

Reynoldsville

Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

Reynoldsville

Has modern schools and churches, paved streets, water, gas and electric accommodations, convenient trolley service, high and healthful location, varied employment for labor and many other residential advantages.

VOLUME 18.

REYNOLDSVILLE, PENN'A., WEDNESDAY, FEBRUARY 16, 1910.

NUMBER 41.

RESULTS OF YESTERDAY'S ELECTION IN THE BOROUGH

Large Number of Split Tickets Were Cast In Reynoldsville Borough.

It has been several years since there was as much interest taken in the borough election in Reynoldsville as there was yesterday. The entire Republican ticket, except assessor, was elected. Before the name of each successful candidate will be found an asterisk (*). Following is the vote polled in the borough:

JUSTICE OF THE PEACE.	
Perry B. Love, R.....	91 140
John C. Dillman, D.....	65 118
SCHOOL DIRECTOR.	
J. S. Hammond, R.....	100 192
A. P. King, R.....	109 184
David Sowers, D.....	28 42
P. G. Burkhardt, D.....	58 82
TOWN COUNCIL.	
Samuel R. Williams, R.....	118 168
Thos. F. Nolan, R.....	93 186
Chas. H. Young, D.....	49 72
M. Mohney, D.....	37 72
ASSESSOR.	
William Copping, R.....	55 101
Harvey S. Deter, D.....	93 152
AUDITOR.	
D. H. Breakey, R.....	88 131
Fred J. Butler, D.....	62 125
JUDGE OF ELECTION.	
W. H. Ford, R.....	138
L. M. Swartz, D.....	121
J. C. Ferris, R.....	119
Frank Mulholland, D.....	37
INSPECTOR.	
Samuel Ressler, R.....	137
W. C. Snuitze, D.....	120
Geo. Heckman, R.....	89
C. J. Kerr, D.....	64
REGISTER.	
Jos. B. Mitchell, R.....	137
Nielan Cooper, D.....	122
J. C. Williams, R.....	101
M. C. Coleman, D.....	48

West Reynoldsville.
Out of the nine offices to be filled in West Reynoldsville the Democrats captured six of them. There was a tie vote for council on the Democrat ticket. The successful candidate have an asterisk (*) before their names. Following is the vote polled:

JUSTICE OF THE PEACE.	
Chas. Bergquist, R.....	30
P. J. Ward, D & P.....	73
SCHOOL DIRECTOR.	
W. E. Guthrie, R.....	37
Fred Austin, R.....	28
Wm. F. Woodring, D.....	61
Jos. McKernan, D.....	40
Philip Koehler, P.....	11
D. B. Stauffer, P.....	17
TOWN COUNCIL.	
A. B. Weed, R.....	43
E. D. Davis, R.....	36

T. J. Fagley, D.....	52
John R. Sowers, P.....	10
INSPECTOR OF ELECTION.	
H. E. Stewart, R.....	48
J. B. McAtee, D.....	44
Mal. W. Yeomans, P.....	5

The Best Hour of Life.
Is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Is the sweet and best remedy for diseased lungs, hemorrhages, laryngitis, asthma, hay fever—any throat or lung trouble. 50c and \$1.00. Trial bottle free. Guaranteed by H. L. McEntire.

The Clarion State Normal School is offering some special inducements in its course of study for the spring term. It will pay you to write for a circular describing the work that will be done in the special training of teachers. Spring term opens March 29th. J. George Becht, Principal.

STEEL PASSENGER COACHES.

Public Safety Demands the Elimination of the Old Wooden Cars.

What is probably the largest steel passenger car equipment owned by any railroad in the world is that of the Pennsylvania Railroad which, with the cars just completed and those in course of construction, has 630 all steel passenger cars. With this large number of steel cars, the Pennsylvania Railroad is now to start the operation of all-steel passenger trains on some of its lines of densest traffic.

On August 12, 1906, the Pennsylvania Railroad announced that all future passenger equipment would be built of steel; not only steel frame but steel and non-collapsible in every particular. In planning the cars and establishing the standards, which are now copied in all Pennsylvania passenger cars, no expense has been spared by the company to build a coach which should provide the greatest possible strength, a steel framing which could not be affected by the fire, an inside lining which should be absolutely unburnable, and at the same time, one that would not conduct heat or sound.

