COUNCIL ORDERS A SURVEY FOR NEW EAST END STREET

DuBois Fire Department Paid \$100.00 For Services Rendered.

DAMAGE CLAIM PRESENTED.

The regular monthly meeting of town council was held in Secretary C. W. Lynn's office on the evening of 6th inst, with President J. V. Young presiding and the following members present: F. S. Hoffman, Jacob Deible, August Baldauf, G. M. Herold and David B. Cochran.

W. T. Cox presented a claim of \$48.00 for damage to property on account of change of grade on Main street. It was reported to grade committee.

Council instructed president and clerk to draw an order in favor of the chief of the DuBois fire department for \$100.00 for services rendered at fires in Reynoldsville in 1908. A bill of like amount to be presented to the Reynoldsville Water Company for payment on account of the fact that the services of the DuBois fire department were rendered necessary by reason of neglect of the water company to supply water during fires.

Mrs. Margaret McEntire requested council to make change of street line at corner of First and Jackson streets. Referred to street committee to investigate.

Street committee was instructed to hire an engineer to have three surveys made for proposed new street connecting Worth and Main streets near the eastern borough line, and that the committee secure options from property owners through whose property the survey passes. To report at meeting to be called by president of council.

The fire preventative committee was instructed to purchase 400 feet of Paragon fire hose.

Current bills were ordered paid.

Chief Burgess Williams reported collections for month of March \$40 50.

Criminal Court.

The April term of criminal court began in Brookville Monday with a full attendance. President Judge John W. Reed is presiding. He made the following appointments: Grant Sheafnocker, of Brookville, foreman and jury: H. E. Bargerstock, Bell township, constable in charge of the grand jury; W. L. Agnew, Barnett township, and W. C. Byerly, Beaver township, stipendiaries. A number of the cases on the trial list have either been settled or discontinued and there will be enough business to keep the court going all week.

The Greatest Success Known in Treating Rheumatism.

Uric-O Expels the Poisonous Uric and Rheumatic Acid from the System, Insuring a Permanent Cure.

The rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for rheumatism and one can scarcely blame him being so. All the plasters and ointments combined never actually cured a case of rheumatism. They may leave it in one quarter but it is sure to break out somewhere else. The only way to cure rheumatism is to drive out the system, for as long as the uric and rheumatic acid remains in the blood, one is never free from the trouble. Uric-O seeks out the rheumatic poisoning in the blood, muscles and kidneys, renders it inert and harmless and drives it out of the system. It is composed of perfect antidotes for the rheumatic acid poison in the blood, and the secret of its wonderful success lies in the fact that it is designed to cure rheumatism only.

Uric-O is sold and recommended by Dr. A. Felcht and by druggists everywhere at 75c and \$1.00 the bottle. They will furnish samples and literature upon request or same can be obtained by writing to the Smith Drug Co., 110 Smith Bldg., Syracuse, N. Y.

THE VASTNESS OF THE PENNSYLVANIA

Interesting Facts Gleaned From Recently Published Report of the Great System.

Some idea of the vastness of the Pennsylvania Railroad system and its vital relationship to the territory which its lines traverse may be gathered from figures in the annual "Record of Transportation Lines," issued April 10th by the Maintenance of Way Department of the System. This pamphlet shows that on December 31, 1908, the Pennsylvania Railroad controlled a total of 11,235.81 miles of line and 23,977.41 miles of track.

The total population of the union January 1, 1909, according to the estimates of the Governors of the respective states, was 99,770,126, and that of the states through which lines of the Pennsylvania Railroad run 44,936,522—almost exactly half the total.

Reports compiled by the Company show that during 1908 the Pennsylvania Railroad carried 142,676,779 passengers—an average of over three trips for every inhabitant of the states through which its lines run. Likewise, during the year the company handled 334,429,541 tons of freight over its 23,977.41 miles of track—an average of nearly eight tons to every person living in the states it serves.

During the year the various companies also carried 3,551,361,092 passengers one mile—which means that the company carried an average of 316,098 passengers over every mile of its line. The total freight conveyed one mile aggregated 29,353,934,199 tons, or an average of 26,216,310 tons passing over every mile of the company's line.

