

**Headache,  
Backache,  
Sideache,  
A Worn-out  
Feeling.**

These are especially women's afflictions. They are caused by irregular working of some of the functions of the body. It is of the utmost importance to every woman to know that there is no medicine so valuable for her, so helpful, so strengthening, as

**Lane's Family

**He's Doomed Either Way.**  
If a woman can't marry a man herself because she already has a husband she'll marry him to somebody else, anyway.—New York Press.

Sore throat leads to Tonsillitis, Quinsy and Diphtheria. Hamlin's Wizard Oil used as a gargle upon the first symptoms of a sore throat will invariably prevent all three of these dread diseases.

**Not a Country for Police Brutality.**  
The brutality of the treatment that the police deal out to suspected persons—subjecting them in nearly every American city to extreme insult and physical violence—is grossly un-American. The law of despotic countries is based upon suspicion—the disbelief of man in man. But the law of free states assumes the general innocence and honesty of men. It holds men innocent until proved guilty. The whole abominable Russian "sweating" system in all its degrees should be driven out of this land. Republics are not built on craft and cruelty.—New York American.

The municipal electric light plant of South Norwalk, Conn., was put out of commission the other night by a child's hoop, which, lodged between two wires on a remote circuit, connected the commercial and the arc currents, burning out some of the machinery at the plant and crippling the entire service.

**Lydia E. Pinkham's  
Vegetable Compound**

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.  
If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

**Circular Skirt.**

The skirt that takes straight lines and which is close fitting is the one that is in greatest demand at this time, and this circular model is graceful in the extreme, while conforming to all the requirements. It can be made either with or without the seam at the front and with or without seams over the hips, so that it is adapted both to narrow and to wide materials. In the illustration chifon broadcloth is made with the seam at the centre front only and with the hem interlined with flannel to give needed weight, but all suiting and all skirting materials are appropriate. The seams over the hips are in every way desirable for narrow material, as they do away with unsightly pleating, and they also can be utilized for any material that has a tendency to sag, as the straight edges of the back portions prevent stretching, but the plain circular skirt is a handsome one, and many women prefer it to every other sort.

The skirt can be made in one, two or four pieces, as the seams at the front and over the hips are used or omitted. It is perforated for walking length and for habit back.

The quantity of material required for the medium size is six and a half yards twenty-four, five yards thirty-two, three and five-eighths yards forty-four or three yards fifty-two inches

model produces the best possible lines and includes the new close fitting sleeves together with a fancy yoke. In the illustration the yoke is made of all-over lace and the blouse itself is made of fine white lawn, but ready made yokes can be utilized for the purpose if preferred, or the yoke could be made from embroidery, or from plain material with some simple design embroidered by hand.

The waist is made with a fitted lining, which can be used or omitted as liked, and consists of front, back and yoke. The neck is finished with a high stock collar and the long sleeves are made in one piece each.  
The quantity of material required for the medium size is five and three-quarter yards twenty-one or twenty-four, three and a half yards thirty-two or two and a quarter yards forty-two or two and a quarter yards forty-four of all-over lace.

**Slippers of Kid.**  
Tourist slippers in colored kid and suede handsomely put up in wallet-like cases of the same leather are among the newer novelties.

**Jeweled Buckles.**  
The large jeweled buckles are again the vogue, and they appear upon the very finest hats. While many are of fine metal and jewels, yet we see good creations in buckles fashioned of satin, soutache, jet and other millinery materials.

**Creamy Satin Gowns.**  
Creamy satin or faille is in great demand for Directoire gowns, with chifon tunic in color.

wide if made with seam at the centre front; four and three-eighths yards forty-four, four yards fifty-two if made without seam.

**Pearl Trimmings.**  
When pearls or pearl trimmings begin to lose their whiteness it is a good plan to pack them away in a box containing powdered magnesia, which after a time will restore their lustre. The powder should be laid at the bottom of the box and the pearls be placed upon it.

**Coarse-Meshed Nets.**

**The Well Informed of the World.**

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

**A Knowledge of Forms, Knowledge of Functions and Knowledge of Products** are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

**Known Quality, Known Excellence and Known Component Parts** and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs and Elixir of Senna.

**BOY REMOVES APPENDIX**  
Not From His Body, However, But From Priceless Books of His Father.

Johnny loved his papa, and one morning, after he had listened to a long disquisition from the author of his being, addressed to his elders, on the general uselessness of the vermiform appendix, ending up with the broad statement that he hoped he'd see the day when every appendix in creation was cut out, the little boy resolved upon an agreeable surprise for his daddy. He worked in secret for several days, and then sprang it.

"See what I have done for you, daddy!" he said, leading the wondering father into the library and showing him a neat pile of many pages which he had accumulated. "I've cut the appendix out of every book in this library."

It was then that words failed, and Johnny's father's vocabulary made a general assignment for the benefit of its creditors.—Judge.

**HAD SEVERE WEEPING ECZEMA.**

Face and Neck Were Raw—Terrible Itching, Inflammation and Soreness—All Treatments Failed—Cuticura a Great Success.

"Eczema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The eczema itched so that it seemed as though I could tear my face all to pieces. Then I began to use the Cuticura Soap and Ointment, and it was not more than three months before it was all healed up. Miss Ann Pearson, Northfield, Vt., Dec. 19, 1907."

**A Lion Story for Roosevelt.**

A more remarkable story is by Sir Charles Elliott, one of his majesty's commissioners of the protectorate, who heard it "from the lips of an excellent man who appeared to believe it himself and resented incredulity in others." Told briefly: this gentleman was marching up from the coast with a caravan of laden donkeys, which on one day made remarkable speed with the exception of the hindmost, who lagged behind in spite of every inducement to keep up with his companions. On arriving in camp, the men were horrified to find that the supposed donkey was a great lion, which during the previous night had killed and eaten a donkey, ears, hoofs and all, and was so gorged and torpid that he could scarcely move. In the uncertain light of the dawn he had been saddled and laden with the burden carried by his victim, and been driven along behind the donkeys, who were so alarmed that they kept ahead of their natural enemy all day.—National Magazine.

**Pathos of Success.**

The cause of Governor Cosgrove of Washington, who sought the office for 20 years and now finds that his health requires him to reside for an indefinite time in a warmer climate, is almost as pathetic as that of James Buchanan, who sought the presidency of the United States for 20 years, and won it only after he had ceased to care for it, when all his friends he had hoped to reward were dead and all the enemies he had marked for punishment had become his friends.—St. Louis Republic.
