

Where a Little Difference Makes a Lot of Difference

It's in the drug business. Where a little difference in the quality of medicine makes a very great difference in the results obtained. You can't be too particular with your medicines. That is our policy and you can't get any but the particular kind here.

NEED A WATCHMAN.

Trains Run Too Fast Over Pike Street—There is Danger in It.

Now that the Jamestown, Franklin & Clearfield railroad is running fast freights, and will soon be running fast passenger trains, through Reynoldsville—over the P. R. R.—it will certainly be absolutely necessary that a watchman be put on at the Pike street crossing. It is now a dangerous crossing and unless a watchman is put on there to give the warning sooner or later some one will be killed there. Trains run at speed of forty to sixty miles an hour over Pike street crossing, so we have been informed.

There are two or three places above Pike street crossing where men, women and children cross the railroad tracks in taking short cuts to certain points and this will be very dangerous hereafter.

It was announced last week that the West Reynoldsville new school building would be ready on Monday of this week for pupils of rooms Nos. 2, 3 and 4, but the rooms were not ready on Monday and school did not open. It is not likely that school will open until Monday of next week, but the rooms may be ready on Thursday of this week.

Mrs. J. V. Young, Mrs. Ed Jennings, Mrs. Margaret Mitchell, Mrs. S. O. Wells were in Brookville Thursday attending the funeral of Mrs. Margaret Lattimer Scott, who died September 28. Saturday night three young fellows of Reynoldsville went to Wishaw and bombarded a dwelling house with stones, smashing several windows. It is reported that the man-of-the-house shot at the boys and one of them was wounded and had to have a doctor dress the wound. Warrants were issued for the trio and they "smelled a mouse" in time to take a trip for their health before the strong arm of the law gripped them.

The *Pittsburgh Post* said last Thursday that the "contracts for the extension of the Jamestown, Franklin & Clearfield road from Brookville to Clearfield will be awarded the first of the year." So far as we know this may be only newspaper talk, but we are inclined to believe the statement is correct. Work on the completion of the road will certainly be commenced some time next year. We hope so, as the new road will benefit Reynoldsville until the road is completed this far at least.

Eighty-Eight Years Young.

Roderick McDonald, one of the hardy Scotch-Irish citizens of Beechwoods, now in his 88th year, was in town yesterday walking as straight and spry as a man of fifty. He does not look to be over 70 years old. Mr. McDonald had been in Pittsburgh several days and came here on the 9.40 train Monday night. He did intend going to Falls Creek and walking home—four miles—but on account of the late hour the train would arrive at Falls Creek he decided to stop here for the night. The four mile walk from Falls Creek would not have been a hard task for him.

Glass Machine.

Some of our readers may think it strange that out of town papers have been publishing articles the past two weeks about the Colburn glass machine installed in the Star Glass Company at Reynoldsville and the home papers have been silent about the machine. What has been published in out of town papers is street talk, as the factory is not open yet for reports and the public in general.

From what we can learn about it there is no doubt but the machine will do all that has been claimed for it after it is properly adjusted. In the very near future we expect to "blow our horn."

Farewell Party.

A number of neighbors also decided to give them a farewell party and they selected Friday night for their party, consequently, the ladies of the lodge and the neighbor ladies all joined in one party and all had a very enjoyable time. The Daughters of Rebekah gave Mrs. Byrne and Miss Deemer each a very nice present. The ladies carried well filled baskets and a good luncheon was served.

Are You Satisfied.

Did you ever stop to think what an untiring, steady letter writer a good local paper is? Day after day it goes on telling of marriages, births and deaths, the coming and going of people, successes, failures, accidents, crops, improvements, social and events of all kinds. Did you ever view your local paper in that light? Are you showing the local paper that you appreciate what it is doing for you and for the town? Does it get your patronage in the manner that it deserves?—DuBois *Express*.
