NUMBER 25.

Machines To Be Removed From Fitzpatrick Glass Plant

BIG RUN NEXT YEAR

"Wildcat" Regiment Will Hold Reunion in Lieut. Blose's Home Town.

A few more than one hundred members of the 105th Regt. Pa. Vol. Inf., attended the reunion at Punxsutawney last Thursday, and this was over seventy-five per cent of the survivors of this famous "Wildcat" regiment. The weather was not very pleasant for the reunion and at the business meeting a motion was made to change the time of holding reunion from third Thursday of October to the third Thursday of September. After an exhaustive debate on the proposed change the comrades concluded not to make a change, but to leave the selection of the date to the committee having charge of the reunion next year, with instructions to set the time of the reunion as near the 15th of October as possible.

The old veterans had invitations from Brookville, DuBois and Big Run and free chicken dinners and rare social distinctions were offered by each town as an inducement to get the comrades to accept the invitation. Only one invitation could be accepted for 1910 and when the vote was counted Big Run received 40 votes, Brookville 13 and DuBois 1, so the 105th reunion will be held in Big Run next year on a date selected by the committee.

Lieutenant William M. Blose, of Co. A, Big Run, was elected as vice-president, and James W. Wachob, of Big Run, was elected as local secretary.

Up Before the Bar.

N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For chills, constipation, biliousness or sick headache they work wonders, 25c. H. L. McEntire.

Tests Said to Have Been Unsatisfactory and Hand Labor Will be Restored.

It is quite likely that within the next few days there will be a deal closed whereby the Fitzpatrick glass plant, an industry that has been idle for several years, will be placed in shape for the resumption of glass making within the next few weeks. Negotiations between the present owners and interested parties have been pending for several days and it is thought that some definite steps will be taken within the next few days.

When the Fitzpatrick plant passed into the hands of the present owners it was determined to fit them up with glass blowing machines and several months were taken in getting the machines and installing them. These machines were given a trial, but did not prove entirely successful. It was decided to tear out the machines and all of them have been dismantled and the factory placed on a hand production basis.

The machines were successful in that they would produce a good quality of glass, but the owners did not feel certain that they could be made to give a production that would be commercially profitable, and for this reason they were torn out. It might have proven that in time the machines would have been brought up to that point of efficiency that would have proven profitable, but it meant many months of experimenting and the outlay of a large sum of money. The owners want to see the factory running and so decided to place the factory on a hand basis.—DuBois Express.

The Fitzpatrick glass plant is located at Falls Creek.

Wedding Anniversary in Beechwoods.

About seventy-five of the neighbors and friends of Mr. and Mrs. Fred Caldwell gathered at the home of the latter in the Beechwoods on Saturday, October 16, to remind them of the second great event in a person's life, which, in this case, took place twenty years previous to the above date. Although Mr. Caldwell did not like to acknowledge it, the affair was a complete surprise to Mr. and Mrs. Caldwell.

While the men gathered around Mr. Caldwell, talking to him about the events and changes of the last twenty years and sort of jollying him so as to enable him to recover from the embarrassment of the occasion, the good ladies were busy preparing a sumptuous feast at which all present "made good."

It is rumored that Andy Ross and Mrs. E. Sterret were not able to attend church the following day, which was no surprise to those who ate at the same table as the above named.

The afternoon was spent in a social manner. The young people enjoyed themselves roaming the fields and woods in search of beech and chestnuts while the older people were entertained in an informal way until the wee hours of the afternoon, when all gathered in or about the house to see the many and appreciable presents and listen to a neat and suitable afternoon address by Rev. F. M. Redinger in which he gave a brief review of the changes and advancements made in city and country along social, religious and commercial lines, during the last twenty years.

All in all, it was one of the nice social events of Beechwoods. The neighbors left at a late hour, feeling that they had a good time and wishing Mr. and Mrs. Caldwell many more years of happy wedded life.

A GUEST.

Now is the time to do your roofing. Red Cedar shingles galore at the Woodwork Supply Co. storage.

The American Boy's shoes, one pair will wear a year. Price \$3.00 and \$3.50. Adam's Boot Shop.

TRIPLE WEDDING MONDAY.

Father, Daughter and Son Took Mates—Three Members United in Marriage Within Half Hour—Big Reception Followed.

Wonderful are the workings of Dan Cupid but rarely—yea very rarely—is he successful in sinking his arrows into the hearts of three members of one family in such a manner as to cause them to simultaneously wed three other persons similarly struck by the careful aim of the Love God. Yet such is the record of the son of Mars and Venus made in our midst last evening—in fact during the course of less than a half hour.

The victims of the careful aim of Little Dan and his trusty bow were Frank Lane, who was united in marriage to Mrs. Elizabeth Coarns, and his children, James, who married Miss Blanche Bedell, and Miss Jane, who married John Q. Tucker, of Rathmel. The entire sextette, with the exception of the latter gentleman, are residents of this town.

