

Has modern schools and churches, paved streets, water, gas and electric accommodations, convenient trolley service, high and healthful location, varied employment for labor and many other residential advantages.

Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

## Sons of Veterans Will Invade Reynoldsville Next Week For Their Annual Encampment

Mammoth Park will be Strung With Electric Light Wires for the Occasion.

### DAY AND NIGHT PROGRAMME

Speeches, Ball Games, Target Practice, Drills and Camp Fires will Make the Week's Outing Enjoyable for All.

The annual Field Encampment of the Sons of Veterans will be held at Camp Lloyd, Mammoth Park, Reynoldsville, August 17 to 24. The following Camps will be represented: Punxsutawney, DuBois, Kittanning, Johnsonburg and Reynoldsville.

The following program has been arranged:

Monday, August 17, assembling of Camps and setting up tents, etc.

Tuesday—A. M., ball game, DuBois vs. Reynoldsville; afternoon, target practice; 7:00 p. m., drill; 8:00 camp fire; address of welcome by G. M. McDonald.

Wednesday—A. M., ball game, Punxsutawney vs. DuBois; p. m., target practice and other amusements; 7:00 p. m., drill; 8:00 camp fire.

Thursday—A. M., ball game, Kittanning vs. Reynoldsville; p. m., target practice; 4:00 p. m., ball game, Johnsonburg vs. Punxsutawney; 7:00 p. m., drill; 8:00 camp fire.

Friday, August 21st, will be Soldiers' Reunions and Woman's Relief Corps Day. A special invitation is extended to all old soldiers and members of W. R. C. to be present that day. In the forenoon there will be a ball game between Johnsonburg and Kittanning teams and target practice; at 2:30 p. m. Dr. A. J. Meek will deliver an address; 4:00 p. m., camp fire; 7:00 p. m., camp fire. Addresses by various members of the G. A. R. at both these camp fires.

Saturday—A. M., ball game between the two strongest clubs for championship; 2:00 p. m., target practice; 4:00 p. m., drill; 7:00, dress parade over principal streets of town.

Sunday—11:00 a. m., services by Rev. J. C. McEntire, Camp Chaplain; Sunday evening, camp fire.

Monday, August 24, general good time for everybody, with a big camp fire at night.

Tuesday morning, break camp. Amusements of all kinds on the grounds for both young and old.

Park will be lighted by electricity; everybody welcome.

Military rules and regulations will be observed throughout the encampment.

### Mahler Glass Plant Has Been Leased

Kane People Propose to Operate the Plant at DuBois this Season.

There is very good prospects that the Mahler glass factory will be again put in operation, and perhaps for a full run the coming season.

Some parties from Kane have been in town a few days and it is understood that the plant has finally been secured by them by lease. They claim to be Bohemian glass makers and they understand the business. Monday they were making preparations for some alterations and refitting the factory, which has been idle for a long time. The season is again almost at hand for starting up the fires in the glass factories, and the *Courier* has been told that these parties want to have the plant in shape for starting at the usual time, or as near to it as possible. It is possible that glass making will begin before the first of October.—*DuBois Courier*.

#### A Postal Card.

A postal card directed to the principal of the Clarion State Normal School will bring to you a copy of our handsome catalog which contains information concerning the Clarion State Normal School. The fall session will open September 8th. Applications for rooms should be made at once. J. George Becht, Principal.

### CONGRESSIONAL ASPIRANT.

Dr. J. T. Pender is an Able and Worthy Man.

Dr. J. T. Pender, pastor of the Blairsville M. E. church, who is the Prohibition candidate for Congress in the 27th congressional district, which takes in Jefferson county, was in Reynoldsville last week and lectured in Centennial hall Wednesday evening, preaching in the same hall Thursday evening and preached in the M. E. church Sunday morning and evening. Dr. Pender did not seek the nomination for congress, in fact would rather not have had the nomination, and so stated when notified over long distance telephone that he would be nominated, but also added that besides being a minister of the gospel that he was a loyal American citizen and would not shirk any duty. Dr. Pender is not only an able and eloquent preacher, but he would be a worthy and capable man to represent the people of the 27th district in the congressional halls of this great country. He is a man of sound judgment and well qualified for congressional timber. We will likely have more to say about Dr. Pender's candidacy a little later.

### Good Roads Association Needed in County

Co-Operation of Supervisors and People Could Accomplish Much.

