An American Popular Song Endorsed by Royalty.

That a popular song should achieve the distinction of being sung at a private concert given exclusively for the entertainment of a certain monarch and his friends, is in itself quite unusual, and even more unusual are the facts attending its reception. For obvious reasons the name of the monarch is withheld from publication.

A well-known European concert singer, while in America, secured a copy of a new high-class ballad, "My Way to Heaven is Through Your Love, Sweetheart," intending to use it as an encore number. Upon her return to Europe, she was advised that she was to sing at a concert to be held at the concert room in the palace of After her rendition of three of her classic numbers, the royal host personally sent a request that she sing another song of a somewhat lighter character. The singer decided to sing, "My Way to Heaven is Through Your Love, Sweetheart," and scored so signally she repeated it. After the concert, she was duly presented to the monarch, who, in complimenting her, spoke in a particularly enthusiastic manner of the popular number she had rendered.

Thus, perhaps, for the first time in the history of songs, an American composition was endorsed by royalty.

Grain Crop Inadequate.

The Punxsutawney *Spirit* is authority for the statement that aside from buckwheat Jefferson county does not nearly supply the demand for grain in the county. The Mahoning Milling company which was organized last spring has about 1,000 bushels of buckwheat on hand all of which was purchased in the open market in this section.

In the matter of other grain supplies the proprietors of the new plant were not so fortunate, as they were compelled to enter the western markets for wheat, oats, corn, rye, etc., a carload of each of which is enroute for Punxsutawney.

It is a curious as well as a deplorable commentary to note that with all the broad acres of excellent and tillable farm land in Jefferson and northern Indiana counties, the farmers of this section are unable to supply the local demands for grain, excepting in the case of buckwheat.

The farmers of this section are evidently thriving and happy and obtaining satisfactory results, and what this section needs, evidently, is more farmers.

Brookville Man Killed.

William C. Carr, boss carpenter for the Pittsburgh & Shawmut railroad, was killed by a train on the Allegheny Valley railroad at Ford City Friday night. To get out of the way of an approaching passenger train he stepped to the other track in front of a work train. He was 60 years old and his home was in Brookville, where he leaves a widow and several children. For a number of years Mr. Carr worked with the carpenter crew on the Low Grade.