The Pennsylvania Railroad in November, 1906, ordered 100 all-steel passenger cars. Since that time additional orders have been placed and there are now in service on the company's lines 245 coaches, 10 dining cars, 21 combination passenger and baggage cars, 29 baggage cars, 18 postal cars, and one company car, a total of 324 cars. In course of construction there are 140 coaches, 34 dining cars, 48 combination passenger and baggage cars, 4 baggage cars, 42 postal cars, 27 mail storage cars, and 11 baggage and mail cars. The Pullman Company, at the instance of the Pennsylvania Railroad, has for the past four years been at work designing all-steel parlor and sleeping cars. Some 500 such cars are shortly to be completed and placed in service on the Pennsylvania Railroad.

With the all-steel passenger equipment now in-service or on order, and some 250 steel cars to be ordered on the 1910 passenger equipment program, the Pennsylvania Railroad will, in a short time, have in service about 900 of its own steel passenger cars, and 500 steel Pullman cars.

Census Questions.

The character of the questions concerning color or race, age at last birthday, conjugal condition, number of years of present marriage, the number of children born, and the number of children now living, to be asked by the enumerators in the Thirteenth United States Census, beginning April 15, next, is clearly explained in the printed instructions to the census takers, which have been prepared by the United States Census Bureau. As to age of the person enumerated, the enumerators are cautioned that this question calls only for the age in completed years at the last birthday. Therefore a person whose exact age on April 15 is 17 years, 11 months and 5 days, should be returned simply as 17, because that is his age at his last birthday.

Notice.

The annual meeting of the stockholders of the Reynoldsville Building & Loan Association will be held in their office February 21st, 1910, at 7:30 o'clock p. m., for the purpose of electing directors and auditors and for the transaction of such other business as may properly come before them.

Attest: JOHN M. HAYS, President.
L. J. McENTIRE, Secretary.

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of liver and kidney trouble after twelve years of suffering. They are the best pills on earth for constipation, malaria, headache, dyspepsia, debility. 25c at H. L. McEntire's.

Rubber social Thursday night—be sure to attend.

Billy Did.

As William bent over her fair face he whispered, "Darling, if I should ask you in French if I might kiss you what would you answer?" She, calling up her scanty knowledge of the French language, exclaimed, "Billet doux!"

Want a Laborer's Special Rate.

A large number of Reynoldsville miners who work at Wishaw ride to and from work each day on the trolley and under present rules must pay two fares each way if they ride to the mines. Consequently most of them get off at Mitchell's crossing and walk the remaining half mile. A petition signed by about one hundred miners has been prepared asking the trolley company to issue a special laborer's ticket which will permit the miners to ride to the mines for one fare. The petition was presented at the last meeting of the Business Men's Association, received the endorsement of that body, and will be presented to the trolley company this week.

DR. MURRAY TO OPEN OFFICE IN PUNXS'Y

Will be a Branch of His Reynoldsville Office and Widen His Field of Work.

March 1st Dr. J. H. Murray, the stomach specialist of Reynoldsville, will open a branch office in the new Spirit building at Punxsutawney and will spend two days of each week at that place. Since commencing his practice as a specialist in Reynoldsville Dr. Murray has met with encouraging success, many patients coming from a distance for consultation and among them a large number from Indiana county. For the better accommodation of these and others in that territory the branch office is deemed advisable. Dr. Murray's headquarters will remain, of course, at his home on West Main street in this place and the new office will not interfere with his local practice in stomach diseases.

Dr. and Mrs. Murray will go to Philadelphia Tuesday night to remain until the first of March and while there will arrange for the equipment of the new branch at Punxsutawney. Dr. Murray has many friends throughout this section of the state who will be glad to learn of the success of his work as a specialist, and of his widening field of influence.

A Water Telescope.

Norwegian fishermen use a water telescope to ascertain the position of the herring shoals. This is the way to make the water telescope: Procure a tube made of tin and funnel shaped about three and a half feet long and ten inches in diameter at the largest end. It should be wide enough at the top to take in the observer's eyes, and the inside should be painted black. At the bottom, or wide end, a clear, thick piece of glass must be inserted, with a little lead in the form of a ring to weight the tube. When the instrument is immersed in clear water it is astonishing how many fathoms down the observer can see.

The Sybarites.

The Sybarites were the inhabitants of the ancient city of Sybaris, in southern Italy, founded 720 B. C. They were so greatly addicted to voluptuousness and self-indulgence that their name became a byword among the peoples of antiquity. The word "sybarite" is used at the present day to denote a person devoted to luxury and pleasure.

Sometimes There Isn't.

Flubbe—I'm going into the manufacture of something there ought to be money in.
Dubbe—What are you going to manufacture?
Flubbe—Pocketbooks and purses.—London Telegraph.