If the supervisors of Jefferson county could be brought together annually, for a weeks session, on some such terms and under such conditions as those which have been provided for our school teachers, there would be little doubt but that within a very few years a system could be evolved which would lessen wonderfully the burdens of road taxation and result in securing roads that would be from 300 to 500, or more, per cent better than that at present.

Other counties in many other states have been experimenting for years and out of these experiments has come a plan that has never yet failed where it has been given a fair trial. The earth road is by far the most common type of highway in this country. Its cheapness in comparison with other types of construction and the absence in many sections of the country of rock, gravel, or other hard natural materials for road building will render its use necessary for many years to come.

There are at present in this country about 2,000,000 miles of such roads, most of which must be maintained by some means more or less expensive. The split-log drag is of great service on roads of this class, and an increasing mileage of the rural highways of this country is kept in repair economically and well by this simple implement. It is now in use in many states of the Union and foreign countries also, and its adoption in most localities where there are earth roads will doubtless increase rapidly.

One good Roads Association in the county acting in conjunction with a supervisors' association would, within a few years, work a marvelous change in highway maintenance and construction.—*Punxsutawney Spirit*.

#### Plenty of Gas at 200 Feet.

Some months ago Daniel Wise drilled a 58-foot well at his new residence on Main street and got a good flow of water and a little gas, but later both failed. He decided to go deeper and on last Saturday, Frank Crytzer, of DuBois, moved a drilling machine here and drilled again in the same hole.

At 200 feet they got a high pressure of gas, at a higher depth they have drilled lots of water. They abandoned the drilling Tuesday with lots of both water and gas. If it proves necessary to go deeper in order to hold the gas a derrick will be built.—*Sykesville Post-Dispatch*.

#### Lingenfelter and Wells Reunion.

The fifth annual reunion and basket picnic of the Lingenfelter and Wells families will be held on Wednesday, September 2nd, day and evening at Wishaw Park. All relatives and their friends are cordially invited to attend.

### Aged Veteran Buried Sunday

Wilder Mack Boyle Served His Country Well as Soldier and Citizen.

Mention was made in THE STAR that Wilder M. Boyle, an old soldier, had died at his home at Deemer's Cross Roads at 4:50 p. m. August 5, 1908. Funeral service was held at the family residence at 1:00 p. m. Sunday, conducted by Dr. A. J. Meek and Rev. Sibley, then the body was taken to the Emerickville M. E. church and another service was conducted by Revs. Meek and Sibley. Interment was made in the Emerickville M. E. cemetery and the Grand Army men had charge of the service there and the old soldier was given a military burial. Sons of Veterans fired the salute. A number of G. A. R. and S. of V. members of this place attended the funeral. The funeral was large.

The floral tributes were beautiful, consisting of pillow from W. R. C., bouquet from family, bouquet from Mrs. George Miller, bouquet from Mrs. Daniel Doney, bouquet from Mrs. Joseph Cable.

The following out of town relatives and friends attended the funeral: Mrs. Charles Boyle, Mrs. George Lewis, Fred Boyle, of Pittsburg, Mrs. George Boyle, Mrs. Wm. Woodel, Mrs. Mary Sharp, of Clearfield, Frank Mohney, of Kellersburg, Squire Corbett and son, of New Bethlehem, J. E. Boyle and daughter, Edith, of Rimersburg.

The following family history and sketch of Mr. Boyle was handed to us for publication:

During the war of the Rebellion there were many families that contributed nobly to the cause of the union by sending their sons to the front and they paid dearly in the sacrifice of life and blood. Of the six sons of George Boyle, an expert cabinet maker and a man prominent in religious work, five sons enlisted and two died for their country. One of the two survivors, who was wounded and shattered in health, was Wilder Mack Boyle, the subject of this sketch, a well known and highly respected farmer of Winslow township, Jefferson county. The family are of Irish extraction. The grandfather, Daniel Boyle, immigrated from Ireland to America with his family in 1807. He was a tailor by trade and settled in Clarion Co., Pa. His son, George Boyle, who was born in 1798, learned the cabinet maker's trade, and at Phillipsburg, Pa., married Miss Elizabeth McCloskey, a native of that town. Their early married life was spent near Curleville, Clarion Co., Pa., but later they moved to Illinois. Returning to Clarion county, Pa., they settled near Rimersburg, where they

remained until his death in 1869, at the age of sixty-two years. His wife, the mother of our subject, died September 7th, 1873 aged seventy years, one month and two days. George Boyle was a man devoted to church and humanity. He and his wife are buried in Rose church cemetery at Rimersburg.

