COUNCIL GIVES BOND TO APPEAL BURNS DAMAGE CASE

Motion for Vote On Municipal Ownership of Water System Failed to Carry.

VOTE ON QUESTION WAS A TIE
 Session Last Night Filled With Business of Importance To The Citizens.

The regular meeting of the town council of this borough convened in Sec. C. W. Flynn's office last evening with President Hoffman and following other members present: Young, Deible, Baldauf and Dinger.

The street committee stated that they had met with Mr. Roller in regard to the condition of the street in front of his property on East Main street. They reported that the matter was being adjusted and that they hoped to be in position to make a final report at the next meeting.

Tax Collector Copping reported taxes collected in January as follows: 1906 tax \$23.80, 1907 tax \$60.06, 1908 tax \$53.60.

The light committee reported that they had made an investigation of the necessity for an arc light on Hill street, between Fifth and Sixth streets, and that they do not believe the light is necessary there at this time.

On motion of King and seconded by Young, an order authorized to be drawn in favor of the borough treasurer for \$100 to lift one of the borough bonds held by the First National bank. Motion carried.

On motion of Dinger and seconded by Baldauf, the solicitor was instructed to notify E. C. Burns to make settlement of the John Howlett indebtedness to the borough for the amount due the borough from Howlett as shown by the auditors' settlement of 1893, for which Burns is surety. Motion carried.

On motion of King and seconded by Dinger, the inspection report of poles as made by F. P. Adesperger, chief-of-police, was submitted, read and ordered to be placed on the minutes, and secretary was instructed to notify the parties whose poles were mentioned as needing repairs.

On motion of Young and seconded by Deible, the burgess and secretary of council were authorized and empowered to enter into a bond to the Commonwealth of Pennsylvania for the sum of \$1,500 for the use of the parties interested on condition that the borough will prosecute its appeal vs. E. C. Burns, with effect and will pay all costs and damages awarded by the Appellate Court legally chargeable against it. Motion carried.

A resolution was submitted to council to give the citizens an opportunity to vote at the February election as to whether the borough shall buy and own the water works or not. Some of the councilmen gave one reason for objecting to the resolution was on the ground that there was not time to bring it before the people properly at this election. There was a tie vote on the resolution.

Bills amounting to about \$200.00 were read and orders granted for payment of the bills.

Bald Faced Game Played by Fakers

Traveling Through Jefferson County and Snaring the Unsubsidious.

According to an article published in the Punxsutawney Spirit last Friday a bald-faced fakerism is being worked on citizens of mining towns in Jefferson county, and we warn our readers to lookout for the swindler. We clip following from the Spirit, which shows how the scheme is worked:

A man passing himself off as a representative of a big city grocer, calls with a proposition to sell 25 pounds of sugar for \$1, one hundred pounds of flour for \$2, and coffee for \$3, total \$6, with a premium of a carpet or oil-cloth enough to cover the floor, or a suit of clothes, or, if the head of the house is a woman, a fancy dress.

The agent delivers the coffee, takes the \$3 and promises to deliver the flour and sugar and prize next week, "when his car comes."

After the Punxsutawney man got wise to what was going on he asked some of those who had made purchases to weigh their coffee. Following his advice they discovered that the packages weighed 12 pounds, and were worth about \$1.

Assembly Hall To-Night.

Mr. Riggs won his way into the hearts of hearers at the very start, and the charm lingered throughout the entire lecture, which gave evidence of his great versatility of talent. The delivery of his original poems was exquisite, the delineation of characters captivating, and the power of his genial personality seemed to breathe with the spirit of rich humor and wit in the rendition of his "Musical Fits and Misfits." Mr. Riggs sustained the reputation made for himself in other cities, and he will always be welcomed here as "An Artist Favorite" in the realm of delightful entertainment.—Daily Journal, Dayton, Ohio.

At Assembly hall to-night, Feb. 3.

'Twas a Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's Mew Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, coughs, colds, hemorrhages, hay fever, lagrippe, asthma or any bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial bottle free. Professional Men Were Entertained

Exceptional Social Event At Home of Dr. John H. Murray.

Last Friday evening Dr. John H. Murray gave a four-course six o'clock dinner party to a number of professional men at his elegant home on Main street. Physicians, dentists, lawyers, preachers, druggists, editors and several others were among the invited guests. Three tables were spread and the twenty-eight guests were seated at one time. A place card, with name on, and a carnation were on the tables for each guest and the place cards, which were pen work done by Miss Adda Myers, were unique souvenirs. On the doctors' cards were skull and cross bones, little church on preachers cards, scales on lawyers cards, mortar for druggists, set of teeth for dentists and the heading and part of the first page of Philadelphia North American for the newspaper men. The eatables were of the choicest kind and were served by a half dozen handsome maidens dressed in white, and while the guests were partaking of the good things Mrs. K. C. Schuckers presided at the piano and played almost continuously for over an hour. After the last course was finished a box of cigars was passed around for those who enjoy an after dinner smoke. It was one of the finest dinner parties ever given in Reynoldsville and Dr. Murray and his estimable wife have the hearty thanks of the guests present on this occasion. The dinner party was first-class in every detail and there was nothing lacking to make it an enjoyable feast.