Why He Couldn't Work.

The Lady—My husband, sir, 'as sent me to say 'e won't be able to come and do the little job you arst 'im to. 'E's promised to go round the town with the unemployed.—London M. A. P.

One More Disappointment.

"Poor old Myer is dead, I see. He led a life full of disappointments."
"How glad he would have been to see his name in print!"—Fliegende Blatter.

An Old Idea.

"In those old times when they cut off people's heads the train of events proceeded on one modern idea."
"What was that?"
"The block system."—Baltimore American.

Making Sure.

Highland Ferryman (during momentary lull in the storm)—I'm thenkin', sir, I'll just tack yer fare. There's no sayin' what might happen tae us.—London Punch.

Orchids.

Only \$5 is paid in Brazil to the finder of an orchid which is sold in New York for \$150 or more.

Steel Plant Ready For Operation

All Crews Hired and Await The Arrival of a Car Of Patterns.

Work at steel plant is being delayed on account of a car of patterns not arriving. Seventeen cars of raw material, &c., including the car of patterns, were shipped from Pittsburgh to Reynoldsville ten days ago and thirteen of the cars have arrived here, but the car most needed went astray. A tracer has been sent out and the company expects the car to arrive any day now. A day after the patterns arrive thirty more men will be put to work in the plant and manufacturing will be started in full force.

As stated in THE STAR last week, the Blaw Collapsible Steel Centering Co. have a large number of orders booked and just as fast as possible the capacity of the plant will be increased and the number of employes will be increased accordingly. It will not be many months before this plant will be giving employment to three hundred men.

Death of J. L. C. Vandervort.

John L. C. Vandervort, son of Mr. and Mrs. A. Vandervort, was born at Hazen, Jefferson county, Pa., December 2, 1864, and died at Leechburg, Westmoreland county, Pa., February 7, 1910, from blood poison, aged 45 years, 1 month and 11 days. He was married to Idella Ritenour twenty years ago last New Year's day. He leaves to mourn his death his wife, two sons and one little daughter, whose names are Elmer, Adrian and Wavy May, also his father, mother, two sisters and four brothers. Funeral service was held at the family residence February 9, conducted by Rev. Heath, pastor of the Presbyterian church, of which deceased was a member, and on Thursday the body was brought to Hazen and interred in the family plot, in the Temple cemetery in Waraw.

The God whom Mr. Vandervort served in life did not desert him in his last hours. He expressed a wish to see his wife and bade her good bye and after his pastor prayed for him the severe pains left him and with a smile on his lips he went out to the Fair City of God.

Death From Bright's Disease.

William Breakey, of Stanton, Pa., oldest brother of D. H. Breakey, of Reynoldsville, died at his home near Stanton at noon on Thursday, February 10, 1910. He had an acute attack of Bright's disease on the Monday previous, which resulted in his death. William Breakey would have been sixty years old the 10th of next April. He is survived by his widow, one son and four daughters. Wayde Breakey, who taught school in this section several years ago, is the son of deceased. Funeral service was held in the United Presbyterian church at Stanton on Saturday afternoon, conducted by Rev. Adams. Mr. Breakey was a highly respected citizen in the community where he resided.

D. H. Breakey and family, of this place, attended the funeral.

Will Be Rare Treat.

It is claimed that the entertainment to be given in Assembly hall to-night by the Italian Boys, talented musicians, and Elbert Poland, reader, elocutionist and all-round platform entertainer, will be a rare treat. The musical instruments used are: Solo Violin, Flute, Clarinet and Harp. The dusky players are natural musicians, born in the Sunny Land of Italy, where there is music in the atmosphere as well as in the souls of its people. There is a peculiar richness and harmony in their music that is captivating.

Letter List.

List of unclaimed letters remaining in post office at Reynoldsville, Pa., for week ending Feb. 12, 1910.

Mrs. Carmichael, James Carmichael, Frank Young.

Say advertised and give date of list when calling for above.

F. C. BURNS, P. M.

They are always right and they are always light—Queen Quality shoes for women. Price \$3.00 and \$3.50. Adam's Boot Shop.

Mrs. Mary Neff Died Saturday.

Mrs. Mary Jane Neff, mother of our townsman, Squire E. Neff, died at her home at Rossmoyne, Indiana Co., Pa., on Saturday, Feb. 12, 1910. Her maiden name was Mary Jane Farnsworth. She was born June 16, 1817, and would have been 93 years old in June of this year. March 5, 1840, she was united in marriage to Jonathan Neff and for over 68 years, until December 13, 1908, when her companion crossed over the river of death, they traveled life's pathway together. Her husband was 94 years and 3 months old when he died. Funeral took place at Rossmoyne yesterday. Squire E. Neff attended the funeral.

