

Has modern schools and churches, paved streets, water, gas and electric accommodations, convenient trolley service, high and beautiful location, varied employment for labor and many other residential advantages.

Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

## Reynoldsville Woolen Company Mill To Be Operated Day and Night.

Embarking in the Manufacture Of Worsteds Suitings Of Fine Quality.

LARGE ORDERS RECEIVED.

The Reynoldsville Woolen Company, which has been manufacturing flannels and all kinds of woolen goods for many years, has put in new machinery and is now equipped to manufacture a high grade of worsted, silk finish, goods for men's suitings. The samples were only shown a few days ago and the company already has received enough orders from some of the best firms in the country to run the mill full capacity night and day for four months. It is the expectation now to have the mill in operation in a short time and to run it night and day, three eight-hour shifts. In the three shifts the mill will give employment to about seventy-five people, ten or fifteen of whom will be expert men weavers. The goods are of such a high grade that it will require experienced and skillful employes on some parts of the work. The men weavers will be on the night shift and the girls will work during the day. We understand that girls who can make a dollar a day weaving on the ordinary woolen goods can make a dollar and a half per day on this other line of work.

If the mill can manufacture suitings as fine as the samples, and there is no doubt about that, then the Reynoldsville Woolen Co. plant should be busy all the year, as there is always a demand for the grade of goods this company is now equipped to make. The starting of this mill and the giving of employment to at least seventy-five people, some of whom will get big wages, will be a good thing for our town.

### Heliographs Used on National Forests.

Experiments will be made during the summer with the standard heliographs which are now used in the War Department, for signaling on the National Forests. One of these experiments will be on the Kaniksu National Forest, in Idaho, and the other on the Stanislaus Forest in California.

It is intended to discover whether these instruments will be of use on National Forests to report fires or transmit other messages in areas where there is no quick method of communication.

The conditions of climate and latitude, as well as the species of inflammable trees in the two forests, are sufficiently different to determine whether the instrument is suited to some localities and not to others.

Easy and quick communication to all parts of a forest must be had if fire is to be kept down. Anyone who knows of the fearful damage wrought by forest fires on private and unprotected lands each year, will easily see that through fire patrol, use of telephone lines and other means of communication such as is maintained on the 195 million acres contained in the National Forests, the losses can be reduced to a minimum.

For the administration and protection of the 148 National Forests in nineteen states and territories and Alaska, the Government spent \$2,528,098.02, or about one and one-half cents an acre for the calendar year 1908. Of this amount \$592,169.19 was spent for permanent improvements including the construction of 3,400 miles of trails, 100 miles of wagon roads, 3,200 miles of telephone lines and forty miles of fire lines.

### Law Applies to All Places of Amusement.

As stated in THE STAR several weeks ago, an inspector was in Reynoldsville and notified the proprietors of the nickelodeons that their rooms did not comply with the law passed by the last legislature, requiring three aisles four feet wide, and that they would have to close up. The impression got out that this law only applied to amusement places two stories high or with galleries, and that it was not applicable to the nickelodeons in Reynoldsville, but a decision last week from the department at Harrisburg is that the law applies to all places of amusement, with or without galleries, one or two stories high.

The best selection of oxfords in town reduced one-third at Nolan's.

### LEISURELY JOURNEY ACROSS CONTINENT

Joseph Clark and Wife, of California, Revisiting Old Scenes In and Around Reynoldsville.

Joseph Clark and wife, of Redlands, California, were the guests of E. Wray Hunter and wife at their home on Hill street the past week. Mr. Clark was a native of the Keystone State thirty years ago and was connected with the Allegheny Valley railroad in the days of its construction. Soon after its completion he went to California and bought an orange grove which has since yielded him handsome financial returns. Mr. and Mrs. Clark made the trip east in a leisurely manner, going from Redlands to Seattle, Wash., taking in the great Alaska-Yukon-Pacific Exposition, and thence over the Rocky Mountains to Yellowstone National Park, where they spent a few days viewing its wonders. While in Chicago Mr. Clark purchased a Black automobile and made the trip to Reynoldsville overland in it, taking his own time in passing through the rich manufacturing and farming regions of Indiana, Ohio and Western Pennsylvania. Mr. Clark will spend some time with his niece, Mrs. E. W. Hunter, in Reynoldsville, and with other relatives and friends in DuBois and the Beechwoods.

