The Star.

Reynoldsville

Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

VOLUME 17.

REYNOLDSVILLE, PENN'A., WEDNESDAY, DECEMBER 23, 1908.

NUMBER 52.

BRICK BUILDINGS TO REPLACE RUINS

Recent Fire in Business District Will Result in Big Building Boom.

FOUR NEW BLOCKS PLANNED

The fire on Main street on the night of December 5th, which destroyed from \$25,000 to \$30,000 worth of property, with small amount of insurance, was a heavy loss to seven or eight individuals, for whom everybody was sorry, yet the fire will result in a decided improvement in the appearance of Main street, as it is the intention of the property owners to erect brick buildings to take place of the frame structures licked up in the conflagration eighteen days ago. We understand the work will be started as early as possible in the spring and that Green & Conser, W. H. Moore, Peters & Butler and M. M. Fisher will all build, making a solid brick block from Imperial Hotel to Priestler's furniture store, which was formerly frame buildings and some of them looked very much out of place on our Main street. The individuals lost heavily by this fire, but as has been the case in several other large fires in our town, it will mean a big improvement in the appearance of Main street when the burned district is covered with new brick buildings. Therefore, a few individuals loss and the town gains additional handsome and substantial buildings.

This is Worth Reading.

Leo F. Zelinski, of 68 Gibson St., Buffalo, N. Y., says: "I cured the most annoying cold sore I ever had, with Bucklen's Arnica Salve. I applied this salve once a day for two days, when every trace of the sore was gone." Heals all sores. Sold under guarantee at Stoke & Felcht Drug Co. drug store. 25c.

Trunks, traveling bags and suit cases at Bing-Stoke Co.

Don't forget that A. Katzen can furnish your whole family with underwear. Always low prices.

Swindlers Trying To Mulct Farmers

Falsely Represent Themselves Agents of State Livestock Board.

The State Livestock Sanitary Board has issued a warning to farmers to beware of men pretending to be agents of the state charging for examination of cattle under pretense of searching for foot and mouth disease. They are also warned that the state has sanctioned no reduction of price for calves because of the presence of the disease.

In York county farmers were victimized by sharpers buying calves, claiming an official recommendation had been issued that \$1 be deducted from prices because of prevalence of disease. Dr. Pearson's office stated that no agents of the state or government are allowed to ask or receive fees and that no regulations as to price has been even contemplated.

REAL ESTATE TRANSFERS.

Property Changes in Jefferson County Put Upon Record.

Isaac Hollenbaugh to F. R. Murray, for 7 acres in Winslow township, \$320. November 3, 1908.

Marked for Death.

"Three years ago I was marked for death. A grave-yard cough was tearing my lungs to pieces. Doctors failed to help me and hope had fled, when my husband got Dr. King's New Discovery," says Mrs. A. C. Williams, of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 58 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at Stoke & Felcht Drug Co. drug store. 50c and \$1.00. Trial bottle free.

Come in and look over our new dressing saques and kimonas. "New line." Bing-Stoke Co.

Effect of Tobacco On School Students

A City Superintendent Blames Failure of Students on Its Influence.

City Superintendent W. H. Sprengle has been giving much attention and investigation to the use of tobacco among the pupils of our city schools, and makes the startling declaration that boys failing to sustain themselves in their grades or to win promotion, have been, and are, addicted to the use of tobacco in some form. Every boy, he says, from the fifth grade up, who has failed to be promoted or has had to repeat his grade, that is, who has had to remain in the same grade more than one year, has been a user of tobacco; every boy demoted has been a user of tobacco and the superintendent does not recall a single exception among the boys of the high school who are not doing well but who is a user of tobacco. How can this growing evil condition of affairs be stopped. Should Superintendent Sprengle instruct his teachers to keep out of school all boys polluted with tobacco, "personal liberty" would be the howl right away. Teachers really have no right to endure such unpleasant and nauseating conditions, and yet, would it be safe to join in a protest against them to parents and the public? Doctors, directors, business men and above all the public should be aroused to effective action on this subject and steps should be taken to correct this growing, destructive evil which is sapping the energy of the minds of the young and crippling them for life, insofar as the measure of future usefulness is concerned, at least.—Clearfield Public Spirit.

