Best Game of Season.

The best game of ball that has been played here this season, all things considered, was the game between the Reynoldsville and Punxsutawney teams Monday afternoon. It was a fast and interesting game from start to finish. The game was a good exhibition of base ball skill and there was not a jar or jangle during the entire game, which was played in one hour and forty minutes. It was the kind of ball that lovers of the sport enjoy. The score was 6 to 0 in favor of the Reynoldsville team. The battery for home team was Carney and Gibson and for the visiting team McGee and Smith.

The Punxsutawney Spirit in mentioning the game said: "Carney, who pitched for the victors, allowed the locals but three hits, while he succeeded in striking out fifteen of the Punxs' batsmen. McGee, who dished them up for the Reynoldsville sluggers to swing on, pitched good ball, but not quite good enough. The Reynoldsville contingent played an errorless game while the locals had four marks in that column.

That Debt.

It is a small one, to be sure, and apparently not worth a serious thought. Why not then pay it? Why be compelled to suffer the mortification of a dun? Why not take that little thorn out of your finger at once? It will fester if allowed to remain, and cause ten times the trouble. Why not relieve the conscience of that little load? You contracted the debt knowingly and willingly. Did you mean to pay it? Certainly you did. Then why not do it at once? Every day's delay increases, morally, the amount of your obligation. Remember, too, that your little debt, and another man's little debt, and a thousand other men's little debts, make a little fortune for your creditor.—Exchange.

Important if True.

From an indirect source we have been informed that in some future time the B. & P. railway company will erect large car shops near Cloe, where the Indiana branch joins the main line. It is thought that the shops at DuBois will be transferred to that place. The blue prints call for twenty-two tracks. B. & P. railway employes agree to this theory, and if it is true, which in all probability it is, it will be a big boom for both Cloe and Punxsutawney.—Punxsutawney News.
