CLOTHCRAFT ALL-WOOL CLOTHES

Pressing vs. Permanent Shape

SOME clothes can be kept in shape only by constant pressing.
Pressing will give shape but will not hold it. Shape must be a part of the clothes themselves—it must be built into them.
It's well to keep your clothes neatly pressed. It gives them life and freshness.
But with Clothcraft Clothes you need not depend on pressing for permanent shape. Shapeliness and smartness are designed and cut and sewed right into them.
They never lose their dressiness and perfect fit.
They have and hold the appearance of high priced clothes—they are yours for \$10 to \$25.

Sealshipt Oysters

The Cream of the Oyster Beds

Packed in the Prime of their Freshness
They are packed in the prime of their freshness, into air-tight, ice-cooled Sealshiptors—a perfect shipping refrigerator which keeps Sealshipt Oysters at a uniform degree of coldness.
That is why Sealshipt Oysters are the finest in flavor and richest in food value.
We transfer Sealshipt Oysters from Sealshiptor into the Sealshipticase, and hand you the oysters in a wax-lined Sealshipt blue and white wax paper pail.
In no other way can you get the genuine Sealshipt Oysters.
Honest Value for Your Money
Sealshipt Oysters are the standard of oyster value. When you pay less you get less.

Besides the supervision of State and Federal Government, the waters where our beds are located are analyzed by the Lederle Laboratories—the famous food experts.

Last May the Government passed a ruling prohibiting the shipping of oysters in contact with water. This ruling is in substance the same that has always governed the sale of Sealshipt Oysters.

This will cause many imitators to try and foist other oysters as genuine Sealshipt.

So in protection to yourself buy from us. We are bona fide registered Sealshipt Agents, a part of a perfect organization—The Sealshipt System. See the Sealshipticase in our store.
