MRS. SARAH BAUM DEAD.

Was a Well Known and Highly Esteemed Old Lady—Funeral Sunday.

Mrs. Sarah Baum, relict of Peter Baum, died at her home near Emersickville at 11.50 p. m. December 2nd, 1908. Her death was caused by a complication of diseases. October 15, 1907, she fell and broke her right leg and suffered ever after. Her maiden name was Sarah Kroh, daughter of Mr. and Mrs. Jacob Kroh. She was born in Northumberland Co., Pa., October 8, 1831, and was seventy-seven years old last October. She was united in marriage to Peter Baum fifty-eight years ago and resided at her late home during all her married life. Unto Mr. and Mrs. Baum seven children were born, four of whom survive the parents and are: Mrs. Emanuel Schugars, of Emersickville, John H. Baum, of Reynoldsville, Mrs. Charles Mumford, of DuBois, and Mrs. Daniel W. Dluger, of Emersickville. Deceased is also survived by twenty-one grandchildren and four great grandchildren.

Mrs. Baum was highly esteemed and beloved by all who knew her, and she was well known in this community. She was a good wife, loving mother and kind neighbor. She was a faithful member of the Methodist Episcopal church at Emersickville for many years. Rev. Charles Zetler, of Summersville, preached the funeral sermon in the Emersickville M. E. church at 2.30 p. m. Sunday. Rev. Sibley assisted in the services. Interment was made in the M. E. cemetery. The text for funeral sermon was taken from the 23rd Psalm, which had been chosen by Mrs. Baum before she died. In her many months of suffering she was very patient, and when death came she was prepared to meet her Redeemer and she asked her children to meet her in heaven. She will be greatly missed in the community where she resided so many years.

The eastbound passenger train on the P. R. R., due here at 6.35 a. m., was two hours late leaving here yesterday morning. The ash-pan on engine dropped down and caught in the switch frog just east of Hopkins and derailed the tender of the engine. The train was speeding along at pretty fast rate when tender jumped the track and it is marvelous what prevented the coaches from jumping off the track. It was necessary to get another engine at this place to haul the train to Driftwood.

Liked to Pull the Whistle.

Page McNutt, of New Bethlehem, who was an engineer on the Low Grade Division back in the seventies, when the speed of freight trains was not limited, attended the B. P. O. E. memorial service in Centennial hall at this place Sunday afternoon. On account of being crippled with rheumatism, Page quit railroading a number of years ago, but many of the old inhabitants along the Low Grade still remember Page McNutt on account of his apparent delight in blowing the engine whistle. Page was noted as the whistling engineer. At every road crossing, and sometimes where there were no road crossings, the long, shrill blasts of his engine notified denizens far and near that an iron horse was traversing through the country. When three or four miles away from a station Page generally began blowing the whistle and kept at it until his train stopped at or passed by the station. If a train Page McNutt was hauling ever struck any person it was not because they had not been sufficiently warned of the approach of the train. In those days people that gave any attention to railroading could tell when McNutt's train was coming before the train reached O'Donnell from the west or Pancoast from the east. Page was not only good at banging to the whistle, but he was a good engineer and could get a train over the road as quick as any of the boys.

Pleasant Social Event.

The banquet in the Knights of Pythias hall last Friday evening was a very pleasant social event. Wm. Copping says, "It was immense." There were eighty guests present. Alex Riston was chef and the feast was a good one. In addition to tickling the palate with good things short speeches were made and there was vocal music. The banquet marked the twenty-ninth anniversary of the organization of Valiant Lodge No. 461, K. of P.

Postmasters Under Civil Service.

Tuesday of last week President Roosevelt threw the civil service mantle over all fourth class post masters in fourteen states, including Pennsylvania, which applies to about 15,000 postoffices. The Congressmen have long been accustomed to look upon the postoffices as their political "spoils," and the President's order was quite a shock to Congressmen. If the scheme now undertaken becomes permanent it will likely mean that fourth class postmasters now in office in the states named will become holders of life jobs so long as their behavior is up to civil service standard.

Don't Fool School Days Away.

If reports be correct there are some pupils in our high schools of whom the accusation will never be made that was made against Paul when he was before King Agrippa, "Much learning doth make thee mad." Dame Rumor says they lack interest, are indifferent to school life and would rather "gad" the streets in the evening than study. When the golden opportunities of school days have glided away and the now indifferent pupils arrive at the age of maturity and have combat with the responsibilities of life, then, when too late, they will see what they have missed. Better improve your school days.

GRAND RALLY

At the Wig Wam of Mazomania Tribe No. 341, Improved Order Red Men Monday, Dec 7th.

Two of the Great Chiefs of the reservation of Pennsylvania trailed their way across the mountains from the rising sun and entered the forest surrounding our busy wigwam and we bid them enter that we might smoke with them the pipe of peace. After a short time was spent in regular routine exercises, the Great Sachem of Pennsylvania, J. S. Zimmerman, of Shamokin, gave an interesting analysis of what the I. O. R. M. was to the individual and community and how it may be made an ideal organization for general helpfulness and concluded his eloquent address by introducing the Great Junior Sagamore, W. H. Long, of Hanover, York county, whom, he said, was the greatest speech-maker of them all; and we were not disappointed in the least, for fact and witicism flowed from the first to the last of his address, like the mountain stream, with every word composed of sunshine and sage truth, with the earnestness of a true and loyal worker in a cause for the betterment of the individual, the home and the community. After his address a short time was spent in a round table meeting in which all took great interest. This was followed by lunch and a general good social time. The lateness of the hour brought the pleasant gathering to a close and all went home resolved to live more devoted to the great principles of Freedom, Friendship and Charity. ONE WHO WAS THERE.

Call of the Wild.

It is not surprising that so many men hear the call of the wilds and hie them to the mountains to hunt. It is not because they love to kill or that they are delighted with the sight of blood. It is because there is a sense of freedom and relief from care when roaming through the forests and breathing the pure air of the mountains, that is ravishingly sweet. To get away from humanity, from everything that is artificial and false, and feel that you are free as the eagle of the crags, is to taste of genuine happiness. No wonder the heart of President Roosevelt longs for the virgin wilds of Africa! What joy, what rapture, will be his!—Punxsutawney Spirit.

A Teacher Over Half Century.

Miss Mary Wilson, 73 years old, one of the oldest and perhaps best known school teacher in Western Pennsylvania, died Tuesday evening of last week, December 1st, after an unbroken record of fifty-one years as an instructor in the primary grade in the Punxsutawney schools. In the half century she taught she did not miss a day. A remarkable record. At the close of the school week on Friday, October 23rd, 1908, she went home ill and did not leave her bed afterwards.
