

# DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided. Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALYONA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Bride's Pie Joke. Her—Richard! Why on earth are you cutting your pie with a knife? Him—Because, darling, now understand, I'm not finding any fault, for I know that these little oversights will occur—because you forgot to give me a can-opener.—Cleveland Leader.

Throat Troubles Weaken the System. A serious illness is often brought on by a neglected sore throat.

All throat troubles invariably weaken the system and should not be allowed to go unchecked.

A gargle made with twelve drops of Sloan's Linctum in half a glass of water will break up a sore throat.

Sloan's Linctum is an excellent remedy for tonsillitis, croup, asthma and bronchitis. Applied freely to the outside of the throat and chest, it draws out the inflammation, reduces the swelling and relieves any soreness. Twelve drops of this Linctum in half a glass of water makes a splendid antiseptic gargle.

Mr. Albert W. Price of Fredonia, Kans., writes:—"We have used Sloan's Linctum in the family for about a year, and find it an excellent relief for colds and hay fever attacks. Two drops of the Linctum in a teaspoonful of water will stop coughing and sneezing instantly."

Mr. L. T. Hurst of Coatesville, Ind., R. R. No. 1, writes:—"I find your Linctum the best remedy I have ever tried for sore throat, either for horse or man. I once cured a case of sore throat on myself the second day and almost the first night, which had continued for over three weeks, under constant treatment of three physicians (I was traveling) and it was getting worse."

For Culinary Purposes. Shoe Dealer—Here are a pair of boots that will suit you exactly in your next dash for the pole. How did you like that last pair I sold you? Arctic Explorer (reminiscently)—The best I ever tasted.—Chicago News.

Don't Cough, But Live Long. If every cough were cured before it got a strong hold, human life would be lengthened by many years. If every coughing sufferer knew that Kemp's Balsam would stop the cough in a few minutes, he would be glad to escape the serious consequences. If any medicine will cure a cough, Kemp's Balsam will do it. At druggists and dealers, 25c.

Arguments for Peace. Armaments designed to overwhelm others are ruining ourselves. At the present rate, the money-pinch will soon make powerfully for international peace, and some means of guaranteeing it less costly and less futile than armor plate and high explosives. The moral and Christian arguments for disarming are reinforced today as never before by economic reasons. Taxes may do what texts cannot.—New York Evening Post.

BACKACHE IS KIDNEYACHE. Cure the Kidneys and the Pain Will Never Return.

Only one way to cure an aching back. Cure the cause, the kidneys. Thousands told of cures made by Doan's Kidney Pills. John C. Coleman, a prominent merchant of Swainsboro, Ga., says: "For several years my kidneys were affected and my back ached day and night. I was languid, nervous and lame in the morning. Doan's Kidney Pills helped me right away, and the great relief that followed has been permanent." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

# FOR THE FARMER AND STOCKMAN

**Rust on Machinery.** Take one-half ounce of camphor, dissolve in one pound of melted lard; take fine black lead as will give it an iron color. Clean the machinery and smear with this mixture. After twenty-four hours rub clean with a soft linen cloth. It will keep clean for months under ordinary circumstances.

**Goats For Underbrush.** Farmers in the vicinity of Lawrenceburg, Ind., have found that a herd of goats will clear the underbrush from a farm in a few months, and do a good job at moderate cost. For the last five years a herd of forty goats has been eating and working there, and in that time the animals have changed owners ten times.

**Fruit Trees in Poultry Runs.** Fruit trees should be planted in the poultry runs. Fowls take naturally to the woods and brush, and find there much insect food that is good for them and injurious to the trees. Apple, mulberry, pear, plum and cherry trees, if soil and location is suitable, may be planted in the poultry yard, and the profit from the fruit should almost equal that from the hens, thus giving best results from the ground occupied.—Farmers' Home Journal.

the plan and follow only that of high culture.

From the time the trees are set we keep the sod under regular annual tillage from the early spring to July 1st to 15th. This keeps the soil in the best possible condition for the most perfect development of both tree and fruit. The soil that is best suited to the growing of apples of the highest quality is a limestone, with a combination of clay and loam. In a soil of this character there is a large quantity of potential plant food, and thorough tillage will liberate this in the right proportion to meet the needs of trees and give them not only rapid but also the best possible development.—George T. Powell.

**Water Power on the Farm.** Most farmers seem to regard the farm power house as pertaining to the steam or gasoline engine, but for the man who has a creek or small overflowing stream on his place, what is better than water power?

It has one great advantage; the first cost is practically the only cost. Then why not, if you are so fortunate as to have the water, build a small power house at the side of the creek and use the water power? It could be used to advantage for pumping

## BROOME GRASS A FORAGE PLANT.

Will Stand Drought and Severe Cold.

