal and Allenhurst, largely devoted to cottage life; Asbury Park and Ocean Grove, attracting thousands yearly; Avon, Belmar, Como, Spring Lake and Sea Girt, are a galaxy of attractive places upon the bluffs where "the country meets the sea."

Then the Barnegat Bay section, where Point Pleasant, Sea Side Park, Island Heights, Barnegat City and Beech Haven, with other smaller places nearby, welcome the summer sojourner.

Atlantic City, with its seven miles of beach and drives, and its charming suburbs, leads the island resorts, separated from the mainland by the great salt marshes.

Ocean City, Sea Isle City, Avalon and Stone Harbor; Angelsea, Wildwood, Holly Beach and Wildwood Crest also have a large summer population.

And Cape May, with its new million dollar hotel and its wonderful improvements makes a fitting climax and holds a high place among the forty beaches.

The Pennsylvania Railroad is the direct route to all of these resorts from all sections of the country. Its splendid train service makes each of them neighbor to all the rest and to the world at large.

PHYSICIANS DISCUSS NEW THEORY

Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows:

"The astonishing sale of Cooper's preparation in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines."

"The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up."

"In a statement recently obtained from a well-known physician of this city, the position of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some

of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines."

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment."

"I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

"We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States. —Stoke & Feicht Drug Co.
