

# FLORIDA FARMS

**\$10 A MONTH BUYS A FARM AND LOT  
EVERGLADES RECLAIMED**

180,000 Acres of this fine land divided into 12,000 Farms. In addition to the farms, each purchaser receives one business or residence lot. Farms are from 10 to 640 acres in size. The richest soil in the world. Produces three crops a year. A veritable gold mine. We are the only people dealing direct with the State of Florida, and having lands for sale in the drainage district. Our wise selection of lands, colonization and co-operative features means certain success to all who join our happy throng. A climate where every breath is a new lease of life, a soil where nature has given the most wonderful fertility; a community where taxes are next to nothing; a home surrounded by good neighbors, schools and churches; an opportunity to grow with the country and prosper under the most favorable conditions. As an investment it is not necessary to expatriate on these lands from a standpoint of investment. Land which today may be bought for \$24.00 an acre will, on the completion of the canals be worth from \$100.00 to \$1,000.00 per acre. This has been the history of the past—there is no logical reason to suppose it will not be the history of the future.

**THEIR SKIN TROUBLES CURED.**  
Two Little Girls Had Eczema Very Badly—In One Case Child's Hair Came Out and Left Bare Patches—Cuticura Met with Success.  
"I have two little girls who have been troubled very badly with eczema. One of them had it on her lower limbs. I did everything that I could hear of for her, but it did not give in until warm weather, when it seemingly subsided. The next winter when it became cold the eczema started again and also in her head, where it would take the hair out and leave bare patches. At the same time her arms were sore the whole length of them. I took her to a physician, but the child grew worse all the time. Her sister's arms were also affected. I began using the Cuticura Remedies, and by the time the second lot was used their skin was soft and smooth. Mrs. Charles Baker, Albion, Me., Sept. 21, 1908."

I began to improve with the use of Doan's Kidney Pills and gradually the pains all left me. After using a few boxes I was all well again and will never cease praising Doan's Kidney Pills."

**The Romance of a Gem.**  
Prof. Sketchley, the eminent geologist, once visited a remote mining camp in North Queensland. His attention was arrested by a crystal which lay exposed to view on a box, and he was surprised to be told by a miner that it was kept as a missile ready to be thrown at a dog which might steal some meat. The miner responded to the professor's expression of surprise by laughingly telling him to put the stone in his pocket. He did so, and this is the gem which, after being cut, was pronounced to be the largest blue topaz of the last century, and is now in the possession of the Queensland government at their Strand office.—Philadelphia Record.

# Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?  
Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

**Red Banks, Miss.**—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

**Hampstead, Maryland.**—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?  
For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.  
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
