

# Dealers, Attention!

DO NOT LAY DOWN THIS PAPER WITHOUT  
FIRST READING THIS.

Four years ago we started in to manufacture high grade macaroni, and we have been kept busy delivering the goods ever since. Twice within the above period we have been compelled to enlarge our factory in order to supply our growing trade, until at present we have the best equipped plant for the manufacture of macaroni, noodles, etc., in this part of the country. We have been urged by our many friends in the trade to manufacture an extra fine brand of macaroni for the fancy grocery trade. We have just added this department to our already large factory and are now in position to supply the trade with a superior article along these lines. This new kind of macaroni we call our "Jefferson Brand" and comes packed in one pound paper cartons, 24 cartons to the case. We also wish to call your attention to our "Jefferson Brand" Double Egg Noodles, so called on account of us using two eggs to the pound of noodles, whereas other manufacturers use only one egg to the pound, or at best three eggs to two pounds of noodles. These noodles come in two styles: Broad style, which is termed "Ribbon Noodles," and fine style, which we call "Fedelina Amatasse." These noodles can be used in a variety of ways: Prepared the same as macaroni, or with meat broth, or in any style that you use the home made article. The fine kind can be prepared the same as oat meal or any breakfast food and served with sugar and milk, and makes a very appetizing breakfast food. These noodles are packed in the same manner as the macaroni, only there are 20 cartons to the case. We cannot speak too highly of the above brand of noodles and macaroni as they are the result of years of experiment along these lines. Heretofore we have packed our output in bulk, which, while our output is easily sold to the foreign trade, did not suit our many friends in the American trade on account of the large sized package. Now is your chance to get the finest article in its line in this or any other country.

## ALSO

Through our representatives in Italy, we have just secured an extra fine assortment of pure Olive Oil, we import and pack under the following brands:—"Purity," "Jefferson Brand" and "Marrano Brand." These goods are second to none in purity and quality. Few American people, outside of the medical profession, know the value of Olive Oil, which is so extensively used by the Italians in this and other countries. Did you ever hear of an Italian having appendicitis? No. Why? Because they use Olive Oil for culinary purposes instead of the heavier animal fats. It is also very beneficial to the preservation of the gums and teeth. Have you noticed it? In fact it has more soothing and healing qualities than any other food known. It can be used for frying all kinds of food, especially fish, game, potatoes and meats of all kinds, also in dressing all kinds of green stuff, and in making salads. Do not risk your health and life by using a mixture of cotton seed and peanut oil packed and sold as Olive Oil and soon appearing under the name of "Salad Oil." Insist on getting the genuine article from a reliable dealer. All of the goods that are packed and manufactured by us are guaranteed to conform with the existing Pure Food Laws in their strictest sense. Dealers, write us for prices. We can interest you.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it.
