

Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

Has modern schools and churches, paved streets, water, gas and electric accommodations, convenient trolley service, high and healthful location, varied employment for labor and many other residential advantages.

SAVED MONEY; MAY LOSE LIFE

Polish Woman Horribly Burned Monday When Her Home Was Gutted.

Fire completely gutted the residence of Peter Valeric, formerly the Conway property, near the Pennsylvania freight station in West Reynoldsville shortly before noon Monday, August 8th. In an endeavor to rescue about \$200 in cash which was on the second floor, Mrs. Valeric was horribly burned. When she emerged from the burning building her hair had been burned off, the flesh was falling from her face and neck and her breast was livid and cracked. But she had saved the money and in the excitement of the moment hardly knew the extent of her injuries. Later she collapsed, a physician was called and after removal to a neighboring house she was given all the aid possible. At one time it looked as though the burns would be fatal, but hope for her recovery is now expressed.

Yesterday morning Mrs. Valeric was removed to the Adrian hospital for treatment and at last report was in very critical condition.

The Valerics are Poles who conducted a boarding house. Monday morning someone spilled a large quantity of kerosene oil on the back porch and one of the children later held a match close to the floor. In an instant the flames had spread over the porch and shot up the wall. The house was old and the fire spread with fearful rapidity up the walls and into the rooms. Before any fire company could reach the scene the whole house was a mass of flames and though not large, the fire was one of the most stubborn to control that the local firemen have ever had. Water was thrown on the house by Hope Fire Company for over an hour before it became safe to venture into the place. An element of danger was aided by the presence only a few rods away of the big oil tank of the Atlantic Refining Company. Very little of the furniture was saved. It is said that the house and furniture were well covered by insurance.

August Criminal Court.

An exceptionally large number of people are attending the August session of criminal court at Brookville this week. About sixty cases were on the calendar for the grand jury to consider and it is expected that true bills will be found in about 50 of them. The charges range all the way from assault and battery to murder.

W. C. Sprague, of Winslow township, is foreman of the grand jury and W. M. Agnew, of Barnett township, and David Bailey, of Young township, tipstaves.

Practicing in New York City.

Joseph C. Macero, a former Reynoldsville boy who is practicing law in New York City, has been visiting old time friends in Reynoldsville the past week. Mr. Macero graduated two years ago from the New York Law School, having previously taken courses in Bucknell University and Columbia College and since his admission the bar has been building up a large law practice among New York wholesale produce houses.

Big Run Trolley Lines to Connect.

The DuBois Traction company will shortly commence the construction of a trolley line through Big Run, using the main street for the purpose. The line will connect with the Jefferson Traction company's line to Punxsutawney. The town council of Big Run guarded the interests of the citizens well and placed the trolley company under strict regulations regarding the manner of constructing the borough line.

Williamsport Commercial College.

Reynoldsville young people should attend this school for courses in book-keeping, shorthand and typewriting and all English branches. Over 200 calls received last year for office help. Fall term begins September 6th. Trial lessons and catalogue free.

F. E. HEALEY, Proprietor.

The work of the Lock Haven State Normal School is primarily, to prepare teachers for the public schools. In this work, it has been eminently successful. Its graduates to-day are college professors, Normal school teachers, County superintendents, high school and grade teachers. It also maintained a college preparatory department, and departments of Music, Elocution, Art and Business. The fall term opens September 6th. Send for illustrated catalog.

Big reduction in ladies' two piece wash suits. See them at Bing-Stoke Co.'s.

BRILLIANT SOCIAL EVENT OCCURRED YESTERDAY

Miss Lena Herpel United in Wedlock to John M. Coleman at the Home of the Bride's Parents, Mr. and Mrs. C. A. Herpel.

A very pretty home wedding of Tuesday was that of Miss Lena H. Herpel daughter of Mr. and Mrs. C. A. Herpel, and John M. Coleman, son of Mr. and Mrs. M. C. Coleman.

The ceremony was at 10 a. m., at the bride's home in West Reynoldsville. Rev. J. C. McIntire officiated in the presence of relatives. The ring ceremony was used.

A handsome robe of embroidered net was worn by the bride who carried white roses with shower of sweetpeas. Misses Golda and Kathryn King attended the bride who was given away by her brother Harry C. Herpel. The groom had Dr. Craig King as his attendant. Lohengrin's wedding march was played by Mrs. T. S. Arnold.

The appointments throughout the house were carried out in the flowers of the season. Covers were laid for twelve at the bride's table for the bridal party and parents of the couple.

Immediately after the wedding breakfast Mr. Coleman and his bride left for an Eastern trip. The guests from out of town were Mr. Edward Herpel, of Philadelphia, Mrs. T. S. Arnold, of Clarion, Miss Golda King, of Sykesville, and Mr. and Mrs. Harry C. Herpel of Monesson.

