DON'T FORGET THAT TUESDAY. MAY 17th, IS "CLEAN UP DAY" IN REYNOLDSVILLE

REYNOLDSVILLE, PENN'A., WEDNESDAY, MAY 11, 1910.

Reynoldsville

Offers exceptional advantages for the loca-tion of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

The

****** "Clean-Up Day" in Reynoldsville TUESDAY, MAY 17th

TUESDAY, MAY 17th, has been designated by the town council of Reynoldsville borough as a day upon which all citizens of the town are requested to clean up and destroy all refuse, rubbish, garbage, waste matter, debris, etc., which may have accumulated during the winter months, upon or near their premises, or on the streets and alleys running along their place of residence or business. The town council has arranged to have wagons make the rounds of the town that day and all matter which cannot be burned or destroyed will be hauled away to the borough garbage grounds free of charge. All that is asked of the citizens is that they have the refuse collected ready to be placed on the wagon.

.... This movement, which was started by Mayor Williams at a meeting of the Business Men's Association, and taken up by council, is one of the most commendable projects attempted in Reynoldsville for many months. If the people will co-operate with council for one day scores of unsightly places may be removed, sanitary conditions greatly improved, and the beauty of the streets and properties will be augmented. The dark and dirty basement, the garbage can and rubbish heap are the breeding spots of the germs of disease and the property holder who gets out next Tuesday with fire and shovel and whitewash brush will render a service not only to his own best interests but to the community as well.

The aim of the management of The Pittsburgh Christian Advocate is to make a family paper. The family circle includes of course the mothers, the young folks and the boys and girls. The fathers belong to the circle, but no special account is taken of them in editing the department. The brightest stories and the wisest counsel that can be obtained will be set before the readers of the pages specially devoted to the "Circle." The young folks and the children are always in the editor's mind when making up the matter for "The Family Circle," and that in-evitably leads him to think of the mothers and their problems. These pages alone are worth far more than the price of the paper.

Water Co. Case **Referendum Vote Favors Acceptance** Compromised

Council Acted Upon Various Matters At the Meeting Tuesday Night.

Regular, monthly meeting of town council was held on the evening of May

3rd with all members present. Ex-Tax Collector Wm. Copping reported having collected during month of April \$323.53 on 1906, '07 and '08 taxes.

Committee from Reynoldsville Water Company appeared before council in behalf of that company to adjust the differences between the borough and the water company on account of the shortage of water during 1909. Water Co. committee made a proposition to compromise, which was accepted by council.

Messrs. H. Alex Stoke and C. R. Hall, representatives from the Business Men's Association, appeared before council and requested that council fix a day to be known as clean-up day in Reynoldsville. Request was granted and Tuesday, May 17th, was the date fixed for clean-up day.

The street committee reported on sidewalks needing repair or alteration. S. M. McCreight appeared before council in behalf of the Reynoldsville Light and Power Co., and notified council that the street lighting contract with that company would soon expire and requested council to be in position to take action on new contract on expiration of old one. The matter was referred to the light committee to confer with the Light and Power Co. and report at later meeting.

Dr. J. C. King and J. V. Young were appointed as committee to see Smith & McClure and .o make satisfactory arrangements, if possible, to place the fire alarm bell on the Smith & McClure three story brick building.

The sewer committee was instructed to construct a sewer line on Mabel street to north side of Third street. Street committee was instructed to procure danger signs and place them on street corners to conform to the act of Assembly regarding speed of automobiles.

Current bills for the month were ordered to be paid.

for Assembly Pledge Themselves.

We, the undersigned, believe that Local Option, or majority rule in selfgovernment, is an inherent right of the people of any civilized community, and is the paramount issue in Pennsylvania politics at this time.

We believe Local Option is a practical solution of the liquor problem.

We believe the only feasible way to secure the enactment of a Local Option law by the legislature of Pennsylvania at its next session is by all friends of such legislation uniting in support of the Anti-Saloon League, an organization of recognized state and national standing.

As candidates for nomination for Assembly by the Republican party of Jefferson county, which party. in convention assembled has declared its allegiance to the principle of Local Option: and our candidacy having been endorsed by the Local Option League of Jefferson county in convention assembled and approved by state and national officials of the Anti-Saloon League, we pledge ourselves, if nominated and elected, to work and vote for such a Local Option bill as the Pennsylvania Anti-Saloon League may find it expedient to present before the legislature for enactment into law.