Wilder Mack Boyle was born May 5th, 1831, in Madison township, Clarion Co. He remained at the home of his parents, working on the farm in summer and cutting wood in the winter until twenty years of age, when he began a four years' apprenticeship in Clarion Co. with John Shandler, a carpenter, receiving the first year \$60.00, the second \$120.00, the third \$140.00 and the fourth \$160.00. On October 18th, 1856, at New Bethlehem, Pa., he was married, by Rev. John Tompson, an M. E. minister, to Miss Susan Mohney. She was born March 2nd, 1834, at Smithland, Clarion Co. Was a daughter of John and Sarah Polly Mohney, both natives of Clarion Co.

To Wilder M. and Susan Boyle were born the following children: John E., a miner of near Rimersburg, Pa., who married Elizabeth Snyder and has one child, Edith; Elizabeth A., who married Leonard Reynolds, a farmer of Winslow township, and has one child, Sadie; Sadie, deceased, wife of Jerome Bowers, a railroad man of DuBois, Pa.; Charles C.; Ferman D., married and at home; Loren H., married and lives in Reynoldsville.

After concluding his apprenticeship in 1855, our subject for three years engaged in carpentering in partnership with John Shandler. Then for years he followed lumbering during the winter and in the summer until his enlistment August 13th, 1862, in Company F, 103rd, P. V. I., under Capt. Josiah Zink. Mr. Boyle was in service three years; he was wounded in the left arm and taken prisoner at Plymouth, N. C., but eight months later he was paroled, until exchanged and sent home. He secured a thirty day furlough, afterward extended to sixty days, and remained with his family in Armstrong county, where his wife had gone to live with her sister during Mr. Boyle's service in the army. Rejoining his regiment he served until the close of the war, and was honorably discharged in June, 1865. During his service Mr. Boyle participated in many active engagements. After he was mustered out he remained in Armstrong county a year recuperating his health. He then moved to Brookville, where he engaged in lumbering, farming, etc., until 1872. In that year he moved to the present Boyle farm. For two years he rented and then purchased four acres and kept adding thereto from year to year until he owned forty-five acres. In politics he was a Republican. For two years he served as supervisor, then declined the re-nomination. He was a member of Reynoldsville Post, No. 192, G. A. R., and was an active member of the M. E. church, in which he had been class leader during the past three years.

### ENTERS MOUNTAIN LEAGUE

Reynoldsville Ball Team Will Play the Tyler Nine This Afternoon.

### CARNEY IS SLATED TO PITCH

On Wednesday, August 12th, the strong Tyler team of Tyler will play at Reynoldsville. This is one of the fastest amateur teams in this part of the state and as the Reynoldsville club is playing championship ball, a great game is expected. Battery for Tyler will be Smart and Maholtz; for Reynoldsville Carney and Gibson. Turn out and take your friends and cheer the home team on to victory. Game commences at 3:30 o'clock.

Reynoldsville and Tyler are now members of the Mountain League, taking the place of DuBois and Ridgway, two teams unable to stand the pace. The league is in somewhat precarious condition and there is difficulty securing dates for the games convenient for all the teams. If it continues in existence the balance of the season, the Reynoldsville team should stand an excellent chance of landing the pennant. The present make-up of the club includes a lot of seasoned veterans who can be depended on to play an uphill game till the last man is out and in Arthur Carney have one of the most promising young pitchers in the county.

### Nine Townships Visible From One Point

Remarkable Scenic Panorama on D. B. Moore Farm in Washington Township.

One of the most beautiful scenic spots in this section of the state is to be found on the D. B. Moore farm in Washington township. From a high hill in the rear of the house occupied by Mr. Moore and his son, V. L., landmarks in nine townships of Jefferson county are visible and on a clear day many of the towns and hamlets scattered over the rolling hills of these districts may be seen. The farm itself, one of the oldest and most highly cultivated in the section, lies in the western portion of Washington township; near it on opposite sides corners of Winslow and Warsaw townships approach; in the near distance lie portions of Snyder, Knox and Pinecreek, while along the still more distant horizon may be discerned the faint blue hills of Rose, Henderson and McCalmont townships. There are points in Winslow township where a more distant prospect may be had in one direction, but for a view to all the points of the compass it is doubtful if this "observatory" can be surpassed.