Of the total trackage of the system 14,089.76 miles are east of Pittsburgh and Erie, while 9,887.65 run west of those points. During 1908 the total trackage increased 405 miles, while the 155 miles were added to the total mileage. The system's lines now have 3,326 miles of double track, 784 miles of triple track, while for 504 miles four tracks have been laid. There are also 8,065 miles of sidings owned by the various companies.

RAYMOND E. BROWN.

Sketch of Candidate Announced for District Attorneyship.

Under the head of political announcements we publish the announcement of Raymond E. Brown, Esq., of Brookville, an aspirant to the Republican district attorney nomination at the primary election June 5th. Mr. Brown's name has been previously mentioned in these columns in connection with this nomination, and his candidacy has already assumed favorable proportions; his high character and ability having attracted to his cause many influential friends.

Raymond E. Brown is a grandson of Hon. S. B. Elliott, of Reynoldsville, and the son of Mr. and Mrs. F. M. Brown, of that place. He graduated from the Reynoldsville High School and the following year graduated from the High School of Ithaca, N. Y. While at the latter institution won first prize medal offered by the New York State Inter-Scholastic Oratorical League. Later he graduated from Cornell University with the degree of Bachelor of Arts and later from the University of Pennsylvania with the degree of Bachelor of Laws.

Since being admitted to the bar in Jefferson county he has won many favorable comments upon his conduct of important cases. Last year he carried to the Supreme Court of Pennsylvania and personally argued the cases of Commonwealth vs. Mezzanotti, which involved questions of criminal law never before decided by the courts of Pennsylvania.

As a public speaker Mr. Brown has frequently addressed Jefferson county audiences. He has made Memorial day addresses every year since his admission to the bar and this year he will deliver an address at Beechwoods.

Mr. Brown has already demonstrated the ability, integrity and push necessary in the office of district attorney, and should the Republicans of the county tender him the nomination and election, the county will receive excellent service at his hands.—Brookville Republican.

The Popularity of Caleb Powers.

Wherever Caleb Powers, the noted Kentuckian, has appeared during the past few months he has been greeted by large audiences, often numbering into the thousands. Last month when he appeared at Clearfield, after speaking eloquently for an hour and a half, the audience demanded that he should go on and speak longer. He has a wonderful story to tell and presents it in eloquent language. Hear him at Assembly hall on Tuesday evening, April 20th. Admission 35 cents. Reserved seats 10 cents extra. Tickets on sale at Stoke & Felcht Drug Co. store next Saturday morning at eight o'clock.

Notice to Contractors.

Sealed bids will be received on or after April 5 until 6.00 o'clock p. m. April 24th, by the West Reynoldsville school board for the erection of a public school building according to the plans and specifications prepared by A. L. Lukehart, Falls Creek, Pa. Parties wishing to bid on the work will be furnished with plans upon application to the secretary of the board upon depositing with him \$10.00 which amount will be refunded upon return of the plans. The board reserves the right to reject any or all bids.

By Order of the Board,
O. H. JOHNSTON, Sec.

Card of Thanks.

Chairman Appropriation Committee.

The average annual appropriations for the army have leaped from less than \$24,000,000 a year for the eight-year period immediately preceding the Spanish war to an average of more than \$83,000,000 for the eight year period ending with the appropriations made by the late Congress, and during the same periods the annual average for naval appropriations has increased from a little more than \$27,500,000 to more than \$102,400,000. The increase in appropriations for the army for the periods named exceeds \$473,000,000—a sum sufficient to cover the whole cost of constructing the Panama Canal on the basis of the latest estimates for that gigantic work, and with nearly \$150,000,000 to spare. The increase in the sums Congress has voted for the navy for these same periods amounts to \$598,589,333.88—a sum greatly in excess of the total appropriations for the support of the whole government for any fiscal year prior to that of 1908. The combined excess for the army and navy thus exhibited for the eight-year periods named amounts to \$1,073,099,741.02—a sum exceeding by more than \$158,000,000 the total interest-bearing debt of the United States.—By Congressman Tawney, of Minnesota.

Some years ago Congressman Tawney worked in a machine shop in Reynoldsville.

Beautiful Literary Magazine Free With Every Copy of the Sunday Edition.

