MANY FREE ATTRACTIONS

Have Been Engaged for Reynoldsville's Big Celebration July 3 and 4.

FIREWORKS IN THE EVENING

The Firemen are Arranging a Program for the Two Days That Will Draw Crowds From all Over the County.

Reynoldsville will have the biggest and most enjoyable Fourth of July celebration in this section of the state. Arrangements are being made for three excellent free attractions and the firemen will give the people two days of sport, July 3rd and 4th, that will not be equalled in any of our neighboring towns. Big display of fireworks in the evening. One important point to be considered by the people is the fact that they can have a good time at Reynoldsville on those dates at a small expense, as most all, if not all, the attractions will be free. A full list of attractions will be published in THE STAR later. If you want to have a real good time make calculations to spend the Fourth of July in Reynoldsville.

Colburn Window Glass Machines.

From the Scientific American we clip the following concerning the Colburn window glass machines:

"By far the most systematic and painstaking study which has been made of the whole problem, we owe to Mr. Irving W. Colburn, of Franklin, Pa. He has attacked it from every conceivable side, expended large sums in experimenting; built and destroyed machine after machine, and after ten years has at last built the first commercial successful apparatus for drawing sheet glass of any reasonable width and of any desired thickness, surface and polish. At the Franklin plant there are no gatherers, blowers, snappers or flatteners. The cutters and the superintendent are the only skilled men employed, and the cutters will some day give way to automatic devices. With three men and six boys more and better glass is made by the machine than can be made by thirty-nine men with the cylinder process. At present the plant is running twenty-four hours a day, three shifts of eight hours each. The six cutters employed cannot keep pace with the output, for which reason more cutting tables are being installed."

Teachers' Examination.

County Supt. L. Mayne Jones, will hold the annual examination at Reynoldsville on Thursday, June 25, for teachers of the county. The Compayre Psychology sold by E. C. Shields, of DuBois, will be made the basis of examination in Theory. Examinations begin at 8.00 a. m. Certificates will be in hands of teachers by July 15th; no certificates issued before July 16th.

Popular Young Couple Wedded.

Lulu Robinson Blair and Arthur E. Tyson, two well known young people, were quietly married at 10:30 o'clock Tuesday morning, June 2 at the home of the bride on South Main street. The beautiful ring ceremony was performed by Rev. Dr. J. Bell Neff, of the Methodist church. A sumptuous wedding dinner followed the ceremony and the happy couple left on the noon train for an extensive wedding trip, after which they will reside on South Main street.

Mrs. Tyson is the adopted daughter of Mr. and Mrs. John Blair and is very popular. Mr. Tyson also has a host of friends who wish them a happy and prosperous married life.

Only the immediate relatives of the young couple were in attendance and the marriage was very quietly celebrated on account of a recent death in the bride's family.—DuBois Courier.

Mr. and Mrs. Tyson came to the home of the groom's parents, Mr. and Mrs. James Tyson, in this place Friday evening and were given a callithumpian serenade about midnight by a number of Mr. Tyson's Reynoldsville friends.

CARRIE NATION SPOKE TO LARGE AUDIENCES HERE.

Made Her Usual Sensational Attacks on Liquor, Lodges and Other Things Too Numerous to Mention.

Mrs. Carrie A. Nation, of Kansas City, Kan., who is known all over this country as a temperance advocate, not so much for eloquence in speech as for her sensational methods, was the attraction at Park Theatre last Thursday evening and Friday afternoon. At least 1,200 people were at the Park Theatre Thursday night to see and hear Carrie. More people were there through curiosity than for any other reason. Mrs. Nation is full of surprises and her pungent phrases equal the discourses of the late Sam Jones or Evangelist Billy Sunday. She is still full of fire and energy, her voice is clear and rather pleasing and she is seldom at a loss for words. Mrs. Nation's methods are too sensational to accomplish the good she might do in the temperance work if she was more conservative. Her abuse of lodges and churches does not help the cause she advocates. Her autobiography and little hatchets were on sale after the lecture.

Mrs. Nation visited a couple of places in town Friday and gave the proprietors a "piece of her mind," and a number of men and boys, whom she met on the streets with cigars or cigarettes in their mouth, were given "free lectures" in no mild terms. Mrs. Nation expects to return to Reynoldsville in September. She was the guest of Mrs. E. L. Evans while in our town.

Sykesville Gets a Dentist.

We are again having a dentist in our midst and we believe this is a good field for a dentist. Dr. D. R. Eisenbuth, of Reynoldsville, has opened a dental parlor in one of the front rooms upstairs in the Estes & Long building on Main street. We hope the people of this community will give the new dentist an opportunity to try his skill in his profession.—Sykesville Post Dispatch.

