THE NEW YORK MERCURY FOR THE

COMING YEAR.

After more than a quarter of a century of uninterrupted success, the New York Mercury—standing first in the number of subscribers in this country—prides itself on its past career as a guarantee of new triumphs in the future.

Before, it has equipped all rivalry but it proposes to make the coming year memorable by placing in every post bag, an alluring up before the world as the most marvelous specimen of a fascinating brilliant, amusing, and comprehensive literary newspaper that has ever been published in either hemisphere.

THE GENIUS OF EUROPE. We will be daily engaged to give her a more perfect and complete portrait than any other production of the most popular literary genius of the old world, will be published every week of the most eminent story writers of the New.

MISS M. E. BRADDON. Authress of "Jurors Floyd," "Lady Audley's Secret," "John Melcham's Legacy," &c., &c. who has sold her own, like A STAR OF THE FIRST MAGNITUDE.

In the literary horizon of Great Britain, has been especially engaged to supply the New York Mercury from time to time with the wonderful creations of her genius, at a rate which no other weekly in America could venture to incur.

Among the multitude of distinguished writers and artists who have become familiar to the masses through the best circulation of the Star Weekly of America, may be mentioned the following, all of whom are still upon their staff:

DR. J. H. ROBINSON, CONNIE MAY CARLTON, LARGARET BLOUNT, W. O. EATON, NED BUNTLINE, GEORGE MARTIAL, ARTHUR M. GRANGER, JULIA S. INGRAHAM, GRACE GARDNER, EDWARD WILLET, FELIX O. C. DARLEY, "EARLY CHIEF," MISS M. E. BRADDON, GEORGE ALBANY.

Scores of other distinguished literati, and their various noble poems, contribute to its columns while its pictorial illustrations are from the imimitable pencil of Felix O. C. Darley, Esq., the best draughtsman of the age.

The War, which has given the world so many pretensions publications, and half destroyed those that still survive, has added thousands to the circulation of The New York Mercury.

Its heart-stirring short stories, its military histories, its matchless ferial romances, its racy burlesques, its genial wit and humor, its delicious gossip, its fairy tales for little folks, its rare poetry, its fresh and vigorous editorials, the infinite variety of its contents, and the large amount of reading matter that it compiles, render it welcome everywhere, and to all classes of society. Containing as it does,

FORTY COLUMNS of closely printed matter, it may safely be pronounced the cheapest, as well as the best Literary Newspaper extant.

Three favorite writers, Doctor F. H. Robinson, Connie May Carlton, and Ned Buntline, are now preparing three stories for The New York Mercury. Of each of these productions will be commenced in the Opening Number of the New Year. The authors being aware of this fact, are engaged in an emulative contest for precedence, and the result will unquestionably be that the most effective story ever penned by any of three, will commence in the

ADMINISTRATOR'S NOTICE

Letters of Administration have been granted in due form of Law to the subscriber upon the Estate of Thomas Overturf, late of Benzieger township Elk county, deceased. All persons having any claim against said Estate, are requested to present them duly authenticated for settlement. Any person owing the Estate are requested to make payment forthwith.

ANN OVERTURF, Administratrix of the

The peculiar taste or location which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an unnatural, advanced state of the blood, wherein that fluid becomes impure, and is unable to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, fith and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children, and is the third and fourth generation. Indeed, it seems to be the rod of Ham who says, "I will visit the iniquities of the fathers upon their children." The disease originates takes various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptions and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual articles that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Fevers, Weakness, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is equal to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, none of which exceed the best of Sarsaparilla in purifying power. By its judicious use you protect yourself from the suffering and danger of these disorders. Purge out the bad humors that rot and fester in the blood, purify the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on every part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from another which has been found to do the people, and far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., Sold by all druggists every where.