Pittsburgh, Pa., April 14, 1909.—The Pittsburgh Dispatch has added a fine, high-class Literary Magazine to the many attractive features of its splendid Sunday edition. The Reynoldsville readers of the Sunday Dispatch will receive their first copies of this fine magazine of truth, fiction and fun next Sunday.

There was probably not another Sunday paper in the United States equal to the Dispatch without this new feature, and now, with a first-class magazine added, it will certainly be far superior to any. The price of the paper will not be increased, remaining at 5 cents.

Silver Wedding Anniversary.

On Saturday, April 10, at their home in Knox township, Mr. and Mrs. G. H. Small celebrated their twenty-fifth wedding anniversary, the festivities occurring in the same house where Mr. and Mrs. Small have resided ever since their marriage. Despite the fact that it was a cold, rough day, one hundred and twenty-five gathered at the Small home to help celebrate the joyous occasion, which was arranged by the five children of the bride and groom of twenty-five years ago.

The dinner was the big event of the day, and those present gave unmistakable evidence that they enjoyed the bounteous feast to the utmost.—Punxsutawney Spirit.

QUIET HOME WEDDING SOLEMNIZED MONDAY

GOVERNMENT MAP RECENTLY ISSUED

The Smicksburg Quadrangle, Surveyed by the Federal Survey and the State Co-Operatively.

The U. S. Geological Survey has recently published a map called the Smicksburg quadrangle covering a portion of western Pennsylvania, lying between Punxsutawney and Dayton and comprising about 225 square miles in Armstrong, Indiana and Jefferson counties. This completes the mapping of an interesting section of country as the adjoining quadrangles on three sides are also available, the Punxsutawney, Indiana and Rural Valley.

This region is a well watered, fertile country with a prosperous agricultural population. The principal towns are Dayton, Smicksburg, Plumville, Sagamore, Marion Center, Covode, Horatio, Perryville and Ringgold. Its greatest wealth, however, is in the large amount of coal, oil and gas found in many places. The Punxsutawney-Watson coal mines which lie partially in this quadrangle are one of the old and well known fields. A new field, just being extensively opened up at Sagamore is equipped with a strictly modern, high-class plant. Many smaller mines are being operated with limited capital and equipment. On the northern edge of the map is found the Ringgold gas field from which large quantities of natural gas are being piped to Pittsburgh and adjoining cities.

The Mahoning and Little Mahoning creeks are the principal streams shown on this map. They join near Smicksburg and flow northwest finally emptying into the Allegheny river. These streams are much polluted with sulphur water from the mines but could be utilized for power development to a considerable extent.

The Smicksburg map is only one of many in Pennsylvania that are available. Index sheets showing the maps already printed will be furnished on application to the Director, U. S. Geological Survey at Washington, D. C., and the maps of this or other quadrangles desired can be obtained from the same source at five cents a copy, or three dollars per hundred.

Miss Christine Brown United In Marriage to Samuel C. Bond, of DuBois.

HOME PRETTILY DECORATED

On Monday, April 12th, 1909, at the magnificent home of the bride's parents, Mr. and Mrs. F. M. Brown, prominent citizens of our town, occurred the marriage of their youngest daughter, Christine H. Brown, to Mr. Samuel C. Bond, a banker of DuBois. Rev. John F. Black, pastor of the First M. E. church of Reynoldsville, performed the ceremony which united the two hearts for the remainder of life's journey. The bride was attired in a traveling suit. On account of the precarious condition of the groom's father, the wedding was somewhat private, only members of the two families being present. The spacious rooms on first floor of the Brown residence were nicely decorated with palms, ferns and Easter lilies from the Brown greenhouse. After the nuptial knot was tied a wedding breakfast was served. The bride's table was decorated with daffodils and yellow roses.

Mr. Bond and bride left here on the 1.28 p. m. train over the P. R. R. on a three weeks' wedding trip to the southland. After June 10th they will be "at home" on Second Avenue, DuBois.

The bride was one of our choicest young ladies. From a little girl she has grown up in our midst, honored by old and young alike. She has ever been a bright star in the home circle, continuously anticipating the wants of her loved ones, and she will be greatly missed. Mr. Bond is certainly entitled to real congratulations on being successful in winning such a noble young woman as a bride.

The groom, who is a son of William Bond, of Brookwayville, is a prominent and successful business man and besides being engaged in the banking business in DuBois, is president of the Brookwayville National bank.