A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan, of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Stoke & Felcht Drug Co. drug store.

MAY OPEN A NEW STREET

East End Residents Petition Council to Join Worth Street and Cool Spring Hollow.

NEW FIRE WHISTLE ORDERED

Council Lowers the Millage for Current Year Slightly and Transacts a Large Amount of Routine Business.

The regular monthly meeting of the town council was held on Tuesday evening with all members present.

Tax Collector Wm. Copping reported following collections made in May: \$67.95 of 1906 taxes and \$167.78 of 1907 taxes.

Chief Burgess S. M. McCreight reported fines and licenses for month of May \$32.00.

Petition signed by 111 citizens of the borough asking council to open a street from upper end of Worth street to connect with Main street near Cool Spring Hollow, was presented. Council met in a body to view the proposed street. Action will be taken in the matter at next meeting of council.

Council placed an order for an eight inch fire alarm, which will be placed on the Light & Power Co. power house as soon as the alarm can be gotten.

Current bills for month of May were ordered to be paid.

Council decided to construct an eight inch sanitary sewer in Willow alley, between Coal alley and Fifth street.

The millage for 1908 was fixed as follows: Borough 4, bond 4, borough bond sinking fund 14, police, 11, water 1, light 34, total 124 mills. In 1906 14 mills was laid, in 1907 13 mills and this year 12. The borough indebtedness was reduced \$1,500.

To Whom It May Concern:

The town council of the borough of Reynoldsville will receive subscriptions for the purchase of borough bonds of the borough of Reynoldsville until Monday, the 15th day of June, 1908, at 6 o'clock p. m. The amount of bonds to be issued shall not exceed \$10,000.00. Said bonds shall be in sums of one hundred dollars each, payable in thirty years from the date thereof, with interest thereon at the rate of four per centum per annum, payable semi-annually on the first day of January and July of each year, free from state tax to the holders thereof, and said bonds, or any portion or number thereof, may at the option of the said borough, be redeemed at par on any interest paying period after the expiration of four years from the date of their issue.

All subscriptions for said bonds shall be in writing giving the name and address of the person making application therefore and the number of bonds desired. Said subscription shall be mailed or deposited with the clerk of Council before the time above specified.

The Town Council reserves the right to award said bonds, or any portion of same, to such person or persons as they may see fit.

F. S. HOFFMAN,
President of Council.
CLEMENT W. FLYNN,
Clerk of Council.

BUFFALO BILL'S WILD WEST.

Will Exhibit at DuBois Pa., on Monday, June 22.

The event of the out-of-door amusement season in this vicinity will be the appearance of Buffalo Bill's Wild West and Congress of Rough Riders of the world as referred to above. The exhibition has been away from America for four years, during which time it appeared in eighteen different European countries and held up pictures of American history before the gaze of delighted thousands, who then for the first time gained their first intimate idea of early life in the far west. Buffalo Bill travels with the exhibition, personally directs the performances and participates in some of the big Indian battles, enacting in one instance the roll he originally created, in 1899, at the battle of Summit Springs. In this scene one hundred Indians participate, and the real red-men of the plains also appear in "A Holiday at T-E Ranch" and "An Attack on an Emigrant Train." These big scenes of Indian depredations are the principal historic features of the show, but the Rough Riders comprise another part of the entertainment equally interesting and equally instructive. There will be riders from all nations, Cossacks, Arabians, South Americans, Japanese, Germans, English and our own American cow-boy, best type of the dauntless horsemen. Bucking ponies, trained horses and a number of acrobatic displays and feats of horsemanship. And at every performance, rain or shine, the original and only Buffalo Bill will be in the saddle, leading his care-conquering hosts.

OPERATIONS TO RESUME

On the Route of the Franklin & Clearfield Division of the N. Y. Central.

ROUTE THROUGH THIS PLACE

Seems Very Probable if Press Reports That Trains will be Running Before the Snow Flies are Correct.

Contractors are looking forward to a renewal of work on the Franklin & Clearfield railroad and it is expected that bids for at least part of the construction of the line east of Coder, the present terminus of the line two miles west of Brookville, will be acted on, says the DuBois Express. Several Pittsburg firms have submitted bids on some of the heavy work, though at what location is not stated. The announcement has been made at the Cleveland headquarters that building would be resumed this summer and that that portion of the line between Franklin and Brookville would be in operation by fall. The same source also says the Vanderbilts will be running trains over the new road into Cleveland before the snow flies. If this latter statement is true it means that the F. & C. intends to use the tracks of the Pennsylvania and B. R. & P. from Brookville east, as it will require two years to make a roadbed over the mountains.
