**Sealshipt Oysters**  
The Cream of the Oyster Beds

Packed in the Prime of their Freshness

Besides the supervision of State and Federal Government, the waters where our beds are located are analyzed by the Lederle Laboratories—the famous food experts.

They are packed in the prime of their freshness, into air-tight, ice-cooled Sealshiptors—a perfect shipping refrigerator which keeps Sealshipt Oysters at a uniform degree of coldness.

Last May the Government passed a ruling prohibiting the shipping of oysters in contact with water. This ruling is in substance the same that has always governed the sale of Sealshipt Oysters.

That is why Sealshipt Oysters are the finest in flavor and richest in food value. We transfer Sealshipt Oysters from Sealshiptor into the Sealshipticase, and hand you the oysters in a wax-lined Sealshipt blue and white wax paper pail.

This will cause many imitators to try and foist other oysters as genuine Sealshipt.

In no other way can you get the genuine Sealshipt Oysters.

So in protection to yourself buy from us. We are bona fide registered Sealshipt Agents, a part of a perfect organization—The Sealshipt System. See the Sealshipticase in our store.

Honest Value for Your Money  
Sealshipt Oysters are the standard of oyster value. When you pay less you get less.
