In an effort to attract people back to the farms that are being abandoned in Western Pennsylvania, the Gazette Times and Chronicle Telegraph will conduct a big land show in Pittsburgh in October.

After all the agitation against the exhibiting of the Jefferies-Johnson fight pictures, the surprising fact is discovered that the people care little or nothing for them and in most places near Reynoldsville where they have been shown, they have failed to draw even the usual nickelodeon crowds.

Saturday, October 1st, the Methodist Episcopal Sunday school of Rathmel will give an entertainment and a tea and coffee supper in the church. Prices for supper, adults, 15 cents. Supper will be served from 3.30 to 7.30 p. m. Ice cream will also be served and the festivities will end with a free entertainment in the church.

Johnsonburg is the latest town to awaken to the fact that a town can never have too many industries and is making an energetic effort to interest all its citizens in a town boosting campaign. An agent for the Buffalo, Rochester & Pittsburgh railway is making an effort to get every town along that railway line active in the same way.

The big coal tippie at Jacksonville, Indiana county, is finished and the spur of railroad being built from the Buffalo, Rochester & Pittsburgh railroad from the shaft near Jacksonville is nearing completion. Jacksonville is growing rapidly and it is thought that the place will eventually be one of the most important coal centers in Indiana county.

H. L. Dixon, of Pittsburgh, who is interested in both the Star Glass Co. of Reynoldsville and the Colburn Machine Glass Co., and conversant with the affairs of both recently wrote to officials of the Reynoldsville company that there is every prospect of an early resumption of operations in the local plant. No word has been received from officials of the Colburn Company, however.

Dr. R. A. McKinley, pastor of the Presbyterian church in Reynoldsville, delivered his lecture, "Sailing an Unknown Sea," before the Brotherhood of the First Presbyterian church of Punsautawney Monday night. Yesterday Dr. McKinley went to Endeavor, Forest county, to attend the fall meeting of the Clarion Presbytery. In his absence A. T. McClure will lead the weekly prayer meeting.

Catherine, the infant child of Mr. and Mrs. John Henry, of near Soldier, died September 17th and was buried in Prospect cemetery yesterday at 2.00 o'clock. Dr. A. J. Meek conducted the services.

Rev. Sibley, who was Methodist Episcopal minister at Emerickville last year, has been placed on the superannuated list. He has been succeeded at Emerickville by Rev. Richards.

"Whom Shall we Please?" will be the subject of Dr. A. J. Meek's sermon in the Baptist church Sunday morning. In the evening the minister will also have a very interesting theme: "Do we Need to Go to Church?"

Rev. Charles E. Rudy is packing his household goods this week preparatory to leaving for Woodlawn, Pa., where he has been chosen pastor of a Lutheran church. The goods will be shipped Friday and Wednesday of next week. Rev. Rudy, with his wife and child, will leave Reynoldsville for their new home. Owing to the scarcity of houses at Woodlawn at present, Rev. Rudy will live at Beaver, Pa., until he can secure suitable accommodations.

A very pleasant social event took place at the home of Mrs. V. C. Freas, Monday evening, September 19, when about thirty of her neighbors and friends tendered Mrs. Freas a farewell party. Different games formed the amusement of the evening. Delicious refreshments were served, after which Mrs. Freas was presented with a set of solid silver teaspoons. Mrs. Freas will move to Youngstown, Ohio, in a short time.

It is a ruling of the Interstate Commerce Commission and a rigid regulation of the Pennsylvania Railroad Company that no information concerning shipments of freight by one party, shall be given by its agents to other parties not associated in business with the shipper. Notwithstanding the fact that common hearer should prevent any person trying to gain information in this way, it is said to be a common occurrence for freight agents to be solicited to give out such information.

The reception given to Rev. John F. Black Friday evening to celebrate his return to the Reynoldsville pastorate of the M. E. church for another year, was a very enjoyable affair and was well attended. Among the speakers of the evening were: Rev. R. A. McKinley, of the Presbyterian church, S. S. Robinson, Philip Koehler, Dr. L. L. Means, John Barclay and Rev. Black himself. At the conclusion of the formal meeting in the auditorium the people went into the Sunday school room where light refreshments were served to all.

Hunters taking their dogs into the woods during the coming season without having them tagged with a 1910 dog tag, will have them shot according to advices received recently by local constable from Joseph Kalbus, secretary of the Pennsylvania State Game Commission. The ruling of the game commission is that under the act of June 1, 1907, all dogs are required to wear a tag attached to their collar showing that the tax for that year upon said dogs has been paid, also the name and address of the owner in plain English. If the owners of the dogs do not comply with these requirements it is the right and privilege of all game protectors, or any constable to kill this dog when off the land owned or controlled by the owner of such dog.

### Appreciates The Star.

The following extract from a letter from a former Reynoldsville boy, accompanying a check for renewal of his subscription to THE STAR, is a sample of the many we are receiving: "I am very much pleased with THE STAR and note the special effort which you put forth to boom the good old town. Keep the good work up. Wishing you every success, etc."

### Lutheran Church.

There will be preaching in the Reynoldsville Lutheran church Sunday at 11 a. m. and 7.30 p. m. and in the afternoon at 3.30 communion service will be held in the Chestnut Grove Lutheran church. This will be the last Sunday on which Rev. C. E. Rudy will conduct the services before going to his new charge.

## TEACHERS' MEETING LARGELY ATTENDED

Over One Hundred Instructors Were In Reynoldsville Saturday.