At the conclusion of the ceremonies in this most remarkable and extraordinary event or series of events, a monster reception was held at the Lane home on Rumbarger avenue Monday evening which was attended by the many friends and relatives of the half-dozen matrimonially inclined persons, and at which was the unique occurrence of a father congratulating two of his children on their marriages and in turn receiving the congratulations of each other and vice versa, while the three pairs received the congratulations of the entire company and a callithumpan band rendered music on the outside.—DuBois Courier, Oct. 26.

Attending Church Services.

There is no reason whatever why a newspaper should not urge the people of the community to a more frequent and regular attendance upon the Sunday church services. It is a public matter, of interest to every intelligent individual and, we believe, of vital importance to the public welfare. Just try to imagine for a minute what our community would be like to-day if no churches had ever been established here. Would any parent want to raise his children in a community in which there were no churches and no church influences? Would people care to buy property for homes in such a place? What would be the level of our local public opinion if it had not come under the civilizing and refining influence of the church?

Undoubtedly the church has had a much wider influence morally, educationally and economically than any other institution in the land. Therefore, if we would make more progress along such lines, the church should be supported more strongly than in the past. By attending church a citizen is making himself a better citizen, he is making his town a better town, and he is doing something for the good of his fellow man. The church is the great uplifting agency in the world, without which the race would soon relapse into barbarism, and press its way to perdition.—Ridgway Advocate.

County Not Liable for Cost.

At the 1905 session of the state legislature a law was enacted providing that when a prisoner shall be committed to any county jail or prison in this Commonwealth, for the non-payment of a fine or penalty imposed for the violation of a city or borough ordinance, or an ordinance of a township of the first-class, the expense of maintaining such a commitment, shall be borne and paid by the city or borough or township of the first-class to which such fine was payable; and the county in which such city or borough or township of the first-class is located shall not be liable to the sheriff for such maintenance.

Foreigners Outnumber Americans.

The annual report of the Bureau of Industrial Statistics of the State Department of Internal Affairs in Pennsylvania shows that there are almost as many foreigners as Americans employed in the industries of the state. In the mining of coal in Pennsylvania the foreigners outnumber the American workmen at a ratio of more than two to one. The foreign employes are greatest in the bituminous mines, there being 95,294 of them and 42,363 Americans. The proportions are not much less in the anthracite field, where there are 89,165 foreigners and 45,827 Americans.

Subscribe for THE STAR. Only one dollar a year.

Kill catarrh germs by breathing Hyomel. Stokes & Felcht Drug Co. guarantees it to cure catarrh, sore throat, coughs and colds. Complete outfit with inhaler \$1.00. Very pleasant to use.

Soldier Youth Victim of Hunting Accident Friday

Clifford Marshall Had Right Arm Blown Off By While Hunting With a Gun.

Clifford Marshall, aged twelve years, son of Earl J. Marshall, of Soldier, and grandson of Mr. and Mrs. W. K. Marshall, of Reynoldsville, was out hunting last Friday evening with two other boys of Soldier, when his gun was accidentally discharged and the load of shot struck his left arm above the elbow and almost tore his left arm off. The arm was so badly torn that the doctors had to amputate it within 24 inches of the shoulder joint.

The other boys were not near Clifford when the distressing accident occurred. He evidently was pulling the gun towards himself when it was discharged. This is another warning against boys going hunting, and a caution for men to be careful.

Swept Over Niagara.

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention if you would escape fatal maladies—dropsy, diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1.00 bottle wholly cured me." writes J. R. Blankenship, of Belk, Tenn. Only 50c at H. L. McEntire.

Music in High School.

An orchestra and two glee clubs, one for girls and one for boys, have been added to the school life at the Kittanning high school. These organizations add considerably to the pleasure of school life and are fully appreciated by the students.—Kittanning Times.

Men's-case shoes, the uppers will last as long as 5 pair of soles. Price \$3.00, \$4.00, \$5.00. Adam's.

Official Ballot.

The official ballot for the November election will be a big sheet. It will measure about 20 by 26 inches and contain space for the state and county tickets of the Republican, Democratic, Prohibition and Socialist parties. The ballot also will contain space for ten constitutional amendments. The amendments are all different and must be voted on separately, as must the schedule. This will require eleven marks to vote on the amendments alone.

It will require more time to prepare a ballot for voting next Tuesday than it ever has before.

Boys' high cut shoes, strong and durable. Price \$2.50 and \$3.00. Adam's.

A lot of children's, misses' and women's shoes at 98 cents. Adam's.

The Acid Test for Wool

Wool, like gold, has an acid test.

A piece of cloth boiled in caustic potash will completely dissolve if it's pure wool.

Every piece of cloth coming from the mills must be able to withstand this test successfully before it can be used for Clothcraft.

This is what makes it safe to guarantee every Clothcraft garment pure all-wool.

This is why you can depend on getting all-wool when you buy Clothcraft from \$10.00 to \$25.00.