### Bungalow Resort.

We understand that two of our citizens have leased several acres of land on the western side of the Prescottville mill dam, which is covered with enough timber or shade trees to make a nice park, and that next summer this woodland will be cleared, the mill dam cleaned out, and that fifteen or twenty citizens will build bungalows on the hillside and live in them during July and August of each year. At very small expense the ground can be cleaned and bungalows built. There are twelve or fourteen good springs on the land. It is near to town and would be a delightful and convenient place for summer homes. When the mill dam is cleared out it will make a nice body of water for boat riding. If the project is carried through the ground will be laid out in small lots and the bungalows will be built to certain lines. It is the intention of the projectors to have the bungalow summer village lighted with electricity and gas piped in for fuel.

### Bad Sidewalks.

In meandering around town I notice that some of our sidewalks are in a deplorable condition, and certainly will cause inconvenience to pedestrians, and more than likely serious damages to our borough. I understand some forty notices are in the hands of our burgess and he is only awaiting action of the town council to issue them and see that the walks are put in proper condition. In two cases on Main street the property owners are only awaiting this notice, and when issued have assured me that they will immediately replace these broken, unsanitary plank walks with new ones of cement or brick. Why our "City Dads" will allow these conditions to exist is more than I can conceive.

CITIZEN.

### Cadenza Club Picniced.

Eleven members of the Cadenza Club and four other gentlemen from this place were guests at a picnic at Jefferson Park, near Punxsutawney, last Thursday evening. They had a delightful time. Cadenza members: Arthur H. Haskins, Joe Williams, Frank P. Alexander, Harry L. McEntire, George Geisler, John F. Strauss, Will P. Nolan, Leon E. Westcott, Harvey Moyer, Eugene Deible. Four friends: Frank King, Graydon Robinson, Paul Riston and Leonard Harris.

One-third off on all oxfords at Nolan's. Barefoot sandals, good wearers' Price 50c to \$1.00. Adam's.

Take your pick of any oxford at one-third off at Nolan's.

Pumps for children, black, brown and tan, price \$1.25 to \$2.00. Adam's.

One-third off on all oxfords at Nolan's. One-third off on all oxfords at Nolan's.

### WINSLOW TOWNSHIP TEACHERS ELECTED

Twenty-Seven Teachers Hired—Three Schools Held Over—Fifty-Seven Applicants.

The school directors of Winslow township met at Frank's Tavern in this place Saturday and hired teachers for all the schools in the township but three. There are thirty schools in the township. There were fifty-seven applicants, number of whom were not qualified because they did not have proper certificates. The three schools held over were Dean No. 2, Soldier No. 3 and Rathmel No. 4. School begins Monday, September 20th. Followidg is list of teachers hired:

- Rathmel, No. 3, Madge Millen; No. 2, May Eagen; No. 1, Nellie Stahlman.
- Soldier, No. 2, Olive Sykes; No. 1, Blanch Pantall.
- Wishaw, No. 3, G. M. London; No. 1, Marie Elder.
- Prescottville, No. 3, W. E. Kunselman; No. 2, May Corbett; No. 1, Olive Cladges.
- Sandy Valley, No. 2, Ella McDonald; No. 1, Emma Hetrick.
- Dean, No. 1, Irene Hughes.
- Best, Lena Carrier.
- Snyder, Florence Hetrick.
- Murray, Olive Lyte.
- Roy Armagost and wife, of Punxsutawney, spent Saturday and Sunday in this place.
- Jenks, W. J. Morrison.
- McConnell, Ruby Goss.
- McCright, Ruth Williamson.
- Steel, R. F. Daugherty.
- Owen, Margaret Britton.
- Prospect, J. L. Shields.
- Phillippi, Margaret Denny.
- Kilne, Audra Brumbaugh.