The teachers' meeting for the southern and eastern sections of the county at Reynoldsville Saturday was largely attended, and much interest and enthusiasm was manifested. Supt. Jones explained in detail the new course of study making clear the fact that the new course if intelligently followed, would be of great assistance in carrying on the school work. The matter of adapting the course to the needs of the ungraded schools was discussed at length; alternation by grades as outlined by the Superintendent in the county papers at the time the call was made for the teachers' meeting was finally agreed upon, and all teachers are expected to follow this plan.

Professor Rife addressed the teachers on the subject "The Preparation of the Teacher;" this was a most timely address, and was very favorably received.

Mr. Kelly, a graduate of the Zaner school of writing and of the drawing course at Ohio University, gave a very practical and helpful lesson in each of these subjects: a special effort has lately been made to bring about a greater interest in these two subjects, and also to get better results; the teachers present were much interested, and voted to hold another meeting at Reynoldsville Saturday October 14 at 1:30 p. m. for further instruction in these subjects.

A general round table conference was held, and the methods in the various branches were gone into, the principals in the discussions and the teachers in general taking active part. The method in the beginners class was gone over in some detail, and it was made plain that a teacher, who did not know the different methods and use the best from each, was not up to the standard for this country; the teaching of phonics was especially emphasized, and a drill in this work was given.

Supt. Jones informs us that two general meetings are held this fall, and that every teacher is expected to attend one of them: the teacher who does not do this is shirking a part of the work. School directors and patrons should note whether their teachers are in attendance; those who did not attend Saturday should make it their business to attend the meeting at Brookville Saturday the 24th, beginning at 9.30 a. m. and lasting all day.

## GROWTH OF BEE KEEPING.

(Continued from First Page)

bees as unchecked smallpox has on the human race.

"There are about 23,000 beekeepers in this state, and it is safe to say that not more than one-tenth of this number know the disease when they see it, and know the proper methods of preventing its spread. When a man's colonies of bees have been attacked by foul brood, he thinks that it is just "bad luck." His bees die off, he doesn't know why, and he attributes it all to chance.

"The only way to get rid of the disease is to destroy the infected combs and move the bees to a new colony. By so doing no new bees are bred for five or six days, and by that time the infection has been worked off by the adult bees.

"The foul brood, of which there are two kinds, American and European, has been known in this country for about forty years. All of it originally came from Europe, for bees are not native of this continent. It has only been recently, however, that the ravages of the disease have been noticed. Formerly a man kept his own bees and used the honey himself. Since the expanding of the industry, with the interchange of honey, and the shipping of colonies and queen rearing for the market, the disease has gained a great foothold."

## THE TIME, THE PLACE AND THE GIRL COMING TO ADELPHI MONDAY

Beautiful girls, exquisite scenic environment, clever comedians, startling electrical surprises, all sweet swinging, graceful dancing, picturesque groupings, witty dialogues, brilliant lyrics, catchy songs and tuneful music, are said to be the chief ingredients which have been responsible for the universal praise with which that piquant musical mixture, "THE TIME, THE PLACE AND THE GIRL," has been accorded in every large city in which it has been presented. The entire production as shown during its New York, Chicago and Boston runs, will be presented at the Adelphi Theatre, Reynoldsville, Monday, Sept. 26.

It is claimed that the chorus is positively the youngest, prettiest and cleverest now before the patrons of high amusement, and a particular feature of this part of the company is the pony ballet, consisting of twelve young girls whose aggregate weight is not above one thousand pounds. Tom Cameron is the leading comedian of the organization, which includes Donald McKenzie, J. C. Morrison, Miss Maria, Miss Wood, Miss Webster and other well known singers and musical comedy artists.

## NOTES FROM THE HIGH SCHOOL BUNCH OF VERY LARGE ONES

Miss Butler's school had the best record for attendance and punctuality. Prof. W. M. Rife addressed the meeting of teachers of Jefferson county in Assembly hall on Saturday morning. He took for his topic: "Effective Teaching."

The schools report a fine record for attendance and punctuality. Miss Amy Bollinger took charge of one of the grade schools on Thursday. Her work is with fifth and sixth year pupils.

Enrollment reported on Friday evening: Grades, 528; high school, 110; total, 638. This increased on Monday in all the departments.

Only five cases of tardiness in all the schools last week. Carroll Murray visited the primary department on Thursday for the purpose of better preparing himself for his own school work.

George Smith paid the high school a farewell visit last week. He will leave for college in a few days.

The first work in drawing looks good. Better work will follow.

Saturday J. Walter Moore, of the Glendale district, brought to THE STAR office three fine peaches, the largest of which measured 8 1/2 inches. The fruit was soft and finely flavored and Mr. Moore states that the three samples submitted did not differ materially from 100 bushels more which he gathered in his peach orchard this year. Which goes to show that Jefferson county farming and fruit growing is a profitable profession for the man who knows his business and attends to it.

An egg that measured 6 1/2 inches around one way and 5 1/2 around the oval circumference, was the production of a hen belonging to Mrs. Joseph Shaffer one day last week. It was about twice the size of the average egg.

Last week we mentioned an eight inch peach grown by Charles Berkhouse Friday John H. Deemer, who lives on a farm south of Reynoldsville, brought to the office a fine specimen of a peach which measured nine inches in circumference. It was grown on his farm under ordinary conditions and serves to strengthen previous statements to the effect that with a little more attention Jefferson county could be made one of the greatest fruit growing sections in Pennsylvania.
