FORTY PLAYGROUNDS BY THE SEA.

This is seashore time.

The dog days call to the worker in home, office and mill and the answer brings up thoughts of the many resorts beside the sea where comfort, recreation and pleasure alike await the coming of the holiday-maker.

Along the shores of New Jersey from Cape May to Sandy Hook lie forty beaches, each offering delights for outings long or short and each easily accessible by the splendid train service of the Pennsylvania Railroad.

Atlantic City, with its myriad attractions for young and old, needs no introduction, for its charms are known from the Atlantic to the Pacific.

Cape May, for a century the summering place of satisfied thousands of seekers after cool breezes, fine bathing, and the refined amusements of the seaside, is more attractive than ever in its new life.

Ocean City, Wildwood, Sea Isle City, with their smaller neighbors, Anglesea, Holly Beach, Wildwood Crest, Avalon, and Stone Harbor, afford summer pleasure to thousands.

To the north lie Beach Haven, Seaside Park, Island Heights and the other resorts about Barnegat Bay, where the lover of fishing and sailing finds the choicest sport.

Asbury Park, Ocean Grove, Spring Lake, Long Branch, Sea Girt, Point Pleasant, Allenhurst, Elberon, and Belmar on the Upper Coast where the country meets the sea right on the beach, appeal with mighty force to the vacationist.

Sixteen-day excursions to the majority of these resorts, at specially low rates, leave on July 29, August 12, 26, and September 9.

Any Pennsylvania Railroad Ticket Agent will be glad to give to give full information regarding excursion rates, time of trains and arrange your outing whether it be for a day, a week, a fortnight, or the whole summer.

A New Educational Work.

Webster's Universal Dictionary, containing 50,000 new words, a 1909 Atlas of the World and twelve other special departments, is now being distributed by the publishers. As the next latest dictionary was published more than nineteen years ago, this announcement will be of special interest to everyone.

This dictionary is not published by the original publishers of Webster's Dictionary or by their successors, whose latest production is now 19 years old, and who have for years tried to monopolize the dictionary business; but by one of the largest publishing houses in America.

Because of its absolute newness and other transcendent features, this great work is rapidly superseding the old dictionaries and is looked upon by educators as the leading reference work.

Edward Brooks, superintendent of public schools, Philadelphia, says of the work: "I have carefully examined Webster's Universal Dictionary and think it fully justifies the claims of value and superiority made by those interested in its preparation and its publication. Hundreds of new words used in science, art, literature, the professions, in political economy, and indeed in all the vocations in life in this new twentieth century, are defined and illustrated with great nicety and precision of meaning."

The first edition has already had a tremendous sale. It has the endorsement of educational people everywhere, and is being readily adopted by school boards throughout the country for use in the public schools.

The publishers have adopted a new method of selling by appointing local agents in every locality to introduce and advertise the work.

There will be an opportunity for some live energetic person to handle this work here. It is published and distributed by The Saalfield Publishing Co., Akron, Ohio.

Interesting Relief Figures.

According to the June report of the Pennsylvania Railroad System's Relief Funds, payments amounting to \$136,761.70 were made last month, while the total sum which has been paid out through this plan was established is \$26,561,489.28.

The Employes' Relief Fund of the Pennsylvania Lines east of Pittsburgh and Erie was established in 1886, and since that time \$19,379,692.82 have been paid in benefits. Of this, \$11,535,308.79 have been paid to members who were unable to work. The remainder, \$7,844,384.03 went to the families of members who died. In June of this year the payments on the lines east to members incapacitated for work amounted to \$68,240.70, while there were paid in death benefits \$30,421.75.

The June payments by the Relief Fund of the lines west of Pittsburgh amounted to \$38,090.35, of which \$24,340.35 was in benefits to those unable to work. To the members of families of members who died there was paid the sum of \$13,750.00. The total payments on the Pennsylvania lines west since the Relief Fund was established in 1889 amount to \$7,181,796.46, of which \$4,278,154.90 were paid to incapacitated members, and \$2,903,641.56 were paid in death benefits.

Organized Eighteenth Sunday School.

A new Sunday school was organized last Sunday at the Slimmer school house, near Big Run, by Joseph E. Kirkwood, missionary for American Sunday School Union. The following officers were chosen: Superintendent, Lott Gaul; Assistant Superintendent, James Huff; Secretary and Treasurer, Miss Della Fye; Organist, Miss Etta McAninch; Librarian, Miss Olive Huff. This makes eighteen union Sunday schools organized by Mr. Kirkwood in this district. These schools form a large circuit and the missionary visits the homes and preaches at each mission as often as he can come to them.

Surprise Party.

A very pleasant event took place at the home of John Randolph when a number of friends and relatives gathered at his home to celebrate his birthday. A delicious dinner was served and the afternoon was spent very enjoyably, after which some of the friends departed and others came. The evening was passed in playing games, music and amusements. The room was beautifully decorated with wreaths, ribbon and flowers, and many useful and beautiful presents were presented.

Advocating Post-Dispatch System.

The Sykesville Post-Dispatch in advocating a water system for Sykesville to prevent sickness and save the town from a disastrous fire some time, ends its article thusly: "Would it not be a wise idea for our borough dads to give this matter the consideration it deserves now, instead of waiting until an epidemic of sickness or a disastrous fire forces itself upon them?"

The Post-Dispatch is correct in its view both from a healthful and financial standpoint.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. Its a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c at H. L. McEntire's.
