Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

## FRANKLIN AND CLEARFIELD TRAINS START SEPTEMBER 26

Two Through New York To Chicago Passenger Trains Stop at Reynoldsville.

### GOES OVER THE PENNSY LINE

W. F. Schaff, Assistant Division Superintendent of the Franklin division of the Lake Shore road, announced that both passenger and freight traffic on the new Franklin & Clearfield road would be commenced on Sunday, Sept. 26th. Even more important than the date is the announcement that there will be two through passenger trains each day between New York and Chicago. The time of these trains will be announced within a few days. There will also be one through freight train and a local freight train between Franklin and Brookville.

These trains were decided upon definitely at a meeting of the Lake Shore officials in Cleveland on Wednesday, Mr. Schaff being present. The through trains will not supplant any through trains on the New York Central system via Buffalo, but are entirely new. That they will become popular, however, is highly probable, for the new route is seventy miles shorter than the present one, Franklin being on an air line between New York and Chicago.

The through passenger trains will stop at Franklin to receive and discharge passengers. Franklin, Stoneboro and Andover, the two last named being junction points, are the only places at which the trains will stop on the old Franklin division. Arrangements are being made for a train service from Oil City to Franklin to connect with these through trains. It is not certain that the through trains will make any stops on the completed portion of the Franklin & Clearfield line. What stops will be made beyond Rose Siding is likewise undetermined, although there will probably be service to and from Brookville, Reynoldsville, and Falls Creek on the low grade. The only towns of any consequence between Falls Creek and Clearfield are DuBois and Curwensville, and it is uncertain about any stops being made there. Some sort of passenger service between Franklin and Rose Siding will probably be provided before the line is very long in operation.—Franklin News.

### State Sunday School Convention.

The forty-fifth annual convention of the Pennsylvania State Sabbath School Association will be held in Harrisburg October 13, 14 and 15. The program prepared for this convention is strong. All railroads will sell excursion tickets. The delegate credentials for Jefferson county will be issued through Miss Margaret Butler, of Reynoldsville, secretary of the county association. Programs for the convention and other printed matter can be obtained by writing to W. G. Landes, general secretary, 701-2 Witherspoon Building, Philadelphia, Pa.

## TUBERCULOSIS WAR COUNCIL BUSINESS

### INTERESTING EXHIBIT AT DU-BOIS THIS WEEK.

Part of the State's Educational Campaign Against the Great White Plague and Kindred Diseases.

Arrangements have been made with the Department of Health of Pennsylvania at Harrisburg to place its tuberculosis exhibit on exhibition in the Y. M. C. A. at DuBois on Thursday and Friday of this week, September 16 and 17. The exhibit is said to be very fine and instructive. There will be a lecture in the DuBois High School on Thursday and Friday evenings, illustrated by lantern slides by a representative of the State Department of Health. The day exhibits and evening lectures are open to the public. No charge will be made for admission, and it is hoped that a large number will avail themselves of the opportunity to see the exhibit. Competent demonstrators will be present and will take pleasure in seeing that all visitors are informed as to the nature of the various items.

Education of the people, respecting the prevention and treatment of tuberculosis, is recognized as one of the best mediums for its eradication; and the State Department of Health is making these exhibits throughout the state where there are tuberculosis dispensaries, for the purpose of enlightening the people respecting the dreaded disease, tuberculosis, and to aid the state in its warfare against it.

### PITTSBURGH EXPOSITION.

Low Rate Excursions via Pennsylvania Railroad.

### PHONE PLACED IN F. P. ADELSPERGER'S HOME.

An Effort Being Made to Secure Lower Rates on Water Plugs from the Water Company.

The regular monthly meeting of town council was held at Secretary C. W. Flynn's office on evening of September 7th. All members present.

Ex-Tax Collector Wm. Copping reported following taxes collected during August: \$56.82 on 1908 tax, \$101.50 on 1907 tax, \$252.04 on 1908 tax.

Tax Collector S. J. Burgoon reported having collected \$5,546.62 taxes during August.

Chief Burgess J. D. Williams reported having collected \$5.00 for fines, licenses, &c., during August.