LIFE'S MOTTO.
 Speed on thy way,
 Nor stay
 To note the critic's frown—
 To heed the flatterer's smile;
 But if, in some sad heart,
 Thou canst smite sorrow down,
 Then tarry there awhile.

EXPANSION AT THE SYKES WOOLEN MILL

Wedding Bells This Morning.

John O'Hare and Miss Susie C. Schultze United in the Catholic Church.

At 5.00 a. m. to-day, February 3, 1909, Miss Susie C. Schultze, handsome daughter of Mr. and Mrs. W. C. Schultze, of Fourth street, and John O'Hare, a business man of Reynoldsville, were united in marriage in the St. Marys Catholic church in this place. Father Lynch performed the ceremony. The bride was dressed in a blue chiffon broadcloth traveling suit. Miss Hattie Schultze, sister of bride, was bridesmaid, and Thomas O'Hare, brother of groom, was "best man." A wedding breakfast was served at the home of the bride's parents. Only immediate members of the two families were present.

Mr. and Mrs. O'Hare left here on the 6.30 a. m. train over the P. R. R. on a wedding trip to Pittsburgh, Harrisburg, Philadelphia, and New York City. They will return home via Rochester, N. Y.

Mr. O'Hare and bride are both well known in Reynoldsville and both have a large circle of friends here who will extend congratulations and good wishes. Mrs. O'Hare was one of the members of the first graduating class in the Reynoldsville high school and was a teacher in our public schools for eight years and a half, resigning her position last week as teacher to be married this week.

Cadenza Minstrel Co. will give something different Feb. 8, 9 and 10 at the Grand. Admission 10 cents.

An Addition to Mill is Being Built and More Looms Will be Installed.

FORERUNNER OF PROSPERITY

The Sykes Woolen Mill Company plant at this place is now running full capacity and the company has found it necessary to enlarge the plant and men are now at work on a brick addition. G. W. Sykes was in Philadelphia last week buying six new looms for the mill and as soon as possible the new machinery will be put in operation.

To Index Deeds and Judgments.

Judge John W. Reed has issued an order directing the re-indexing of the deeds and miscellaneous instruments recorded in the register and recorder's office and the establishment of a new system of indexing judgments in the prothonotary's office, according to the Cott-Russell L-M-N-R-T system, and the books for the prothonotary's offices are now in place. The work in the register and recorder's office will necessitate a large amount of clerical labor, under expert supervision, and will not likely be completed in less than a year. The Cott-Russell system is the property of the Cott-Russell Co., of Columbus, Ohio, and Williamsport, Pa., which company furnishes the books and forms necessary for the indexing. It is one of the best modern systems, and was chosen by the investigating committee of the Jefferson County Bar Association, whose report to Judge Reed is made a part of his order. The expense of the work will be paid by the county, and it will aggregate several thousand dollars.—Brookville Republican.

Come, Mr. Renter, Let Us Reason Together

THE majority of the imperial fortunes of to-day were made through judicious realty investments. Never before were the possibilities for fortune building so pregnant with opportunities as they are at the present time. Russell Sage said:

"Young man, buy real estate and then work hard at your avocation. Your real estate will make your old age comfortable."

Here is the advice of one of the most successful financiers of the age—a man who accumulated a fabulous fortune. The first thing towards getting a start in life is to save money. The next thing, to invest it profitably. Now, at the beginning of the year is a good time to glance over the past and see what you have done toward owning a home of your own. That house you live in might have been yours. You paid for it, but the title still remains with the land-lord. Once in a lifetime is enough for a mistake of this kind. See us for prevention. Can't you look back over the past few years and see where you missed it in not investing in lots? Others bought them while they were cheap and made fortunes. You can't get rich working for wages. It's the savings well invested that bring fortunes. There is one safe, conservative investment that should appeal to every person trying to get a start in life. It is real estate. If you are a married man you should have a home; if single, you should count at least one good building lot among your possessions. We will help you to make a good choice and make it easy for you to finance the proposition. It's your move. Here are a few of the bargains we can offer you now:

ONE LOT on south side Main street; 32 x 150. Suitable for house or store building; fine location for some order to build them a permanent home.

ONE LOT on south side Jackson street; 50 x 150 feet with two good frame houses thereon, one 6-room and one 7-room. Good barn on lot. Will sell together or separate. These are on the paved street and are bargains. Investigate soon.

ALSO, One good building lot in DuBois, on Taber Avenue, and one large brick building in Falls Creek containing four store rooms on first floor and a nice suite of living rooms on second floor. Building is 73 x 58 x 68 x 30. It is advantageously located and would be very suitable for small manufacturing business, such as shirts, overalls, mittens, etc. A bargain.

These are only a few of the good things we have. We can offer you timber, coal and business propositions, and best of all, SEWER CLEAN and SEWER CLEAN DOUBLE XX. Do not forget these. Come in and see us, and as we said before, "Let us reason together."
