"No safe and sane nonsense about Fourth of July joilification goes with me," said Burgess George W. Amy, of Butler, when approached by a com-mittee and asked to join the movement to repress the use of explosives on the day. "The boys will be given free rein," said the burgess. "As long athey come anywhere near sticking to the ordinance which is very ineral in this city. I was a boy once myself, and believe the roughl is the time when Young America should be allowed to have a big time. I will put no unnecessary restrictions upon the boys July 4th. The death rate for July con-brations is not as high as from a lot of other causes. More children die from a rusty nail in their foot, for instance, than from the Fourth of July celebration from the sure of the restriction of the sure o tion, but that is no reason why we should prohibit the sale of nails."

At the eleventh hour the citzens of Brockwayville deed it to have a celebration July 4th. Part of the program will be horse racing and bal
