BUILD YOUR HOME THIS YEAR AND HELP RESTORE PROSPERITY

It Can be Constructed at Less Cost Than for Many Years Past.

AND BY GIVING EMPLOYMENT

To Men Temporarily Laid Off by the Industrial Concerns You do a Philanthropic Act as Well as Ameliorate Conditions.

The Warren *Mirror* is of the opinion that the present is a good time to build. It says: "Persons who are contemplating building new houses and have the means to do so, should not put off their projects because times are dull now. The present depression is not going to last long and there are two very good reasons why it is wise to build now. In the first place materials are cheaper than they have been for a number of years or are likely to be when times get better. In the second place labor is plentiful and cheaper and the man who gives employment to the enforced idle men is doing a public spirited act, which will be fully appreciated. A prominent builder is authority for the statement that one can build now for 10 per cent less than a year ago, and if this is true, our advice to prospective builders is, build. The man who keeps his fellows employed and their families maintained is the true philanthropist. He is not dispensing charity, but is putting what he has of wealth at the disposal of the men who need his investment to keep them busy. The man who regularly employs his fellows is a better philanthropist than is he who gives his dollars to benevolence and endows colleges and libraries."

WORK ON THE ENON CUTOFF HAS RESUMED

Engineers are working from Enon, on the Ft. Wayne system to a point along the Buffalo & Allegheny Valley division near Brady's Bend. This is said to be the final survey for the projected low grade freight line, which will enable the Pennsy to keep practically all of the through freight out of the Pittsburgh district.

This line was projected about two years ago, when a company was organized with E. B. Taylor, third vice-president of the Pennsylvania lines west, as president. The plans called for a new line connecting the Fort Wayne division with the Allegheny Valley road, all through shipments to be made over the Philadelphia line direct to the east. It was necessary to make a number of changes in the original survey and when the final line was run it was decided to hold up all construction work until business conditions improved.—Pittsburgh Post. When the Enon cutoff is completed there will be a large increase of freight traffic over the Low Grade Division.

Convention Here in June.

The Jefferson County Sabbath School Association convention will be held in Reynoldsville on Tuesday and Wednesday, June 9 and 10, and arrangements have been made for several good free lectures to be given during the convention. On Monday evening, June 8, Dr. C. W. Miner, on Tuesday evening, June 9, Mr. W. G. Landes and others will talk, and on Wednesday evening Rev. Charles L. E. Cartwright, D. D., a noted lecturer, will lecture. April 3rd Dr. Cartwright delivered a lecture in the M. E. church under auspices of the Epworth League and those who heard him that night can recommend him highly as a lecturer.

Harvest Home at Nolan Park.

The big Harvest Home Picnic and Carnival at Nolan Park on the Pittsburgh, Summerville & Clarion Railroad, located between Summerville and Clarion, will be held this year on August 19th, 20th, 21st and 22nd. Last year the carnival was a decided success, there being upwards of 15,000 people on Thursday, the big day, and the train facilities were of the very best. The management is putting forth special efforts to make the carnival bigger and better than ever this year. The train facilities will also be arranged to give first-class service at low rates. Look out for further announcements in the columns of this paper.

A Prayer

THE day returns and brings us the petty round of irritating concerns and duties. Help us to play the man, help us to perform them with laughter and kind faces, let cheerfulness abound with industry. Give us to go blithely on our business all this day, bring us to our resting beds weary and content and undishonored, and grant us in the end the gift of sleep.

New Brick Plant at Clymer Now Almost Ready for Operation

G. W. Lenkerd is the Secretary and General Manager of the Company.

We received a copy of the Indiana *Evening Gazette* of May 15 in which was a column and a quarter write-up of the new fire brick plant at Clymer, Indiana Co., of which G. W. Lenkerd, formerly of this place, is manager. The *Gazette* says: "The various processes in the making of the product, including the grinding, screening and mixing of the clay, and the forming, pressing, drying and burning of the bricks are all provided for by the employment of machinery of the most approved pattern and methods which are calculated for the conservation of power and of time. The completeness of these arrangements cannot be appreciated without a visit to and an inspection of the plant."

The clay vein varies from 20 to 23 feet in thickness and the supply at present controlled by the Clymer Brick & Fire Clay Company is thought to be sufficient to employ the plant for 100 years. The officers of the company are:

John S. Fisher, Pres.; Henry Hall, vice president; G. W. Lenkerd, secretary; R. M. Wilson, treasurer; directors, W. D. Kelly, of Philadelphia; T. L. Snyder, of Clearfield; H. A. Kratzer, of Clearfield; H. N. Widdowson, of Mahaffey, and Thomas Bellis, of Altoona.

PUNXS'Y DESIRES CHANGE IN PLACE OF HOLDING INSTITUTE

THE OLD SOLDIERS OBJECT TO SPORTS ON MEMORIAL DAY

The Grand Army Post of Reynoldsville adopted a resolution, which will be found in another column of this issue of THE STAR, requesting that there be no dancing or ball playing on Decoration Day this year. The day is observed in memory of the soldier dead and it is unbecoming a nation of patriotic people to make it a day of sporting.

Miners Must Not Drink.

The H. C. Frick Coke Company of Pittsburg has issued a series of new rules for operating of their mines, and one of the most significant features of the new order of things is the new rule which provides for the dismissal of a miner who becomes intoxicated while off duty and reports for work the following day incapacitated for work. The mere fact that he is off duty when drinking, therefore, does not save him. The company has also notified all miners that it will not knowingly employ miners who are given to the habit of drinking liquor on or off duty.

Valued Same as Gold.

The Spirit Commends Efforts to Break a Precedent not for the General Good.

OTHER PAPERS ALSO APPROVE

The Matter will Probably be Taken Up at the Winter Session of the Directors' Association and a Fair Vote Secured.

The proposition to pass the Jefferson county teachers' annual institute around, so as to include Brookville, Reynoldsville and Punxsutawney, alternately, which was embodied in a resolution by Director J. H. Murray, of Reynoldsville, and presented at the recent directors' convention in Brookville, and which culminated in great disorder, is not to be lightly passed by if the Reynoldsville STAR can prevent it.

THE STAR offers prima facie evidence that Reynoldsville was led to believe that the Murray resolution would be given fair treatment and receive powerful support when presented to the convention, but looking back upon the proceedings of the convention, it finds much to criticize concerning the treatment the resolution received.

In justice to THE STAR it must be said that it has made out a good case and unless those mentioned have evidence to contradict it, the reader of the article in THE STAR will be bound to form the conclusion that Reynoldsville and the other eligible towns in the county had been given the double cross.

In the matter of convenience Reynoldsville has several shades the best of the argument, while as between Brookville and Punxsutawney the county seat is a back number.—Punxsutawney Spirit.

After Supper Sale

After Supper No. 3 is Dated for Next Thursday Night

Three is a lucky number and thrice lucky will be the shoppers who are on hand at six o'clock on Thursday night. We have made these weekly After Supper Sales the greatest trade bringing events that this town or store has ever known.