On request of a committee of representative residents of east end of town and on recommendation of the borough property committee—appointed at a former meeting to investigate the matter—council ordered a Summerville telephone to be placed in the residence of Chief-of-Police F. P. Adelsperger for means for giving fire alarm from that end of town.

The engineer at the Electric Light plant asked for permission to blow the fire whistle at six o'clock every evening to get water out of whistle. Council did not grant the request, but ordered such repairs as will relieve the trouble.

The town clerk was instructed to notify the street commissioner and chiefs of fire companies not to use any water for other than fire purposes unless the water company be first notified. This notice is given for the reason that some one has been using the water without the knowledge of council or the water company and caused supply in pipes to get muddy.

The current bills for month of August were ordered to be paid. The matter of purchasing a lot for a municipal building was taken up and discussed by all the members. It was finally decided to have the clerk insert notices in home papers asking for sealed proposals by property owners for prices on lots. Proposals to be filed with the clerk on or before October 5, 1909.

It was the opinion of council that the Water Co. ought to grant the borough a reduction in the rental of water plugs for the year commencing October 1st, and to that end a committee was appointed to meet with the directors of the Water Co. and request that a reduction be granted the borough for ensuing year.

Council adjourned to meet at call of president.

## RAILROAD CONSTRUCTION WILL SOON COMMENCE

Brookville & Mahoning Will Cost About \$80,000 a Mile To Build.

### \$3,000,000.00 TO COMPLETE

Bids were closed Saturday for the construction of the Brookville & Mahoning railroad. The estimated cost of constructing the new road is \$3,000,000 and it will be thirty-six miles in length. There will be one large bridge across the Allegheny river, several smaller bridges and trestles, also six tunnels.

On account of the number of bridges, trestles and fills necessary to the construction of the new road, the estimated cost is said to be between \$75,000 and \$80,000 per mile. The necessary funds have been provided and the work is expected to start soon. Contract was awarded September 8th.

The Brookville & Mahoning railroad will extend from Brookville, Pa., to Mahoning, along the Allegheny river, and will be operated as a part of the Pittsburgh, Shawmut and Northern. It will pass through rich coal and timber tracts and eventually will become a link on an important freight line between Pittsburgh and Buffalo. Independent capitalists are said to be back of the big project, and eventually the road may be sold to the Pittsburgh, Shawmut & Northern.

All sorts of reports are being circulated at the southern terminus of the line. It will bring the Pittsburgh, Shawmut & Northern 30 miles nearer Pittsburgh, but as Mahoning is an unimportant point along the river, where comparatively little tonnage originates, it is stated positively that the extension will not end there. About a year ago, when the first surveys were made for the new line the promoters offered to sell the road to the Pittsburgh, Shawmut & Northern when completed, provided the builders would make an agreement with the Pennsylvania Railroad Company for an interchange of traffic with the Buffalo & Allegheny Valley division. Officers of the Shawmut road stated positively at that time that unless the agreement was made with the Pennsylvania they would not connect up with the new link. Whether or not such an agreement was made with the Pennsylvania could not be learned yesterday from officials of the latter, nor local capitalists interested in the enterprise.—Kittanning Times.

### The Lurid Glow of Doom

Was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said that the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For eruptions, eczema, salt rheum, sores and all blood disorders and rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by H. L. McEntire.

Children's school shoes, the kind that wear at Adam's.

Now is the time to do your roofing. Red Cedar shingles galore at the Woodwork Supply Co. storage.

Special this week: men's \$2.50 shoes for \$1.98 at Adam's.

Cloth top, patent, pointed toe shoes for women. Price \$3.00. Adam's.

### Prof. Scott's Recommendations Taken.

Acting on the recommendation of Superintendent C. J. Scott, the Uniontown school board, at a special meeting Thursday night, adopted a new high school course and thoroughly discussed the necessity of an agricultural and mining department that will be added as soon as the facilities will allow. In the new mode of high school work the departments are so arranged as to get the best possible results. Superintendent Scott has been working on the new plan for sometime and he is deserving of the great success that will undoubtedly crown his efforts.—Uniontown Morning Herald. Prof. Scott was principal of our schools several years ago.
