Store article, call us up telephone. We'll get it out in no-time-at-all, and you will have the satisfaction of securing exactly what you wish. As a makeshift some forgetful folks run to the nearest drug store and take whatever is offered, but that doesn't answer at all. When you pay for the best, you might as well get it. Everything is up-to-date and in most complete shape for serving you in the most acceptable manner.

**SOLDIERS' MONUMENT.**

Money to be Raised by Subscription—Monument will be Erected in New Cemetery.

Some months ago mention was made in THE STAR that a large monument was to be erected in the Reynoldsville cemetery in honor of the soldier dead that sleep in the "silent cities" of Reynoldsville. The money for the monument will be raised by subscription and the ladies of the Women's Relief Corps have agreed to raise the money for it. This is a noble and patriotic movement by the G. A. R., Sons of Veterans and W. R. C. and every loyal citizen should subscribe to this fund. If you cannot give much, give what you can. A large monument in honor of the soldier dead will not only show that we are patriotic, but it will also be an inspiration to future generations for patriotism. What are a few paltry dollars in comparison with the great sacrifices made by the brave men in the sixties?

**GLASS PLANT DAMAGED.**

Early Morning Fire Destroyed About \$20,000 Worth of Property.

Early Saturday morning fire was discovered in the flattening house at the Brookville glass plant and it had such headway, and a poor water system, that the flattening house, cutting room and packing room were destroyed. The loss will amount to about \$20,000, without any insurance. The origin of the fire is unknown. It is supposed to have started in No. 2 oven in flattening house. We understand that there were some boys in the flattening house Friday evening shooting fire crackers. That may account for the fire.

**ELECTRICAL STORM.**

Over 100 Telephones Put Out of Commission by Its Severity.

The electrical storm which passed through this section yesterday afternoon and last night was a corker in respect to the damage inflicted on the property of the telephone companies.

About 100 'phones belonging to the Summersville Company were put out of commission. The Bell people had about half that number on their list to be repaired this morning, and the Farmers' Company had the switchboard at Anita and ten 'phones put out of commission during the disturbance.

The trunk lines of both the Summersville and Bell companies were most all crippled, and it required the services of all their repairmen to get them in shape this forenoon.

In addition to the electrical and rain storm a severe hail storm swept over Anita and the country east and west, doing considerable damage to crops and garden vegetables.—Punxsutawney Spirit July 3.