### At "The X" Camp.

Jacob, Warren W., Eugene and Herman Deible were at "The X" camp, over the mountains from Medix Run, four or five days the past week picking huckleberries.

"The X" camp is where some of the hunters of this place own a camp and where they go deer hunting every fall. Two trees near the camp have grown across each other and formed an X and that is how the camp got its name.

Men's, women's and children's oxfords reduced one-third at Nolan's.

FOR SALE—Some good linoleum. Will be sold cheap. Reynoldsville Candy Works.

## Reception Tendered Rev. Charles E. Rudy Last Thursday Evening.

The New Pastor of Trinity Lutheran Church.

THE REV. CHARLES E. RUDY.

New Lutheran Minister And Wife Are Popular With The Local People.

TAKEN UP WORK IN EARNEST

Rev. Charles E. Rudy, new pastor of Trinity Lutheran church, and his charming helpmate, are comfortably settled in the Lutheran parsonage on Jackson street and are now ready to get personally acquainted with their parishioners. As previously stated in THE STAR, Rev. Rudy and wife have made a very good impression with the people here and everything is favorable for a successful pastorate.

Charles E. Rudy was born at Lancaster, Pa. He graduated in the Lancaster High School in 1898. For three years he worked in the Hamilton Water Factory and was a skillful workman, but he felt that he was called to preach the gospel and he quit the watch factory and entered Muhlenberg College at Allentown, Pa., from which institution he graduated in 1906. While a student in this college Rev. Rudy won two prizes, the President's Junior Literary prize and the President's Senior Psychological prize.

After graduation at Muhlenberg College Rev. Rudy became a student in Mt. Airy Theological School at Philadelphia from which he graduated in May of this year.

June 10, 1909, he was united in marriage to Miss Estella K. Miller in Reading, Pa. June 14 he was ordained into the Lutheran ministry at Kittanning, Pa. On the evening of June 22 Rev. and Mrs. Rudy arrived in Reynoldsville to take up the work on their first charge.

Mrs. Rudy is the daughter of James M. Miller, superintendent of the paper mills in Reading. She graduated in the Reading High School in 1907. Mrs. Rudy is an accomplished pianist.

On Thursday evening of last week a reception was held at the home of Mr. and Mrs. Henry C. Deible, on Grant street, for Rev. and Mrs. Rudy. There were sixty guests present, including the pastors of all the other churches. The reception was to have been from 8.00 to 10.00, but it was such a delightful social event that it was midnight before the guests all departed. A dainty lunch was served during the evening.

### Trinity Lutheran Church.

Trinity Lutheran church: Sunday school 9.45 a. m.; morning worship, 10.45 a. m.; vespers, 7.30 p. m. Preaching at Chestnut Grove at 2.30.

At evening service the series of sermons on the "Friendships of Jesus" will be continued. The remaining are: "Peter, the Denying Disciple," "Thomas, the Doubting Disciple," "John, the Loving Disciple."

Communion and preparatory service Sunday, August 1. Those desiring to connect with the church at that time will make the same known to the pastor in person or letter.

Strangers always welcome.

### Two Boys Bitten by Dogs.

Last Thursday Joe Schillace's little dog bit John Henry, young son of W. C. Henry, on right leg. The boy was immediately taken to a doctor. Mr. Schillace killed his dog.

Friday forenoon Louis Schillace, three year old son of Joe Schillace, was bitten by a dog. Louis was taken to a doctor.

Neither boy was badly bitten, yet the parents were wise in taking precaution in the matter.