The common name of this grass is smooth broome grass. It is a native of Europe and Asia. From the fact that it is said to have been introduced into this country from Austria-Hungary, it is often called Austrian or Hungarian broome grass. It is easily distinguished from all other common broome grasses by its smooth usually beardless glumes or chaff. The seed should be sown in liberal quantities on well prepared ground. The forage made by this grass is coarse, but it is of excellent quality. The grass seems able to endure drought and also withstands considerable degrees of cold. Air-dried samples analyze about ten per cent. protein, which makes it exceedingly valuable for feeding.

**Advantages of the Silo.** The silo has opened advantages to dairymen in other countries where corn does not mature. In England, where the conditions are unfavorable for production of matured crops of corn, the farmers sow corn for fodder, store in the silo and then grow a crop of turnips on the land from which they took the fodder. The same system can be practiced in this country, but our farmers are too often content with one crop, and thus do not derive as much from the land as is possible to be obtained. The land in England is high and farmers pay high rents, but they do not hesitate to apply manures and fertilizers liberally, because in that way only can they get large crops in return.—Farmers' Home Journal.

**Thorough Tillage For Apples.** At Orchard Farm, at Ghent, N. Y., lying at the foothills of the Berkshires, and in the valley of the Hudson, we are cultivating about 100 acres of apple orchards, and we have tried and tested two systems, both of which have their advocates—one of annual cultivation, or tillage of the soil, and the other the sod and mulch method. While there are occasional farms where the conditions are favorable for growing apples on the sod mulch plan, they are exceptions, and as a method it is not to be generally recommended or followed. After several years of trial with three different plots of trees, under sod and mulch, in which we failed to get either a satisfactory growth of trees or anything like a good yield of fruit, we have thrown out

water for the stock, for running a small electric dynamo to furnish light for the house and barn, even (if you have sufficient power) with the aid of the electric cooking plates now to be had at reasonable prices, for cooking.

Then there is the sewing machine. It requires a very small motor and very little current to run this, so a small dynamo will furnish power through the day.

By the use of a little line shafting the wheel may be used to run a feed grinder, or a fanning mill, grindstone, drill press, churn, separator, etc.

In case your well doesn't supply plenty of water for stock, put in a small tank pump, run the suction pump with a strainer on the end, into the creek below the wheel and pump the creek water to your stock.

In case one puts in a pneumatic pressure tank one may at a very little more expense arrange it so as to be self-regulating, giving a constant water pressure.

In regard to the wheel there are several types. Where there is sufficient fall, I think perhaps the enclosed wheel is best, or the water turbine. However, the overshot wheel will run with the least amount of water. The farmer who is fortunate enough to have this cheap power will find many uses to which it may be put, and will find it saves time, work and money.—J. S. D., in the Indiana Farmer.

# WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co. Syrup of Figs and Elixir of Senna has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs and Elixir of Senna has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs and Elixir of Senna, obtained by an original method, from certain plants known to them to act most beneficially, and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy, and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs and Elixir of Senna always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

# PUTNAM FADELESS DYES

Color more goods brighter and faster colors than any other dye. One box, packages colors all fibers. They dye in cold water better than any other dye. You can dye any garment without rinsing apart. Write for free booklet—How to dye, Bleach and Mix Colors. MONROE DRUG CO., Quincy, Illinois.

## BABY'S WATERY ECZEMA.

Itched and Scratched Until Blood Ran —\$50 Spent on Useless Treatments —Disease Seemed Incurable— Cured by Cuticura for \$1.50.

"When my little boy was two and a half months old he broke out on both cheeks with eczema. It was the itchy, watery kind and we had to keep his little hands wrapped up all the time, and if he would happen to get them uncovered he would claw his face till the blood streamed down on his clothing. We called in a physician at once, but he gave an ointment which was so severe that my babe would scream when it was put on. We changed doctors and medicines until we had spent fifty dollars or more and baby was getting worse. I was so worn out watching and caring for him night and day that I almost felt sure the disease was incurable. But finally reading of the good results of the Cuticura Remedies, I determined to try them. I can truthfully say I was more than surprised, for I bought only a dollar and a half's worth of the Cuticura Remedies (Cuticura Soap, Ointment and Pills), and they did more good than all my doctors' medicines I had tried, and in fact entirely cured him. His face is perfectly clear of the least spot or scar of anything. Mrs. W. M. Comer, Burnt Cabins, Pa., Sept. 15, 1908." Potter Drug & Chem. Corp., Sole Proprietors of Cuticura Remedies, Boston, Mass.

