New Nozzle for Firemen
 After the fire at J. A. Welsh's home last Thursday morning an experiment was made with a new combination spray and shut-off attached to the hose. It worked so well that councilmen present immediately authorized the firemen to keep it and council would pay the bill. The nozzle is a marvel in its way and is especially designed to aid fireman in entering a room filled with smoke. The profuse spray thrown around drives the smoke forward and enables the firemen to do much more effective work. Another advantage is that one man can handle the hose with this nozzle with ease and a shut off in the nozzle makes it possible for the man holding it to stop the water instantly.

Fire Thursday Morning.
 Thursday morning at 11 o'clock, the roof of John A. Welsh's home, at corner of Jackson and Fifth streets, was discovered burning. The regular alarm whistle brought out Hope Fire Co. in quick time, but prompt work with buckets had almost put out the fire before the firemen arrived. How the fire originated is not known, but most probably from a spark from the chimney, about six feet away from the burned spot. Aside from the shingles destroyed, little damage was sustained. A peculiar circumstance of the fire was that only four days before another house owned by Mr. Welsh, located on the opposite side of Fifth street from his home, caught fire on the roof in the same mysterious way and did just about the same damage.

The evening was spent very joyfully after which the lassies left for their respective homes. Marie received a number of lovely little gifts. A FRIEND.

FACTORY SOLD.

Building and Machinery of the Twyford Company Bid In.

The plant of the Twyford Motor Car company at Brookville was closed out at receiver's sale Monday. There was a great crowd at the sale, but very little was sold to outsiders, the building and expensive machinery, together with several nearly finished automobiles, going to L. M. Humphrey, the heaviest judgment creditor. The building was sold for \$12,000. The building and machinery are in good condition and will make a first-class home for some manufactory.

This ended the first and last chapter in the history of what several hundred small stockholders thought was going to make a first-class industry. Some of them did not even receive their stock; they just paid their money over and now the automobile factory has gone to join the first chair factory.

Lake Shore Officials.
 A special inspection train bearing officials of the Lake Shore railroad passed over the Pennsylvania track as far as Falls Creek and thence down the R. & F. C. R'y to Reynoldsville yesterday. St. Patrick's Day Party.

Tuesday evening, March 16th, Miss Edith Harris entertained about twenty-five of her friends at her home on Fourth street. The party was in the nature of a celebration of St. Patrick's day, and the house had been beautifully decorated with green draperies, flags of old Ireland, interspersed with American flags, while here and there among the draperies hung shamrocks and very realistic looking snakes, which had been cut from green paper. The decorations were planned and arranged by H. E. Phillips and demonstrated his skill and artistic taste. The keynote of the amusements of the evening was the potato. Perhaps the most mirth-provoking of these amusements were the "potato" race and the making of animals from an assortment of potatoes, peanuts, prunes, raisins, tooth picks and hairpins. Fine refreshments were served in which the color of green and the potato furnished the dominant note. An original conceit being a clay pipe with the guests' name, the date and the legend, "A bit o'blarney" written on in green ink and used as place cards.

Guests present from out of town were Miss Sara Hughes, of New Castle, Miss Thesie Smith, of Wayesburg, Miss Hyndman, of DuBois, and Wm. Weber, of Hyde.
 The guests present departed, feeling they owed a very enjoyable evening to their hostess. A GUEST.

Died At DuBois.
 Death twice invaded the home of Mr. and Mrs. Frank Hutton, of 206 East Second avenue, DuBois, within a period of less than 24 hours and carried away an aged brother and sister. The death of Mrs. Eilia Gorham, at 7 o'clock Tuesday evening, March 16th, was followed at 3.30 Wednesday by the death of Cyrus G. Davenport. The latter was the father of Mrs. James T. Evans, of Reynoldsville, and having frequently visited his daughter here, was well known to many of our citizens. Funeral services were held at the home of Mr. Hutton Friday morning and the remains of Mr. Davenport were buried at DuBois. The body of Mrs. Gorham was taken to Binghamton for burial by Messrs. Hutton and Evans.

Of Mr. Davenport's war record the Express speaks as follows:
 October 1, 1861 Mr. Davenport enlisted, within one hour after his wedding, in the 9th N. Y. Cavalry, Co. E, and he continued in the service until he was honorably discharged October 27, 1864. On June 16, 1862, he was made corporal of his company for faithfully attending to his duties as a soldier at all times, and on the 24th of the same month he was again promoted, being made sergeant. It was his regiment that opened the battle of Gettysburg. They were in the thick of the fight all the first day, and followed the retreat of the rebels at the conclusion of the struggle back and forth over that historic field.

They Say—
 That four well known Reynoldsville boys were in DuBois Monday night to see an athletic exhibition and that when returning home in the early hours of the morning two of the youths got cold and got out of the carriage to walk. It is further stated that becoming enraptured with the moonlight scenery the pedestrians failed to keep an eye on the carriage and the cross roads signs. Which fact accounts for their wandering into Reynoldsville at three o'clock Tuesday morning weary, cold and footsore, having traversed most of the territory between DuBois, East Liberty and Reynoldsville. They say, also, that Howard Skehan and Bart. Froy might tell you the names of the despoiled "villains" who remain in the carriage.
