BUGGY GOES OVER BANK.

William Donhizer Met Death' Driving From Kaylor to East Bradv.

At seven o'clock Sunday morning the body of William Donbizer. a German whose home is in East Brady, but who has been employed in the mines at Kaylor for several years, was found in the waters of Pine Run at Kaylor. Donhizer was last seen alive in Kaylor at midnight Saturday when he was shaved in the barbershop. After that he started to drive to East Brady.

The buggy tracks show that the horse left the road and went down over the bank which was neither steep nor high. The buggy upset, the bed rolling over on Donhizer and pinning him down. From all indications it is not believed that the unfortunate man was killed instantly. His coat sleeve was rolled above one elbow when this body was found and the arm showed marks as though he had struggled to release himself. It is believed Donhizer died from exposure. The horse was found standing near the buggy. The remains were taken to East Brady where Donhizer's father, who is 87 years of age, resides.-Kittanning Daily Leader.

William Donhizer was a brother of George Donbizer, of Reynoldsville. Mr. Donhizer, son and daughter, Frank and Miss May, went to East Brady Monday to attend the funeral.

He was licensed to preach in 1869 and in 1873 was admitted to the Colorado conference, having gone to Colorado in 1873 to recuperate his failing health. In 1874 he returned and entered the Erie conference and was assigned to the M. E. church at Ringgold. Since that time he had been pastor of some of the best appointments in the Erie conference and was presiding elder of the Jamestown district three years. In the fall of 1908 Dr. Hall was assigned to the Brookville M. E. church, the home town of his early boyhood. He was an able and very successful minister.

Hill who was in a Fittsburgh hospital a short time, is now at the Presbyterian parsonage in Beechwoods. The doctors have forbidden him doing any work for a year. It is probable that a young man from the Theological Seminary of Allegheny will be secured to fill Rey. Hill's pulpit during his forced vacation.

# Two More Assembly Candidates.

At a conference of representatives of the Anti-Saloon League and some Republican workers of the county, held in Brookville Monday afternoon, Hon. James G. A committee was appointed to nominate three candidates as delegates for the Republican state convention to be held in Harrisburg in June.

# Unfavorable Comment.

The article clipped from the Punxsusutawney Spirit and published in THE STAR last week concerning the action taken when a mad dag ran our streets a few weeks ago, caused some unfavorable comment on the attitude the Spirit took in the matter. The people were surprised that the Spirit would make light of such an important matter and would insinuate that the State Health Department is not competent and its decision is not to be accepted. Hydrophobia does not always develop in ten days or two weeks. Sometimes it is several months before it develops.

MAY REACH SETTLEMENT TODAY

### Maj r Beale Not a Candidate.

There will be no fight for the Republican pomination for Congress in the Armstrong-Indiana-Clarion-Jefferson district this year.

Major Joseph Beale, of Leechburg, who a month or two ago declared his intention of opposing Congressman Langham for a second term, has reconsidered, so it is is now said, and will not enter the race.

Congressman Langham announced on Saturday in Washington that he had received a letter to the above effect from Corporal Robert McKee, private secretary to Major Beale, and he believes now that he will have a clear field. He has received assurances of support from former Congressman W. O. Smith, of Punxsutawney, and others. -Kittanning Daily Leader.

#### Reynoldsville's Paved Roads.

For a distance of six miles out of Reynoldsville the state has built a brick paved road. Comparing the brick with the macadam, the brick is far superior. Take the state road built of macadam at this place and see the ruts in it. These ruts will appear every year. The roads may be repaired every summer, but the repairs are not permanent, while in the case of brick paving the work is durable. The state roads are all right when they are made permanent, but if they are a source of continual repairing then they are not much better than the ordinary township road. With brick paving there is no dust nuisance such as exists where macadam is used. In fact the state road leading from Reynoldsville to Rathmel is a better job of street paving than is shown on Mahoning street, Punxsutawney.-Punxsutawney News.

The more there is of love in the world, the less of hate: the more there is of heaven, the less of hell: the more there is of faith, the less of despair; the more there is of friendship, the less of human shipwreck. More people go down for want of friendship and affection and encouragement than for the lack of ability in themselves. Get hold of your friends and help them; that is the big part of your mission in living. -Titusville Herald.

#### DIED AT HAWTHORN.

#### Public Spirit.

What nearly every town needs is a more pronounced public spirit. Civic stagnation is the result of indifference and that indifference has its root in a selfishness that considers nothing but private gain. Take any community whose citizens are intent only on their private affairs and you find a community destitute of progress and public spirit. It is a short sighted policy upon the wrong idea that it does not pay individually to spare even a fraction of time to devote to the general good. In truth it does not pay not to do it for in these pushing days the town destitute of that wholesome, wideawake spirit which makes for the public welfare falls behind. Other towns pass it by, draw away its trade, and leave it hopelessly in the rear as a fossilized specimen of antiquity petrified through clinging to a dead selfishness and obsolete methods.
