THE MAN who has saved nothing has yet to make a beginning. Each day's delay makes the start more difficult. Tasks that are easy for us when we are young, become burdensome when we are old, and as we are younger to-day than we will ever be again, it will be easier to start to save to-day than to-morrow.

Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers.
