

The peculiar taint or infection which we call **Scurvy** lurks in the constitution of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, when it that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scurvyous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, bilious and bilious habits, the depressing vices, and, above all, by the venereal infection. Whatever is its cause, it is hereditary in the constitution, descending from parents to children until the third and fourth generations; indeed, it seems to be the root of ill health. "I will visit the indignities of the fathers upon their children." The disease originates in the various organs, according to the organs it attacks. In the lungs, Scrophula produces tubercles, and finally Consumption; in the pleura, swellings which separate and become abscesses; in the stomach and bowels, disarrangements which produce indigestion, flatulency, and liver complaints; on the skin, eruptive and chancreous affections. Hence, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous disorders leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" quality, you cannot have scurvyous disease.

Ayer's Sarsaparilla
Is commended from the most effectual antidotes that medical science has discovered for its afflicting distemper, and for the cure of the disorders it causes. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does something truly extraordinary in its effect upon the system of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tubercular deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weakness, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Ayer's Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be found the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrophula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to the cure. This we now offer to the public under the name of Ayer's Sarsaparilla, although it is composed of ingredients, some of which exceed the best of Scrophula in alternative power. By its aid you may prevent a cure, from the subtle and dangerous effects of these diseases. Purge out the foul excretions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that resemble ours in name, but differ in substance. It neither has deceived nor disappointed. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the following diseases: It is intended to reach, although under the same name, it is a very different medicine from any other which has been before the people, and is far more effective than any other which has ever been available to them.

AYER'S CHERRY PECTORAL.
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