**Explained.** "What's this survival of the fittest?" "It's this way. Some wimmen git through the winter in spite of their open-work clothes."—Louisville Courier-Journal.

**Rheumatism Cured in a Day.** Dr. Detchon's Relief for Rheumatism radically cures in 1 to 3 days. Its action is remarkable. It removes at once the cause and the disease immediately disappears. First dose greatly benefits. 75c. and \$1. At druggists.

**Detected.** "Mebbe you'd like to put a piece about me in yer paper," quavered the old man, hobbling up to the city editor's desk.

"What have you done?" demanded the arbiter of publicity's destiny.

"Nothin' much, but I was a hundred year old yesterday."

"A hundred, eh? But can you walk without a stick, and read fine print without glasses?"

"N—no."

"You are an impostor!"

The old man broke down and confessed that he was only 97.—Cleveland Leader.

**Red, Weak, Watery Eyes** Relieved by Murine Eye Remedy. Compounded by Experienced Physicians. Conforms to Pure Food and Drug Laws. Murine Doesn't Smart; Soothes Eye Pain.

**Cat.** Him—How does she manage to keep her looks? Her—Keep her looks? Why, she can't get rid of 'em or she would, I suppose.—Cleveland Leader.

Do not force yourself to take offensive (and harmful) drugs—like Garfield Tea, Nature's Herb laxative; it corrects constipation, purifies the blood, brings health!

The North German Lloyd steamship profits dropped so much in 1908 as to be only a little more than a quarter of those of 1907.

Itch cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. At druggists.

There are more than 2,000 distinct operations in the work of assembling a watch.

## HAMLIN'S WIZARD OIL GREAT FOR PAIN

### FINDS CURE FOR COLDS

Ohio Professor Declares He Has Discovered Serum Which Will Eradicate Suffering.

Columbus, O.—William B. Morey, professor of bacteriology in Ohio State university, announced that he has conquered colds. After years of investigation Prof. Morey says he has discovered the cold bacillus and with it a serum which, when injected into a patient, will render the cold sufferer forever immune.

The bacillus, Prof. Morey says, is a germ that enters the nose. A cold is never contracted from a draft or wet feet, as has been supposed for centuries, he announces. Prof. Morey experimented on his wife, who for years had been seldom free from a cold.

The serum is put into a culture tube and cold bacillus propagated and then reduced to the serum that spells cure.

Garfield Tea has brought good health to thousands! Unequaled for constipation, liver and kidney diseases. Composed of Herbs. Buy from your druggist.

**Realism.** The author—Well, how did you like my play? The Critic—Oh, it was very nice. The Author—Didn't you think the church scene realistic? The Critic—Intensely so. Why, a great many of us actually went to sleep while it was on.—Cleveland Leader.

**Deafness Cannot Be Cured** by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are cured by my method, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHERRY & Co., Toledo, O. Sold by Druggists, 75c.

**Take Hall's Family Pills for constipation.**

**London Has Stopped Growing.** While the statistics of New York's growth continue to startle the world, London has stopped growing. Within the last seven years, the annual birth rate has dropped eight per cent, the number of children in school has declined about two per cent, and the number of paupers in the city has increased 15 per cent. In the meantime, the assessed valuation has advanced only 17 per cent, while the debt has increased 110 per cent.—The World's Work.

**Had No Fear.** Superintendent, to applicant for night watchman—You're not afraid of a little manual operation at night, are you? Applicant—Phot's that agin, sor? Superintendent—I asked, are you afraid of a little manual operation? Applicant—Oh, ain't afraid iv anny mon livin', be he ayther little or big, sor!

## METALLIC HEELS AND COUNTERS

**Made of Steel.** For Miners, Quarrymen, Farmers, and All Men who do Rough Work. Can be attached to your old shoes, and will make them as good as new. You can buy new shoes fitted with them. They will never wear out. Lighter than leather, easy to attach. Any cobbler can put them on. Write for booklet that tells all about them. UNITED SHOE MACHINERY CO., BOSTON, MASS.

## MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

A Certain Cure for Feverishness, Constipation, Headache, Stomach Troubles, Teething Disorders, and Destroy Worms. They Break up Colds in 24 hours. At all Druggists, 25c. Sample mailed FREE. Address: Mother Gray, New York City. A. S. OLMSTED, Le Roy, N. Y.

## WANTED.

Young men to learn automobile business by mail and prepare for positions as chauffeurs and repair men. We make you experts in ten weeks. Assist you to secure position. Big pay, work pleasant demand for men great reasonable. Write for particulars and sample lesson. Empire Automobile Institute, 418 Baker Bldg., Rochester, N. Y.