#### Located in Press Building.

Seell & Hunt, state agents for the sale of "Sewer Clean," the new sanitary compound for cleaning sewers and drain pipes, are now located in the Press Building, room 411, fourth floor.

"Sewer Clean" has the reputation of being the best preparation known for the purpose for which it is used and though it has been on the market but a short time its sale is growing daily.—*Binghamton (N. Y.) Press*, July 1, 1908.

The Sewer Clean Manufacturing Co. of this place, in response to local demand, has placed "Sewer Clean" on sale at H. L. McEntire's drug store. Ask for pamphlets.

#### Save Five Percent on Taxes.

If you want to save 5 per cent on your 1908 borough taxes payment of same must be made on or before August 31st.

Under date of July 8, 1908, I received following notice from secretary of council: "Owing to the condition of borough finances, the council, by resolution, instructed the clerk to notify the collector and bondsmen that settlement of the 1906 and 1907 duplicates must be made within sixty days from date thereof, otherwise suit will be commenced on the bonds for each of said years." This makes it necessary for me to insist on payment of 1906 and 1907 taxes within the sixty days.

WILLIAM COPPING, Collector.

### STRIKERS BALLOT TO-DAY

Johnson & Hastings Met the Committee and Submitted a Proposition.

### BASE PAY ON ACTUAL WORK

July 30, two weeks to-morrow, the men employed on the paving of Main street, from Seventh street to borough line, who were getting \$1.50 for ten-hour day and getting paid once a month, struck for a nine-hour day, increase of wages to \$1.65 per day and pay every two weeks. There was a meeting in the Reynolds Park Monday evening to try to get the matter adjusted between Contractors Johnston & Hastings, but Mr. Hastings was not at the meeting. A committee was appointed to meet Messrs. Johnston & Hastings Tuesday forenoon, the committee waited on them and the contractors made the following proposition: All men return to work on ten-hour day basis at \$1.50 per day and a strict account will be kept of amount of work each man does in a day, and any that earn \$1.65 per day will be paid that much for each day's work. The two weeks' pay will be granted.

The men are to meet at the office of Johnston & Hastings at 10:00 a. m. to-day and take a secret ballot as to whether they will accept or reject the proposition submitted by the contractors.

#### Double Track Nearly Completed.

It is expected that double-tracking and straightening operations on the B. & P. between Brookwayville and Carman will be completed this week with the exception of the tunnel at Empire. Portions of the new line have been in use for several weeks and in a few weeks all will be out in with the exception of a single track around the big bore.

Considerable difficulty has been found in constructing the tunnel. The workers ran into a soft shale formation that is not self-supporting and by shifty nature is causing much trouble and inconvenience. Owing to this fault it cannot be said when the hole will be ready for rails. With parts of the new line already in use the bad curves between the two points named are eliminated and the distance shortened. With double tracks the operation of trains is greatly facilitated over a section that for years has been one of the points on the system where congestion of traffic was likely to occur.—*Brookwayville Record*.

#### Theophilus Pantall.

Theophilus Pantall, one of the wealthiest men in this community, died at his home in Young township, about two miles north of this place, last Wednesday forenoon, August 5, 1908, of neuralgia of the heart, aged 67 years. Mr. Pantall had not been in good health for more than a year but his illness was not of such a nature as to cause his friends to believe that his death would result so suddenly. About a week ago he had a serious attack and for a time it was thought that he could not recover, but he recuperated and was thought to be improving. The deceased was one of the most successful business men in Jefferson county and leaves a large fortune. He is survived by his wife and the following children: Lon Pantall, cashier of the First National bank, Mrs. Clara Goheen, who is making her home in South Carolina, Mrs. J. A. Doran and Mrs. W. A. Sutter.—*Punxsutawney Republican*.

#### Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say something in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Stoke & Feicht Drug Co. drug store, 50c.

#### Card of Thanks.

We are very thankful to the friends and neighbors for their kindness during illness and after death of our father, Wilder M. Boyle.

BOYLE FAMILY.

## STOP .. LOOK .. LISTEN

EVERYTHING STOPS BUT THE CROWDS TO

### Nolan Park

On the P., S. & C. R. R.

August 19, 20, 21, 22

World-famed diving ponies, trained animals, minstrel shows, oriental shows, base ball games, dancing, band concerts, ferris wheels, circle waves.

Everything complete, with all the new and novel features of high class attractions.

Some of the foremost public men in the land will be present to address the crowds at the Park.

COMMITTEE.