Building Big Concrete Arch.

Work is now in progress on a big 340-foot concrete arch to span Pitch Pine Run at the point where it crosses Fourth and Grant streets. The work was authorized at the last meeting of the borough council and will be superintended by George W. Kline, of this place. The old stone and plank bridge which was built ten years ago was falling into ruins and the new bridge became a necessity.

The big concrete arch will commence at a point on the east side of the alley in rear of the Deible wagon factory, cross the alley and run along Fourth street for about 125 feet, then diagonally cross Fourth and Grant streets to the lot of Councilman Frank S. Hoffman making 242 feet. This is the extent of the borough work, but Mr. Hoffman has given Mr. Kline a private contract to continue the concrete arch 100 feet further through his lot, making a continuous arch of 342 feet. Gas and water pipes run along Grant street and these must be changed, the water pipes being lowered below the stream, the gas pipes being placed higher. To make the work substantial Mr. Kline is scooping out all loose ground along the bed, going down to a solid base. The water from Pitch Pine Run has been diverted into the borough sewers until the job is completed.

When this arch is finished, Deible Brothers have announced their intention of building a walk along the Grant street side of their wagon factory and thus removing one of the danger spots in the borough. Several times the borough has narrowly escaped damage suits through accidents that have occurred at the Grant and Fourth street crossing, due to the open stream.

Pifer Reunion.

The Pifer reunion will be held in Alshoe Park, near Big Run, August 23. The committee is preparing an excellent program for the day. In the morning there will be a ball game between the Pifer relatives. In the afternoon there will be addresses by Rev. Hartman, of Troutville, and Miss Katherine Pifer, and Miss Grace Pifer, of DuBois, graduates of Susquehanna University, will sing several solos. Good music will be furnished. The affair is open to all Pifer relatives and friends.

Young Men and Women.

Are you interested in making the most and best of your life? If so, let the Clarion State Normal School open correspondence with you with the view to helping you to get a good educational equipment. It has helped hundreds to enlarge their spheres of usefulness; it can and will help you.

Write for illustrated catalog to J. George Becht, Principal, Clarion, Pa.

Opening New Vein of Shale.

The Reynoldsville Brick and Tile Co. has opened up a vein of shale on the side of the hill, about sixty feet below the bed originally used on top of the hill. The new vein is forty-five feet thick and of the finest quality. The same incline used for the first operations is used to bring down shale from the new bed.

3 months yet, to wear low shoes; buy them for half price at Adam's.

25 per cent reduction on men's and boy's hats. Bing-Stoke Co.

COLBURN GLASS MACHINE TO BE STARTED AGAIN AND WILL GO UNTIL PERFECTED

Directors Met in New York City and Voted to Raise More Capital to Carry on the Tests and Improve the Quality of the Glass Turned Out by the Big Machine.

The Colburn glass machine in the Star Glass Co.'s plant at Reynoldsville will be started again within a few months and will be kept going until its ability to manufacture perfect glass is demonstrated beyond question. This is the result of the meeting of the directors of the Colburn Machine Glass Company at New York Saturday last, as reported to the Reynoldsville directors by Messrs. A. T. McClure and G. M. McDonald, who attended the meeting as representatives of the Star Glass Company.

The Colburn company will raise a

large sum of money at once for the purpose of carrying on the experimental work and making changes in the machine with the view of improving the glass and preventing breakage. Their original contract with the Star Glass Company will be carried out in every way and there is every reason to believe that the machine will eventually do all that has ever been claimed for it. Its inventor, I. W. Colburn, and all others who understand the machine thoroughly have absolute confidence in the big project and are backing it with their last cent.

AND WE'LL CELEBRATE AGAIN

The Princess Helena Italian Society Will Hold a Reunion in Reynoldsville on Columbus Day.

Columbus Day—October 12th—will be fittingly observed in Reynoldsville by the Princess Helena Italian society. A big reunion will be held here on the occasion, from seven to ten lodges from Jefferson, Clearfield and Indiana counties joining together for the event. Two fine Italian bands will be engaged, a ball game will be played, bicycle races will be featured and a grand ball will be in progress day and night. The parade will be the chief spectacular event of the program—all members appearing in full regalia—with flying banners and martial music.

The committee met in Reynoldsville Sunday and made preliminary arrangements for the day. Later the complete program will be published. On the occasion of the last reunion of this order in Reynoldsville a crowd of several thousand people attended and we note by our files that comment was made at the time upon the excellent order maintained throughout the day and the good feeling that reigned between the attending members on the streets. The order is larger now than then, having lodges in or near DuBois, Brockwayville, Conifer, Soldier, Sykesville, Punxsutawney, Delancey, Adrian, Onondago, Indiana and many smaller places in that county. Reynoldsville will extend its usual warm welcome to the Italian-Americans who compose the Princess Helena Society.

