## DISTRICT ATTORNEY MURRAY GIVEN LANGHAM'S POSITION

Jesse C. Long Appointed District Attorney to Fill Murray's Term.

### HAS POLITICAL IMPORTANCE

James V. Murray, who has efficiently filled the office of district attorney in Jefferson county almost nine years, having been elected to the office three consecutive terms, has resigned that office to accept the position of corporation clerk at Harrisburg, to which he has been appointed by Governor Stuart to fill the vacancy in that office made by the resignation of Congressman J. N. Langham.

Jesse C. Long, of Punxsutawney, Republican nominee for the office of district attorney, was appointed on Monday of this week by Judge John W. Reed to fill the unexpired term of District Attorney Murray.

### A Hot Footed Chase Through Clearfield.

Early Monday morning, just as the B. & P. train pulled into the Market street station, there began a merry chase down Market street to the Windsor hotel corner, although none of Clearfield's papers were aware of it. The fleet footed runners were the Sheriff of Jefferson county, fresh from Brookville, and three youthful prisoners whom he was taking to the Huntington Industrial Reformatory. The interesting party tore down the street and boarded the Pennsylvania morning train for Tyrone. The young men were handcuffed and seemed as anxious to make the train as the resourceful High Sheriff of Jefferson county.—Curwensville Mountaineer.

### The Lurid Glow of Doom

Was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said that the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For eruptions, eczema, salt rheum, sores and all blood disorders and rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by H. L. McEntire.

### Bids Wanted.

Bids will be received for good run of mine coal delivered at the Reynoldsville public school building. All bids to be in the hands of the secretary on or before September 1, 1909. The board reserves the right to reject any and all bids. W. H. BELL, Secretary.

### GATHERING OF THE CLANS

Celebrate Birthday Anniversary of Alex Watson at Soldier.

It was whispered about last week that Alex Watson, of Big Soldier, was nearing his forty-sixth birthday and that the incident was worthy of notice. This was understood in the proper vein, subsequently, and Friday evening last a large number of his friends from DuBois and surrounding territory surprised him at his home. And such a time as was had! Those bonnie Scotchmen did the occasion up in proper fashion. Dancing and singing were among the flings at pleasure reeled off while the fine refreshments were another elegant feature. Thomas H. Alexander, of DuBois, was chairman of the evening and called off the events on the program in emphatic style. Mr. Bell, of Big Run, was first with a song while Mr. Hoyt, of this city, followed with "Far awae frae Bonnie Scotland." William Muir concluded the gay time with several selections so rich in melody that hardly one in the assemblage could refrain from dancing.—DuBois Courier.

### REYNOLDSVILLE IN EVIDENCE.

At Least Eleven Hundred Residents of Neighboring Town Were Here.

Yesterday might well have been designated Reynoldsville Day, since the citizens of that town were in evidence everywhere. Starting with the first car that left Reynoldsville yesterday morning until well on to two o'clock in the afternoon every car leaving the place was crowded to its capacity and by noon it was estimated that at least eleven hundred citizens participated in the celebration.

Through cars ran every thirty minutes, and toward nightfall four cars left this place with only a few minutes intervening. Every car was filled to the gunwale and it was well on toward midnight before the passengers could experience anything like comfort on their journey home. No rates were given, or the number of Reynoldsvillites would have probably been swelled to close to the two thousand mark.—Punxsutawney Spirit Aug. 27.

### Object to Big Hats.

We notice that ladies, of all ages and conditions, go about during the week, visiting their neighbors, shopping, etc., in their bare heads; they remove their hats in the opera house, and at the Y. M. C. A., and also at prayer meetings Wednesday evening, but when Sunday comes, and the people gather for preaching service, many persist in wearing their hats, to the great inconvenience, and discomfort of people sitting behind them. Now it would certainly be a nice thing for every lady to remove her hat during the church service. We would like to see every lady do this. To our certain knowledge men are kept away from church service by reason of ladies wearing their big hats in the church. A man said to us this week that he had as much right to smoke a cigar in church as a lady had to wear her big hat. And he was right. Won't the ladies think the matter over carefully?—Brookville Democrat.

### New Postage Stamp.

A new two-cent stamp, in commemoration of the Hudson-Fulton celebration, is now being printed in the government offices at Washington, and will be placed on sale at the postoffices in the United States on September 25. The stamps are being issued in honor of Henry Hudson's trip up what is now the Hudson river, in 1609, and of the first trial of the first successful steamboat, built by Robert Fulton and first tested in 1807.

### Kills Would-Be Slayer.

A merciless murderer is appendicitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, biliousness, chills, malaria, headache and indigestion. 25c at H. L. McEntire's.

### Remember

That a course of study at a Normal School prepares one for teaching, for business for life. The State Normal School at Clarion, Pa., is ideally located and offers unusual advantages at a low cost. New dormitory ready for occupancy. Fall term opens Sept. 14. Write for illustrated catalog. J. GEORGE BECHT, Principal.

### It Saved His Leg.

"All thought I'd lose my leg," writes J. A. Swenson, Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it sound and well." Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25c at H. L. McEntire's.

### Notice.

The West Reynoldsville school board will receive bids until September 7, 1909, for furnishing good mine run coal for the coming term; also, bids for janitor. The board reserves the right to reject any or all bids. By order of the Board. O. H. JOHNSTON, Secretary.

### PENNSY RELIEF FUND.

Interesting Statistics Issued by the Company to Show the Scope of This Department.

According to reports issued Monday, the Relief Funds of the Pennsylvania System have in twenty-three years paid out a total of \$26,702,947.78 in benefits to employees of the railroad. Of this amount, \$15,896,425.59 were paid to members who were unable to work, while the remainder, \$10,806,522.19, was paid to the families of employees who died.