### Methodist Church.

Services for Sunday July 25. 11.00 a. m., sermon, theme, "Divine Pity;" 7.30 p. m., sermon, theme, "The Power of the Child."

Children's Roman sandals, 3, 2 or strap sandals, price 50c to \$1.00. Adam's.

The Lock Haven State Normal School completed the most prosperous year in its history. The graduating class numbered one hundred and it was a fine body of young people. It is gratifying to note that all who desire to teach have schools. This Normal School is one of the best in the state. Write for catalog.

## FRANKLIN & CLEARFIELD MAY BRING SUIT AGAINST THE PENNSYLVANIA

### INTERESTING RUMOR CONCERNING RAILROAD

Pennsylvania May Build a Short Cut Between Kittanning and DuBois In Near Future.

While it cannot be officially confirmed, yet the rumor is again renewed that the Pennsylvania company is contemplating the construction of a short cut from Kittanning to DuBois, where connection will be made with its own Low Grade division for Driftwood. At present, by way of Red Bank, it is eight-five miles to DuBois.

By building a road up Cowanshannock creek, a very slight grade will be encountered, and Punxsutawney can be reached in thirty-six miles, and DuBois in fifty-eight miles, a saving in distance of twenty-seven miles.

This would also give the Pennay a shorter route, it is claimed, from Pittsburgh to Buffalo. The proposed new road, it is asserted, will be double tracked, and many eastern as well as north bound passenger trains will be run over it.—Kittanning Daily Leader.

### Will Double Track.

On account of the rapidly approaching time when the B. & P. will be forced to handle the J. F. & C. traffic over the Clearfield branch, it is reliably announced that the work of double tracking the branch will be commenced immediately.—DuBois Express.

### President Helps Orphans.

Hundreds of orphans have been helped by the president of The Industrial and Orphan's Home at Macon, Ga. who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for stomach, liver and kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal. Best for female complaints. Only 50 cents at H. L. McEntire's.

Every oxford in the store reduced one-third at Nolan's.

The best selection of oxfords in town reduced one-third at Nolan's.

Eastman films developed free of charge at Stoke & Felcht Drug Co.

Take your pick of any oxford at one-third off at Nolan's.

Tan barefoot ankle straps sandals, sizes 3 to 6. Price 75c. Adam's.

### The Latter Has Not Asked For An Injunction Against The F. & C.

### A QUEER RAILROAD TANGLE

Several of our exchanges published a statement that the Pennsylvania Railroad Company had taken out an injunction in the Jefferson county court to restrain the Jamestown, Franklin & Clearfield railroad from connecting onto the former's line just below Brookville. This is not correct. It would not be necessary for the P. R. R. to take out an injunction, as this company would make the connection on their own line, which the J. F. & C. would not do, even if the P. R. R. was willing that the connection be made.

We understand, however, that the Pennsylvania Company entered into an agreement with the Jamestown, Franklin & Clearfield railroad that the connection between the two railroads was to be made at Coder, west of Brookville, and that the J. F. & C. was to use the P. R. R. tracks between Coder and Falls Creek, but that the P. R. R. Co. now refuses to fulfill its part of the agreement and the Jamestown, Franklin & Clearfield Company will bring suit against the P. R. R. Co. for failing to fulfill the agreement. Therefore, instead of an injunction it will likely be a law suit.

### Constabulary Sent to Butler.

There was a riot near the Standard Steel Car Co. works at Butler Sunday morning, where the employes are out on a strike, and six persons were injured, one perhaps fatally shot. The constabulary at Punxsutawney was sent to Butler Sunday forenoon on a special train.

### Don't Get a Divorce.

A western judge granted a divorce on account of ill-temper and bad breath. Dr. King's New Life Pills would have prevented it. They cure constipation, causing bad breath and liver trouble the ill-temper, dispel colds, banish headaches, conquer chills. 25c at H. L. McEntire's.
