

Red Cross Stamps.

D. H. Breakey and Stoke & Felcht Drug Co. have on sale a number of thousands of Red Cross stamps which the philanthropic people of Reynoldsville are invited to purchase. The proceeds of the sale will be added to the fund now being raised in all parts of the state for the purpose of combating the spread and reducing the prevalence of the "great white plague," consumption. The stamps sell at one cent each and every grown up in this town and vicinity should be willing and anxious to spend at least ten cents to help the unfortunate poor afflicted with consumption. It is a good and charitable work; help it along.

If you wish your children to be respectful to you, then you should be respectful to them. The boys and girls who are spoken to in a harsh, rough tone of voice naturally fall into the habit of responding in the same way. Parental dignity and authority may be asserted with the utmost firmness, and yet without coarseness or arrogance. In fact it cannot be well asserted in any other way. A rude father or mother is likely to have rude sons and daughters. —Ex.