Reports for July show payments amounting to \$98,293.70 on the lines east of Pittsburgh and Erie. To members incapacitated for work, \$59,797.10 were paid, while to the families of members who died there was paid the sum of \$38,496.60. The total amount paid out of the relief fund of the lines east of Pittsburgh since it was established in 1886 is \$19,477,996.52.

On the Pennsylvania lines west of Pittsburgh, a total of \$43,164.80 was paid out in the month of July: \$20,000.00 representing the amount paid in benefits to the families of members who died, and \$23,164.80 for the relief of members who were unable to work. Since the organization of the relief department on the lines west in 1889, there have been paid in benefits a total of \$7,224,961.26.

### Sunset in "The Red City" of Bavaria.

The numerous entrances to the old town of Rothenburg are guarded by beautiful watchtowers, which are inhabited by impoverished old women, who rent their airy lodgings for a nominal sum. The red twinkle of their lamps high over the dusky streets of Rothenburg at night—for it is as medieval in its lighting as in many other ways—is very charming in effect. The walls of Rothenburg are a constant delight to visitors, who, by dint of much squeezing through narrow passages and groping in darkness, are able to make a circuit of the city, getting glimpses on the way through loopholes of the green country outside. Wondrous views of the town are also to be had from many of the distant hills. At sunset the sight of its graceful towers and clutter of red roof tops is like a fair vision of romance. The city blazes for a moment in a fiery mist, then suddenly melts, mirage-like, in the gathering dusk, leaving a sense of something born of dream, the illusion of an enchantress's wand.—Rothenburg Letter to Vogue.

### Thought She Had Arrived.

"I have moved into a perfect gem of an apartment on the sixth floor of one of those new houses," said the woman who paints china, "and am reveling in its liberal supply of fresh air and sunlight."

"But don't you find the stairs an overbalancing disadvantage?" asked an acquaintance.

"The thought of the cozy quarters at such moderate cost colors my climb with the roseate hue of optimism," laughed the artist, "but one of my customers, middle aged and filled with good food and the joy of living, evidently found it a harrowing experience."

"It seemed ages that I waited in the hall after the ringing of the lower bell, and upon hearing the labored breathing of my ascending visitor I ran back for the smelling salts."

"When I had administered all the means of resuscitation at hand she managed to articulate between gasps: "I thought St. Peter always opened the door."—New York Times.

### Food of the Chinese.

In the Revue d'Hygiene Dr. Malegnon, who lived for many years in China, gives some curious details of the food of the Chinese. This is what he says of the sons of heaven and the way they eat eggs: "The Chinese are great eaters of eggs, which they take hard boiled. One finds them in all the roadside places for refreshment. The Celestials have an expression, 'Eggs of a hundred years.' The eggs are not always a century in age, but one is able to get them of many years' standing. The Celestials have a preference for the egg of the duck or goose. They are placed with aromatic herbs in slaked lime for a period, the minimum time of treatment being five or six weeks. Under the influence of time the yolk liquefies and takes a dark green color. The white coagulates and becomes green. The product of the eggs, which has a strong odor, from which a stranger betakes himself quickly, the Chinese eat as hors d'oeuvres, and it is said to have the taste of lobster."

### An Explanation.

"How in blazes did the compositor happen to head my foreign travel letter with the words 'Foreign Drivel'?" "I don't know. Perhaps he read it."—Cleveland Plain Dealer.

Sponges are great germ collectors. They should be scalded out thoroughly every little while.

## Electric Railway Charter Granted

Connecting Line Between East Brady and Clarion Will Soon Be Built.

The Clarion and East Brady Electric Railway company has received its charter for the construction of its proposed trolley line connecting Clarion and East Brady and the road will be so constructed with low grades that it can be successfully operated as a freight as well as a passenger railway, having 70 pound rails, with a maximum grade of 2.6-10 per cent, and an average grade of 1.1-2 per cent.

The power house will contain power enough to run through passenger cars at a speed of 40 miles an hour, all at the same time.

It will run passenger cars for passengers, express and baggage service on 90 minute schedules, making a trip each way every one and one-half hours, and a fast freight service, making about three trips a day.

### Card of Thanks.

We are very thankful to our neighbors and friends for their kindness before and after the death of our husband and father.

MRS. JOHN O'CONNOR AND FAMILY.

### Spontaneous Combustion.

Spontaneous combustion can only occur when oxidation causes the temperature to rise to the ignition point of the material. Spontaneous combustion of the human body is impossible on account of the heat regulating effect of the 75 or 80 per cent of water contained. The enormous heat necessary to dry the tissues sufficiently would destroy life long before ignition could take place. An old idea was that the alcohol in a confirmed drunkard might promote combustion, but Liebig showed that even if the body could give off inflammable vapor and this could become ignited the body itself would not be set on fire.

### Her Proposal.

"You've been courting me now for a number of years, George," remarked a girl to a young man, "and I want to make a little leap year proposal."

"I—I am not in a position to marry just yet," stammered the youth. "but!"

"Who said anything about marriage?" interrupted the girl. "I was going to propose that you stop coming here and give somebody else a chance."—Philadelphia Inquirer.

### Man's Superiority.

"Woman," exclaimed the suffragette, "is the equal of man in every respect." "Oh, I don't know," replied a man in the audience; "it takes a man to put an angworm on a fishhook."—Detroit Free Press.

As the schools begin in September and so many children need optical work, I will carry special tests for them this visit but will be prepared to fit all ages. If your eyes need care, call at the Imperial Hotel, Reynoldsville, Sep. 10, or American House, Brookville, Sept. 11 and 13.