MINING STATISTICS FOR THIS DISTRICT

Inspector Phillips Publishes his Annual Report Giving Interesting Facts.

Following is part of the report of Mine Inspector Elias Phillips, for the year ending December 31, 1909, which will soon be made to the state department of mines. Mr. Phillips, who is a well known mining expert of this city, is inspector for the fourth bituminous district comprising the territory located in six counties in the north-central section of the state:

The production of coal for the year over that of 1908 shows an increase of nearly 1,000,000 tons, net. There would have been a still greater gain if many of the mines had been operated, that were idle during the entire year.

There have also been a greater number of persons employed in and about the mines of the district than were during 1908.

The production by counties stands as follows:	
Tons	
Clearfield county.....	2,561,537
Jefferson county.....	1,929,853
Elk county.....	1,221,858
Armstrong county.....	295,846
Clinton county.....	258,882
Clarion county.....	60,136

The list of fatalities is somewhat lower than for the year 1908, when 22 lives were lost. The fatal accidents came singly. The number of non-fatal accidents has increased over the previous year. Falls of roof, sides and coal killed 11 and injured 22 persons, or 68.75 and 41.55 per cent, respectively. Cars inside and outside killed 2 and maimed 21, and explosions of powder, dynamite, electric shock and miscellaneous causes resulted disastrously to many.

The nationality of persons killed and injured were numerous, of those killed three were Americans, Scotch 2, Polish 1, Italians 4, Lithuanians 2, Austrians 2, Swedish 2. Of those injured the greatest number are Americans with the Italians second and other nationalities following up in the list.

A large percentage of the accidents are the result of a lack of care in the performance of the work by the miner and others. Only by a greater degree of care on the part of the employes and the enforcement of rigid discipline by officials will reduce the accident list.

SUMMARY OF STATISTICS.

Number of mines, 78; number of mines in operation, 64; number of tons of coal shipped to market, 5,566,408; number of tons used at mines for steam and heat, 191,833; number of tons sold to local trade and used by employes, 28,395; number of tons used in the manufacture of coke, 550,476; number of tons of coal produced, 6,337,112; number of tons of coke produced, 329,573; number of coke ovens, 933; number of coke ovens in operation, 933; number of tons of coal produced by pick mining, 2,942,593; number of tons produced by compressed air machines, 3,127,713; number of tons produced by electrical machines, 296,776; number of persons employed inside of mines, 7,871; number of persons employed outside, including coke workers, 1,124; number of persons employed at manufacture of coke, 236.—DuBois Courier.

Stagers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c at H. L. McEntire's.

If you are not on the sunny side, Walk-Over—price \$3.50 and \$4.00. Adam's.

Association Adopts New Constitution

Membership Dues Now Only \$1.00 Per Year With No Admission Fee.

At the last meeting of the Business Men's Association the draft of a new constitution was presented by a committee appointed for that purpose, and unanimously adopted. It will become effective after the election in April. It is a radical departure from the original constitution, an effort having been made to cut out the "red tape" and allow freer and more spontaneous action by the Association.

The most important change was the elimination of the \$3.00 entrance fee and of the monthly assessment feature, which were so objectionable to many in the original. Under the new constitution the members simply agree to pay \$1.00 per year into the treasury to help carry on the work and pay the rent of a room for meetings. It is believed that many more members can be secured now that the assessments and high enrollment fee have been removed. Every property owner in town should be willing to contribute one dollar a year towards the work of bettering industrial conditions. The recent sale of the steel plant has demonstrated the value of such an organization to the town. It is working on other projects of equal importance to the future of Reynoldsville, but the work cannot be carried on without a little cash in the treasury.

Show your loyalty to home interests by handing in your name and a dollar to the Association next Tuesday night, or hand it to any member of the Association and it will reach the proper officials.

Halley's Comet.

Halley's comet probably will begin to be visible to the naked eye about April 1, and will cross the face of the sun at 8:00 p. m. on May 18. This announcement has just been made by Prof. Edwin B. Frost, a recognized authority and director of the Yerkes Observatory, Williams Bay, Wis. At the same time, it is said, the comet's tail will sweep through the atmosphere, and, if it is long enough, will envelop the earth for several hours.

The Ebony Emperors of Melody at the Family Theatre Feb. 22nd.

WANT COLUMN.

Rates:—One cent per word for each and every insertion.