Clearfield is not the only town where school boys use tobacco. There are others.

Holiday Toilet Cases right to the fore at Stoke & Felcht Drug Co.'s.

Joint Meeting Of Medical Societies

Many Pertinent Topics Discussed at DuBois Last Friday.

Several Reynoldsville physicians attended the joint meeting of the Jefferson, Clearfield and Elk county medical societies in DuBois last Friday afternoon. Some interesting topics were discussed. Dr. Ball, of Warren, and Dr. Theodore Killer, of Pittsburgh, members of the legislative committee of the State Association, were present. Killer spoke at length on the subject of establishing a hospital for the treatment of inebriates. At the present time an inebriate can be sent for one year to an insane asylum for treatment, but it is the aim of the medical profession to get a bill passed establishing a regular institution for their treatment. Another matter that was discussed is the establishment of a new medical board. At present the different branches of the medical profession have boards, but it is planned to have one board composed of members from all of the branches and have candidates take but one examination. Another piece of legislation that will be looked after is the securing of a new practice act, whereby a doctor can be prevented from practicing because of drunkenness, cocaine habit and criminal abortion.

Xmas Neckwear.

New styles in Xmas neckwear at Bing-Stoke Co.

Phonographs.

You know how people will run to the window to hear the band. Get a phonograph and have a band in the house. Easy terms if you wish. Stoke & Felcht Drug Co.

Leave your order with us for your Xmas tuckies. Hunter & Millirens.

Occupy New Schoolhouse Dec. 28th.

Vacation time was moving time for the school board of Sykesville. The seats and furniture are now being transferred from the old school rooms to the new building. The carpenters and painters are finishing their work on the rooms as rapidly as possible, and everything is being put in readiness for the opening of school in the new building Monday morning, December 28th. The contract is not yet complete as the finishing touches on some of the rooms which will not be used immediately is not so important and could be done while school is being held in the other rooms.—Sykesville Post-Dispatch. The new school building is a fine looking structure and the people of Sykesville have good reason to feel proud of it.

Christmas Services.

Special Christmas services will be held in the Catholic church Christmas day. First mass at 6.30 a. m.

All our candy guaranteed strictly pure. Robinson & Mundorff.

Suitable kerchiefs at Millirens for Xmas.

Fine sweet oranges, grapes and grape fruit for breakfast. Flavor to suit your palate. Robinson & Mundorff.

Gone to Asia.

Since Russia's defeat by Japan the other side of the globe has become the world's chief news center. All Asia is now in a turmoil of unrest and the air is full of rumors of war.

To give its readers the truth about the movements which are going on in that country, Frank G. Carpenter, the correspondent of the Pittsburgh Dispatch, who is known the world over as one of the greatest newspaper writers of this age, has been sent to Asia, and commencing the first Sunday in the new year his illustrated letters will appear every Sunday in The Dispatch.

Mr. Carpenter has already left the United States and is now traveling in Japan. From there he will make his way northward into Korea and thence overland through Manchuria into China. He will spend some time in Seoul and Mukden and going on by rail to Peking will traverse a great part of the Chinese Empire. Later on he may make his way through Siam, Burma, Hindustan, Palestine and Turkey. No one who hopes to keep abreast with the times can afford to miss these letters.

Leave your order with your news-dealer and be sure that he delivers you The Dispatch every Sunday.

New Ritual for Eagles.

With the beginning of the year 1909, the new ritual of the Fraternal Order of Eagles will go into effect. This will be the first change that has been made since the first aerie was formed in Seattle, Wash., over ten years ago, and is said to be a decided improvement over the old, which members of the order have long admitted to be a masterpiece. However, it is said the new one about to be issued will exceed by far that of the first, which was the work of men still living, who helped to revise and produce the new ritual. At the Grand Aerie session held in Seattle in August, it was decided to hold the memorial services either in the month of January, February or March, instead of during the month of May, as has been the custom.
