### Big Lesson From a Little Town.

The Boston Transcript, noting that the Democrats of the town of Revere, Mass., put forth a platform in the recent campaign duly signed by the chairman and secretary of the party committee, calls attention to the fact that one of the planks pledged the party to a "comprehensive scientific study of the town for the purpose of adopting a general plan for the development of the water, sewer and fire systems and the streets of the town." It says in comment: "If this were the general practice, if development did not depend so much on the operations of 'eliques' at town meetings, many a town would be better off than it is to-day. In the 'little democracies' fights between 'quarters' rage for the control of the appropriations."

### Beware of These Knockers!

The men who do a town more harm than good may be classed as follows: first, those who oppose improvement; second, those who run it down to strangers; third, those who never advertise their business; fourth, those who distrust public spirited men; fifth, those who show no hospitality to any one; sixth, those who hate to see others make money; seventh, those who oppose every movement that does not originate with themselves; eighth, those who put on long faces when a stranger speaks of locating in their town; ninth, those who oppose every public enterprise which does not appear of personal benefit to themselves. —Beverly (O.) ## \$15,200 WORTH

### Men's, women's and children's suits, overcoats, furs, hats, shoes and clothing

On or before December 20, 1910, we will move into the local I. O. O. F. building with a complete line of men's, women's and children's brand new merchandise of every kind. This handsome new establishment will give us an additional outlet for our constantly increasing business. The expense thus saved means dollars saved to those who attend this sale. Also, if you will stop to consider the fact that it has been over a year since we have had a "real sale," you will readily see that we can afford to and positively will, give you the biggest money-saving bargains on all merchandise you buy here during this sale—to make up for a dozen so-called sales. And we guarantee every purchase to be just as we represent it or back goes your money. It is needless to say that the policies of this store or any other store that we may superintend are of the very highest.

Remember—two weeks shopping to get ready for winter before Thanksgiving—and then only four weeks to Christmas. Six weeks shopping to be done in three.
