The Alert Man.
"Calmness is a fine trait," said Mr. Bliffy, "but does it always get there? You take the case of two men standing up in a car holding on to straps, both the same age, but one of them quiet and the other quick, and now let the man they are standing in front of get up to leave the car at a station, and suppose these two men are both at exactly the same distance from the seat, each with the same chance as the other for seizing it, which would get that seat? Would it be the calm, cool man who moved deliberately and always with some thought for others, or would it be the ever alert man, quick to move and always on the lookout, not caring a continental for what anybody thinks and always ready to jump in any seat he can nab? Why, while the calm man is thinking it over about what he shall do and beginning to turn that way the alert man is in the seat. I certainly do admire the calm, tranquil man and his good manners, but it is the man ever on the alert that gets the seat in the car—and other things."

30 Days Trial In your Home

Our enthusiasm concerning The FREE Sewing Machine is so great that we are absolutely certain that if you once have it in your own home you will never think of owning any other—that if you once find out the convenience of its scores of 20th Century improvements then the time for you to think of possessing any sewing machine but

The FREE

will have gone forever. For that reason we propose that you try The Free for 30 days. We want you to keep it in your home—to sew on it—to test it in any way you choose—to compare it with any sewing machine you know of and then make your decision. Unless you are fully satisfied—more than satisfied—send it back to us—it will not cost you a cent—we will refund all you have paid on it.

We know that such an actual test for 30 days will show you that all other sewing machines are thirty years behind the times, ugly and full of out of date imperfections. Side by side with its beautiful French Leg design, the old style machine will look like a Relic of the Revolutionary War.

To make it still easier for you to find all this out, we will sell you The FREE on your own terms and on payments as low as

\$1.00 A Week

The price of the machine we do not dare to publish because it is so low that you would think we exaggerated when we tell you in the same breath that it is the Lightest Running Sewing Machine in the world, The Most Perfect Stitching Machine in the world, The Fastest Sewing Machine in the world, The Most Beautiful Sewing Machine in the world, —That it has all the good points ever known to sewing machines, that it has eliminated all the bad points and that it has a score of special improvements besides.

In order to learn of the remarkably low price, we want you to come to the store and first allow us to show you its many points of superiority.

Come Tomorrow and See The FREE and take it home for a trial