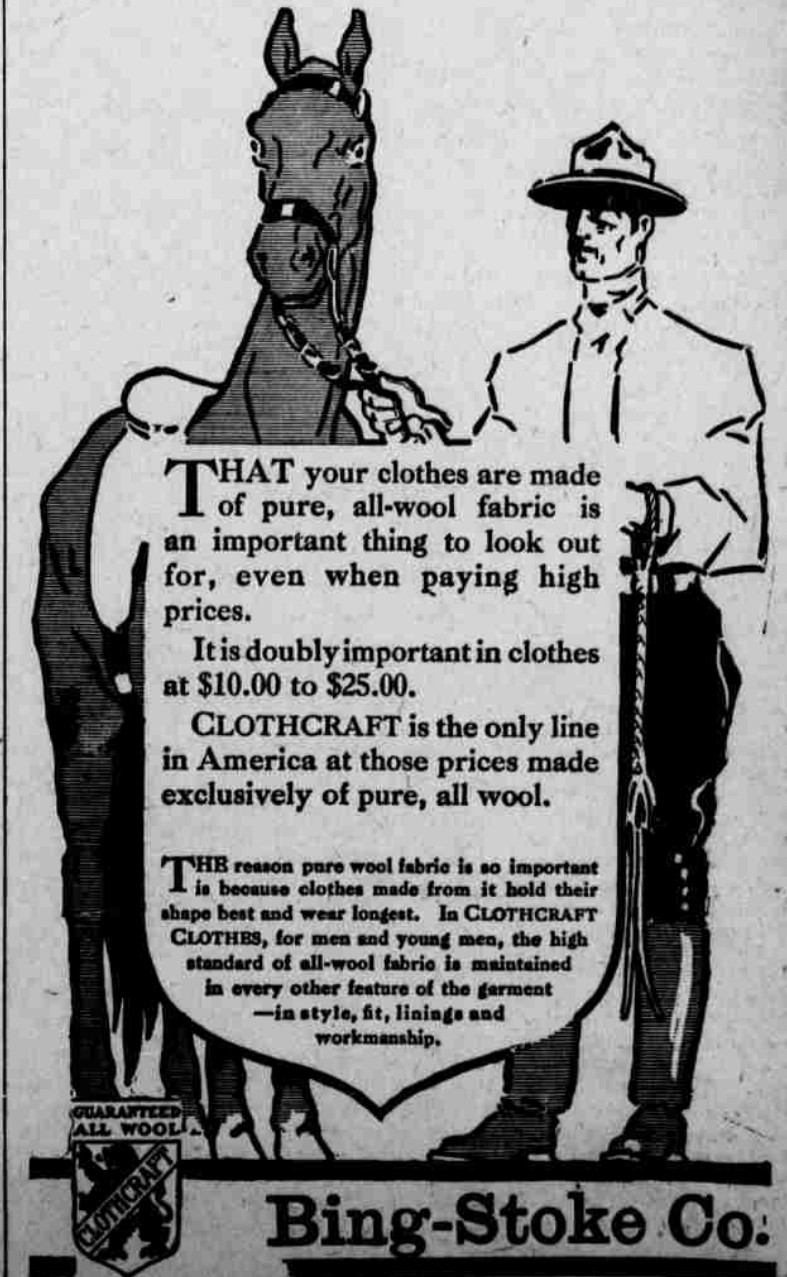

THE STAR joins the host of friends in sincerely wishing Mr. and Mrs. Bond a very joyous and successful journey through life.

The out of town guests at the wedding were: Ninian Bond, of Bond, Md., Mr. and Mrs. R. E. Brown, of Brookville, and Mrs. Chapin, of Brookwayville.

THAT your clothes are made of pure, all-wool fabric is an important thing to look out for, even when paying high prices.

It is doubly important in clothes at \$10.00 to \$25.00.

CLOTHCRAFT is the only line in America at those prices made exclusively of pure, all wool.

THE reason pure wool fabric is so important is because clothes made from it hold their shape best and wear longest. In CLOTHCRAFT CLOTHES, for men and young men, the high standard of all-wool fabric is maintained in every other feature of the garment—in style, fit, linings and workmanship.