McIntosh Family Reunion.

Wednesday August 3rd, was the date of the second annual reunion of the McIntosh family, the founders of whom were among the early settlers of the Beechwoods and Brockwayville section, and that morning about 150 people from Ridgway, Brockwayville, Brookville, Reynoldsville, Falls Creek, Brandy Camp, Beechwoods, Punxsutawney and DuBois, all directly related or connected by marriage, were present at Edgemont Park, Falls Creek, where the day was spent. All brought well filled baskets and spent the forenoon in the happy reunion of friends whom the past year had separated and who had not met since the joyful occasion a year ago. The following officers were chosen: President, R. H. McIntosh, of Falls Creek, re-elected; vice president, Elton M. McIntosh, of DuBois; secretary, M. H. Smith, of Grove Summit, and treasurer, J. A. McIntosh, of DuBois. It was decided to hold the next reunion at Edgemont on the first Wednesday in August, 1911.—Brockwayville Record.

Won't Need a Crutch.

When Editor J. P. Soeman, of Cornellus, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica Salve healed it thoroughly. Nothing is so prompt and sure for ulcers, boils, burns, bruises, cuts, corns, sores, pimples, eczema, or piles. 35c at Stoke & Feicht Drug Co.

Applied for Charter.

W. R. Meredith, Arthur O'Donnell, Sr., and Thomas White have applied for a charter for the incorporation of the company which has as its intention the rebuilding of the brick plant at Meredith, three miles below Reynoldsville, on the Pennsylvania railroad.

Grange Picnic.

The Horntown Grange will hold its annual picnic in the Schuckers grove, near the grange hall to-day, Wednesday, August 10th. A large attendance usually characterizes these events.

25 per cent reduction on all summer suits. Bing-Stoke Co.'s.

A reduction of 25 per cent on boys' suits, age 6 to 15. Bing-Stoke Co.

GREAT SNAIK! WHAT AWFUL MONSTER CAN THIS BE?

Two Legged Reptile of Hideous and Malignant Mien Was Seen by Two Gentlemen of Unquestioned Veracity.

William Tyson and Floyd Henry, two gentlemen of undoubted veracity, vouch for the authenticity of a strange tale of a two-legged snake or other unclassified reptile which they encountered on the road between the farms of Henry and Robert Smith. They avow that while walking along the road wrapped in solemn meditation they saw emerging from a stone pile what they supposed to be a black snake probably four feet in length. They commenced to stone it and the snake was knocked over on its back, when they were astounded to notice on its under side just a few inches from its head, two well formed three inch legs, the like of which they had never encountered before and have not since been able to find on any bird, beast or reptile in the encyclopedia. In their astonishment they left the reptile right itself and it disappeared through a fence along the side of the road. They followed with clubs but were unable to find any trace of it. If to this strange tale you say "there aint no sich'n thing," they simply reply that they saw it with their own eyes.

'WILL BUILD NEW ROAD.

Winslow Township Supervisors Decide to Construct Road South of Reynoldsville.

At a meeting of the supervisors of Winslow township held at Frank's Tavern Saturday it was decided to construct a road over the hill from the plant of the Reynoldsville Brick and Tile Company to the farm of Curt Wells in South Winslow township. The new road will make it much more convenient for farmers living in that section to reach Reynoldsville, and enable them to come into town without driving along the track of the trolley line with the constant danger of horses becoming frightened.

After this road has been completed it is probable that the county will be asked to build a new iron bridge over the Sandy Lick creek at the Brick and Tile plant. The present wooden structure has been in use eight years and shows the effect of constant wear.

The Kyle Run Dam.

The huge concrete core wall for the Kyle Run dam, which is being constructed by the B., R. & P. three miles below Falls Creek, has been completed with the exception of a small retaining wall at the toe of the mass of concrete work that is now done, and the work has otherwise progressed nicely and the results are fully up to the expectations, in fact, better and those in a position to know state that the capacity of the dam will be nearer five million gallons than four as was originally expected, but the work will not be completed by the time cold weather sets in, it being the belief that it will be spring before the huge reservoir is filled for the first time.

The concrete work on the dam is an engineering feat that is somewhat out of the ordinary. Especially is this so of the gate-house, which is situated in the middle of the dam and is entirely of concrete, even to the door. The entire building is re-inforced with steel and built to do service a considerable length of time. A foot bridge will connect it with the breast of the dam.

The construction work continues to attract much attention and each day sees a number of interested visitors on the scene of activity, which stretches over an area of several square miles.—DuBois Courier.

Miss Elected Organist of Large Church.

Miss Isabel Arnold, of New York City, who came to the home of her sister, Mrs. W. B. Alexander, on Grant street, Tuesday evening of last week to spend the summer, has received the announcement of her election as organist of one of the largest churches in Jersey City. The church is an \$50,000 structure and was dedicated in January. The pipe organ is one of the finest Hope-Jones products and was dedicated in February, 1910.

"Sandbaggers" at "Briarcroft."

Thursday of last week several score congenial spirits from Reynoldsville, Punxsutawney, Brookville, Falls Creek and DuBois, met at "Briarcroft," near Pannocast, the country home of J. Owen Edelblute, of the National Hotel, and spent the day in the merriest fashion that good fellows know. A fine dinner was served, with choice refreshments on the side and the program of sports and entertainment was altogether unique. The merriment continued until a late hour.

It is reported that socialist newspapers will soon be started at DuBois and Bradford.

GALLANT KNIGHTS INVADE THE TOWN

Yesterday's Reunion Program Was Well Executed By Committee In Charge.

The Knights of Golden Eagle reunion held in Reynoldsville yesterday was one of the best the order has had in recent years. A good sized crowd was present all day and a special train of seven coaches was run from the farthest points of Clearfield county, carrying castles from Peale, Houtzdale, Woodland, Clearfield and other points. Many of the local business places were finely decorated and the citizens extended a warm welcome to all visitors.

The reunion opened Monday night when the business meeting of the Association was held in the hall of the local castle. The following officers were elected for the coming year: President, William Witherson, Houtzdale; Vice President, Thomas Justham, of Reynoldsville, Secretary, Aaron Crane, of Osceola Mills; Treasurer, J. W. Newcombe, Houtzdale. The Grand Lodge of the order in Pennsylvania will be held in Williamsport next year and when the delegates came to consider the question of a place for holding the next annual reunion, they thought it advisable to name Williamsport as the city. It is hardly possible that the Grand Lodge will ever come closer to the reunion district and many will be induced to go next year on that account.

Tuesday morning the Sykesville band, under the leadership of Richard Ramsey, of Reynoldsville, opened the day's program with band concerts on Main street and kept the crowd moving until the special trains from Clearfield county pulled in. The trolley cars were also well filled and by noon, when the parade formed in West Reynoldsville, a good sized crowd was on the streets. Moving down Pike street in West Reynoldsville to Main, in Reynoldsville, up Main to Tenth, down Tenth to Jackson, down Jackson to Fifth, Fifth to Hill, Hill to Third and thence to Main, the parade afforded an interesting sight, the degree teams in full paraphernalia attracting much attention. At the conclusion of the parade the various teams were photographed by I. D. Kels in front of Frank's Tavern.

Grand Chief Wm. Y. Irwin, of Norwood, who promised to attend, failed to appear in Reynoldsville and his place on the program at the afternoon meeting in Frank's Park was taken by Rev. John F. Black, pastor of the Reynoldsville M. E. church. He delivered an excellent and an appropriate address which was well received by the people present.

The winners of prizes in the athletic contests were:

Two mile bicycle race, first prize, \$3.00, Earl Leach; second, \$2.00, Chas. Valbrick.

100 yard foot race, first prize \$3.00, Robert Patterson; second, \$2.00, Will P. Nolan.

Foot race for boys under 14 years, first prize \$2.00, McCarthy; second, \$1, McGoldrick.

The ball game between Eleanora and Reynoldsville was an exciting contest won by Eleanora 10 to 0.

During the evening the Sykesville band gave a concert on Main street that won unstinted applause from the large crowd on the street. The members are real musicians and showed the results of their long training under Leader Richard Ramsey.

A word of praise is due to the committees who had charge of this event. Their arrangements were excellent and well executed. They settled all debts contracted promptly, accounted for every cent handled, and provided good entertainment for the visiting castles. It is not often that committees so faithfully execute their allotted work. They are grateful to the people of Reynoldsville for the good will shown to them.

Farmers' Institutes.

The State Department of Agriculture has issued a bulletin giving dates of farmers' institutes to be held throughout the state. At these institutes courses of instruction are given free of charge in up-to-date methods for improving the output of Pennsylvania farms. Following are the dates for Jefferson and Clarion counties:

Jefferson—November 21 and 22, O'Learyburg; November 23 and 24, Roseville. Clarion—February 14 and 15, Limestone; February 16 and 17, Rimersburg 20 and 21, Lickingville.

Methodist Sunday School Picnic.

The Methodist Episcopal Sunday school will hold an old fashioned picnic in Mammoth Park Tuesday, August 16, to which all members and friends of the church are invited.
